

The background of the book cover is a dense, repeating pattern of small, stylized illustrations of enslaved people in chains, rendered in a reddish-brown color. The pattern is arranged in a way that creates a sense of movement and suffering. The title is written in a large, elegant, white script font, centered over the pattern.

The Notorious Triangle

Rhode Island and the African Slave Trade, 1700–1807

Jay Coughtry

The Notorious Triangle Rhode Island And The African Slave Trade 1700 1807

Sydney V. James

The Notorious Triangle Rhode Island And The African Slave Trade 1700 1807:

The Notorious Triangle Jay Alan Coughtry, 1978 *The Notorious Triangle* Jay Coughtry, 1981 **James DeWolf and the Rhode Island Slave Trade** Cynthia Mestad Johnson, 2014-04-01 An unsettling story of corruption and exploitation in the Ocean State from slave ships to politics Over thirty thousand slaves were brought to the shores of colonial America on ships owned and captained by James DeWolf When the United States took action to abolish slavery this Bristol native manipulated the legal system and became actively involved in Rhode Island politics in order to pursue his trading ventures He served as a member of the House of Representatives in the state of Rhode Island and as a United States senator all while continuing the slave trade years after passage of the Federal Slave Trade Act of 1808 DeWolf's political power and central role in sustaining the state's economy allowed him to evade prosecution from local and federal authorities even on counts of murder Through archival records author Cynthia Mestad Johnson uncovers the secrets of James DeWolf *Slavery and the British Empire* Kenneth Morgan, 2007-12-06 This is an introduction to the entire history of British involvement with slavery and the slave trade which especially focuses on the two centuries from 1650 and covers the Atlantic world especially North America and the West Indies as well as the Cape Colony Mauritius and India *A Short History of Transatlantic Slavery* Kenneth Morgan, 2016-04-25 From 1501 when the first slaves arrived in Hispaniola until the nineteenth century some twelve million people were abducted from west Africa and shipped across thousands of miles of ocean the infamous Middle Passage to work in the colonies of the New World Perhaps two million Africans died at sea Why was slavery so widely condoned during most of this period by leading lawyers religious leaders politicians and philosophers How was it that the educated classes of the western world were prepared for so long to accept and promote an institution that would later ages be condemned as barbaric Exploring these and other questions and the slave experience on the sugar rice coffee and cotton plantations Kenneth Morgan discusses the rise of a distinctively Creole culture slave revolts including the successful revolution in Haiti 1791 1804 and the rise of abolitionism when the ideas of Montesquieu Wilberforce Quakers and others led to the slave trade's systemic demise At a time when the menace of human trafficking is of increasing concern worldwide this timely book reflects on the deeper motivations of slavery as both ideology and merchant institution *Black Southerners, 1619-1869* John B. Boles, 2014-10-17 This revealing interpretation of the black experience in the South emphasizes the evolution of slavery over time and the emergence of a rich hybrid African American culture From the incisive discussion on the origins of slavery in the Chesapeake colonies John Boles embarks on an interpretation of a vast body of demographic anthropological and comparative scholarship to explore the character of black bondage in the American South On such diverse issues as black population growth the strength of the slave family the efficiency and profitability of slavery the diet and health care of bondsmen the maturation of slave culture the varieties of slave resistance and the participation of blacks in the Civil War *Black Southerners* provides a balanced and judicious treatment *Disease, Resistance, and Lies* Dale T. Graden, 2014-06-09

In the early nineteenth century the major economic players of the Atlantic trade lanes the United States Brazil and Cuba witnessed explosive commercial growth Commodities like cotton coffee and sugar contributed to the fantastic wealth of an elite few and the enslavement of many As a result of an increased population and concurrent economic expansion the United States widened its trade relationship with Cuba and Brazil importing half of Brazil's coffee exports and 82 percent of Cuba's total exports by 1877 Disease Resistance and Lies examines the impact of these burgeoning markets on the Atlantic slave trade between these countries from 1808 when the U S government outlawed American involvement in the slave trade to Cuba and Brazil to 1867 when slave traffic to Cuba ceased In his comparative study Dale Graden engages several important historiographic debates including the extent to which U S merchants and capital facilitated the slave trade to Brazil and Cuba the role of infectious disease in ending the trade to those countries and the effect of slave revolts in helping to bring the transatlantic slave trade to an end Graden situates the transatlantic slave trade within the expanding and rapidly changing international economy of the first half of the nineteenth century offering a fresh analysis of the Southern Triangle Trade that linked Cuba Brazil and Africa Disease Resistance and Lies challenges more conservative interpretations of the waning decades of the transatlantic slave trade by arguing that the threats of infectious disease and slave resistance both influenced policymakers to suppress slave traffic to Brazil and Cuba and also made American merchants increasingly unwilling to risk their capital in the transport of slaves

Encyclopedia of the Middle Passage Toyin Falola, Amanda B. Warnock, 2007-08-30

For the first time the Middle Passage the experience of slaves on the trans Atlantic ships receives a full reference treatment in an encyclopedia This A to Z reference consists of 226 signed entries arranged alphabetically exhaustively covering the Middle Passage from a variety of perspectives for student research and browsing Each essay entry concludes with suggestions for further reading The encyclopedia includes an introductory overview of the trans Atlantic slave trade as well as illustrations bibliography and chronology As a handy ready reference the Encyclopedia of the Middle Passage is the first of its kind As schools continue to incorporate slavery in their curriculums the volume will prove to be an essential reference for high school reports and research in History and Social Studies as well as for college students and general readers Its subject is of continuing interest as evidenced by the extraordinary popularity of the film Amistad and the recent HBO special The Middle Passage Sample entries Abolitionism Asante Barracoons Black Sailors Cargoes Christianity Credit and Finance Door of No Return Eric Williams Thesis Gold Coast Import Records Islam and Muslims Museums Oral History Rape and Sexual Abuse Seasoning Suicide Triangular Trade William Wilberforce Women

Encyclopedia of African

American Business History Juliet E. K. Walker, 1999-11-30 Black business activity has been sustained in America for almost four centuries From the marketing and trading activities of African slaves in Colonial America to the rise of 20th century black corporate America African American participation in self employed economic activities has been a persistent theme in the black experience Yet unlike other topics in African American history the study of black business has been limited General

reference sources on the black experience with their emphasis on social cultural and political life provide little information on topics related to the history of black business This invaluable encyclopedia is the only reference source providing information on the broad range of topics that illuminate black business history Providing readily accessible information on the black business experience the encyclopedia provides an overview of black business activities and underscores the existence of a historic tradition of black American business participation Entries range from biographies of black business people to overview surveys of business activities from the 1600s to the 1990s including slave and free black business activities and the Black Wallstreet to coverage of black women s business activities and discussions of such African American specific industries as catering funeral enterprises insurance and hair care and cosmetic products Also there are entries on blacks in the automotive parts industry black investment banks black companies listed on the stock market blacks and corporate America civil rights and black business and black athletes and business activities

The ^ASlaveholding Republic the late Don E. Fehrenbacher,2002-12-19 Many leading historians have argued that the Constitution of the United States was a proslavery document But in *The Slaveholding Republic* one of America s most eminent historians refutes this claim in a landmark history that stretches from the Continental Congress to the Presidency of Abraham Lincoln Fehrenbacher shows that the Constitution itself was more or less neutral on the issue of slavery and that in the antebellum period the idea that the Constitution protected slavery was hotly debated many Northerners would concede only that slavery was protected by state law not by federal law Nevertheless he also reveals that U S policy abroad and in the territories was consistently proslavery Fehrenbacher makes clear why Lincoln s election was such a shock to the South and shows how Lincoln s approach to emancipation which seems exceedingly cautious by modern standards quickly evolved into a Republican revolution that ended the anomaly of the United States as a slaveholding republic

Historical Dictionary of Colonial America William A. Pencak,2011-07-15 The years between 1450 and 1550 marked the end of one era in world history and the beginning of another Most importantly the focus of global commerce and power shifted from the Mediterranean Sea to the Atlantic Ocean largely because of the discovery of the New World The New World was more than a geographic novelty It opened the way for new human possibilities possibilities that were first fulfilled by the British colonies of North America nearly 100 years after Columbus landed in the Bahamas The *Historical Dictionary of Colonial America* covers America s history from the first settlements to the end and immediate aftermath of the French and Indian War This is done through a chronology an introductory essay appendixes an extensive bibliography and over 400 cross referenced dictionary entries on the various colonies which were founded and how they became those which declared independence Religious political economic and family life important people warfare and relations between British French Spanish and Dutch colonies are also among the topics covered This book is an excellent access point for students researchers and anyone wanting to know more about Colonial America

The Colonial Metamorphoses in Rhode Island Sydney V. James,2000

An expert's final word on institutional development and change in colonial Rhode Island Colonial America: An Encyclopedia of Social, Political, Cultural, and Economic History James Ciment, 2016-09-16 No era in American history has been more fascinating to Americans or more critical to the ultimate destiny of the United States than the colonial era. Between the time that the first European settlers established a colony at Jamestown in 1607 through the signing of the Declaration of Independence the outlines of America's distinctive political culture, economic system, social life, and cultural patterns had begun to emerge. Designed to complement the high school American history curriculum as well as undergraduate survey courses, *Colonial America: An Encyclopedia of Social, Political, Cultural, and Economic History* captures it all: the people, institutions, ideas, and events of the first three hundred years of American history. While it focuses on the thirteen British colonies stretching along the Atlantic, *Colonial America* sets this history in its larger contexts. Entries also cover Canada, the American Southwest, and Mexico, and the Caribbean and Atlantic world directly impacting the history of the thirteen colonies. This encyclopedia explores the complete early history of what would become the United States, including portraits of Native American life in the immediate pre-contact period, early Spanish exploration, and the first settlements by Spanish, French, Dutch, Swedish, and English colonists. This monumental five-volume set brings America's colonial heritage vibrantly to life for today's readers. It includes thematic essays on major issues and topics, detailed A-Z entries on hundreds of people, institutions, events, and ideas, thematic and regional chronologies, hundreds of illustrations, primary documents, and a glossary and multiple indexes.

The Logbooks Anne Farrow, 2014-10-07 In 1757 a sailing ship owned by an affluent Connecticut merchant sailed from New London to the tiny island of Bance in Sierra Leone, West Africa, to take on fresh water and slaves. On board was the owner's son on a training voyage to learn the trade. *The Logbooks* explores that voyage and two others documented by that young man to unearth new realities of Connecticut's slave trade and question how we could have forgotten this part of our past so completely. When writer Anne Farrow discovered the significance of the logbooks for the Africa and two other ships in 2004, her mother had been recently diagnosed with dementia. As Farrow bore witness to the impact of memory loss on her mother's sense of self, she also began a journey into the world of the logbooks and the Atlantic slave trade, eventually retracing part of the Africa's long-ago voyage to Sierra Leone. As the narrative unfolds in *The Logbooks*, Farrow explores the idea that if our history is incomplete, then collectively we have forgotten who we are, a loss that is in some ways similar to what her mother experienced. Her meditations are well rounded, with references to the work of writers, historians, and psychologists. Forthright, well researched, and warmly recounted, Farrow's writing is that of a novelist's with an eye for detail. Using a wealth of primary sources, she paints a vivid picture of the eighteenth-century Connecticut slavers. The multiple narratives combine in surprising and effective ways to make this an intimate confrontation with the past and a powerful meditation on how slavery still affects us.

A Driftless Connecticut Series Book funded by the Beatrice Fox Auerbach Foundation Fund at the Hartford Foundation for Public Giving **The Atlantic Frontier of the Thirteen American**

Colonies and States Jacob M. Price, 2024-10-28 The external economy of British North America has attracted considerable scholarly attention in the last two generations and the papers reprinted here in this second collection from Jacob Price make important contributions to quantification conceptualisation and debate Studies presenting and analysing new statistical material from the English and Scottish customs accounts are supplemented by a general survey of the transatlantic economy in the 18th century which is required reading for all students of the subject Price's treatment is diversified into financial arrangements and the role of credit in the slave trade and plantation economies In a provocative chapter Who cared about the colonies concern in Britain for the 13 colonies between 1714 and 1775 is explored in terms of the ability of the colonies to involve the interests and command the attention and concern of people in Britain from the politically eminent to those in trade and to the nation at large

The Cambridge History of America and the World: Volume 1, 1500-1820 Eliga Gould, Paul Mapp, Carla Gardina Pestana, 2022-03-03 The first volume of The Cambridge History of America and the World examines how the United States emerged out of a series of colonial interactions some involving indigenous empires and communities that were already present when the first Europeans reached the Americas others the adventurers and settlers dispatched by Europe's imperial powers to secure their American claims and still others men and women brought as slaves or indentured servants to the colonies that European settlers founded Collecting the thoughts of dynamic scholars working in the fields of early American Atlantic and global history the volume presents an unrivalled portrait of the human richness and global connectedness of early modern America Essay topics include exploration and environment conquest and commerce enslavement and emigration dispossession and endurance empire and independence new forms of law and new forms of worship and the creation and destruction when the peoples of four continents met in the Americas

Born Losers Scott A. Sandage, 2006-04-30 What makes somebody a Loser a person doomed to unfulfilled dreams and humiliation Nobody is born to lose and yet failure embodies our worst fears The Loser is our national bogeyman and his history over the past two hundred years reveals the dark side of success how economic striving reshaped the self and soul of America From colonial days to the Columbine tragedy Scott Sandage explores how failure evolved from a business loss into a personality deficit from a career setback to a gauge of our self worth From hundreds of private diaries family letters business records and even early credit reports Sandage reconstructs the dramas of real life Willy Lomans He unearths their confessions and denials foolish hopes and lost faith sticking places and changing times Dreamers suckers and nobodies come to life in the major scenes of American history like the Civil War and the approach of big business showing how the national quest for success remade the individual ordeal of failure Born Losers is a pioneering work of American cultural history which connects everyday attitudes and anxieties about failure to lofty ideals of individualism and salesmanship of self Sandage's storytelling will resonate with all of us as it brings to life forgotten men and women who wrestled with The Loser the label and the experience in the days when American capitalism was building a nation of winners

Black Jacks W. Jeffrey.

Bolster,2009-06-30 Few Americans black or white recognize the degree to which early African American history is a maritime history W Jeffrey Bolster shatters the myth that black seafaring in the age of sail was limited to the Middle Passage Seafaring was one of the most significant occupations among both enslaved and free black men between 1740 and 1865 Tens of thousands of black seamen sailed on lofty clippers and modest coasters They sailed in whalers warships and privateers Some were slaves forced to work at sea but by 1800 most were free men seeking liberty and economic opportunity aboard ship Bolster brings an intimate understanding of the sea to this extraordinary chapter in the formation of black America Because of their unusual mobility sailors were the eyes and ears to worlds beyond the limited horizon of black communities ashore Sometimes helping to smuggle slaves to freedom they were more often a unique conduit for news and information of concern to blacks But for all its opportunities life at sea was difficult Blacks actively contributed to the Atlantic maritime culture shared by all seamen but were often outsiders within it Capturing that tension Black Jacks examines not only how common experiences drew black and white sailors together even as deeply internalized prejudices drove them apart but also how the meaning of race aboard ship changed with time Bolster traces the story to the end of the Civil War when emancipated blacks began to be systematically excluded from maritime work Rescuing African American seamen from obscurity this stirring account reveals the critical role sailors played in helping forge new identities for black people in America An epic tale of the rise and fall of black seafaring Black Jacks is African Americans freedom story presented from a fresh perspective **A**

History of the Providence River: With the Moshassuck, Woonasquatucket & Seekonk Tributaries Robert A. Geake,2013-02-19 The Providence River begins its journey from the confluence of the Moshassuck and Woonasquatucket Rivers in the capital city from which the river takes its name A short distance downstream the Seekonk River joins with the Providence as they flow on toward the mouth of Narragansett Bay The history of the Ocean State was made on the banks of this historic river It was here that Roger Williams established the first settlement dedicated to religious liberty Rochambeau s army made its first encampment on the road to Yorktown and the Walsh Kaiser Shipyard built World War II vessels for the Allied maritime effort Along its waters glided boats and ships engaged in the slave trade the raid on the Gaspee and all manner of coastal commerce Historian Robert A Geake has paddled the river s length to uncover the mysteries coursing within

Westminster Arcade, The Janet Mansfield Soares,2020 The stately Westminster Arcade was built in 1828 and this landmark building has been a part of Providence ever since Now known as the Arcade Providence it is the oldest surviving shopping mall in the United States and it was recognized from the beginning as an innovative and beautiful structure It has survived near demolition fires hurricanes consumer trends city planners and commercial developers Within its walls are fascinating stories of the people who made their livelihood between its double fa ades Through archival records interviews and personal accounts author Janet Mansfield Soares reveals the challenges faced by its tenants from its beginnings as a competitor to Cheapside to its many transformations that mirror Providence s own volatile history
