writer's mature style analyzes two early works *La Tentation de saint Antoine* and *The Judgment* and examines two late masterpieces *Bouvard et Pécuchet* and *The Castle* applying to the latter Walter Benjamin's description of the allegorical mode. The Colonial Comedy: Imperialism in the French Realist Novel Jennifer Yee, 2016-08-12 Nineteenth century French Realism focuses on metropolitan France with Paris as its undisputed heart. Through Jennifer Yee's close reading of the great novelists of the French realist and naturalist canon Balzac Flaubert Zola Maupassant *The Colonial Comedy* reveals that the colonies play a role at a distance even in the most apparently metropolitan texts. In what Edward Said called geographical notations of race and imperialism the presence of the colonies off stage is apparent as imported objects colonial merchandise and individuals whose colonial experience is transformative. Indeed the realist novel registers the presence of the emerging global world system through networks of importation financial speculation and immigration as well as direct colonial violence and power structures. The literature of the century responds to the last decades of French slavery and direct colonialism notably in Algeria but also economic imperialism and the extension of French influence elsewhere. Far from imperialist triumphalism in the realist novel exotic objects are portrayed as fake or mass produced for the growing bourgeois market while economic imperialism is associated with fraud and manipulation. The deliberate contrast of colonialism and exoticism within the metropolitan novel and ironic distancing of colonial narratives reveal the realist mode to be capable of questioning its own epistemological basis. *The Colonial Comedy* argues for the existence in the nineteenth century of a Critical Orientalism characterized by critique of its own discursive foundations. Using the tools of literary analysis within a materialist approach *The Colonial Comedy* opens up the domestic Paris-Provinces axis to signifying chains pointing towards the colonial space.

Correspondances. Keith Busby, 1992

The Mystery Play in Madame Bovary *Moeurs de Province* Peter Séraphin Rogers, 2009 Drawing upon Flaubert's fictional works travel writings correspondence and notes on his reading of the Bible and interest in iconography Rogers traces the presence of a liturgical drama a mystery play in a text known as iconic of the realist novel. Showing how Flaubert's use of religious tales topoi and imagery extends beyond his retelling of saints' lives in *La Tentation de Saint Antoine* and the *Trois contes* this study elucidates the biblical and devotional

subcurrent in the story of Emma Bovary Biblical episodes religious emblems and discussions of Catholic dogma link the adulterous heroine to the Virgin Mary who emerges in the course of this subtle reading as the other heroine of the scandalous story The 19th century impulse to censor is embodied within the novel by two characters representing the secular and religious poles The free thinking pharmacist Homais and the parish priest concur only on the dangers of reading the Bible When the novel itself was brought to trial for attacking religion Flaubert's prosecutor and defense lawyer overlooked this condemnation of scripture This study invites readers to pay close attention to the religious texts and traditions discussed and restaged in Madame Bovary to gain a new awareness of the narrow bond between theatre and religion in Flaubert's provinces

Realism, Naturalism & Symbolism: Modes of Thought & Expression in Europe, 1848-1914 NA
NA,2016-01-09 **1848 — A European Revolution?** A. Körner,2000-02-17 This book is among the rare contributions to the 150th anniversary of 1848 which takes a completely new theoretically informed approach Instead of a traditional social or political history the authors analyse the dichotomy between the international dimension in the ideas of the revolution and the nationalisation of memories in its commemorations over the past 150 years The book offers original research on the history of European ideas and takes part in the current debate about the relationship between history and memory

Storey,2014-07-14 This book a companion to the author's *Pierrot A Critical History of a Mask* Princeton 1978 provides a detailed history of nineteenth century French pantomime from the feeries of Jean Gaspard Debureau at the Theatre des Funambules to the cabaret entertainments of Georges Wague at the height of la Belle Epoque Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Narrative Exchanges (Routledge Revivals) Ian Reid,2014-08-13 First published in 1992 *Narrative Exchanges* shows how a general model of communicative exchanges can be refined to deal with the complexities of narrative fiction Going beyond the two way structure of reciprocity it gives particular attention to the processes of framing substitution and dispossession by which written texts generate meaning The title provides an innovative way of combining narrative and exchange theory bringing the two areas of thought into a mutually critical relationship Using a wide variety of narrative texts literary and non literary canonical and non canonical authors discussed include Flaubert Achebe Mansfield Boccaccio Duras Daudet Moorhouse DeLillo and Wordsworth Drawing on perspectives from anthropology linguistics and education and combining accessible readings with theoretical debate Ian Reid makes a significant contribution to the debate about narrative theory

Eros and Thanatos. Love across Civilizations Alberto Castelli,2024-02-06 *Eros and Thanatos* is about the deadly nature of love It is remarkable that literary critics have

paid so little attention to the combination between love and death in literature This book seeks to address this significant scholarly lacuna by exploring key literary texts of the last two hundred years as exemplary of a consistent tendency toward love and death Its emphasis on singular characters and close readings suggests the spectrum of an arbitrary dichotomy never fully resolved The existential discussion triggered by each plot is so intense that the erotic and the merely sexual seem inappropriate Indeed each writer chose to reduce it to the setting and background of a story that takes place elsewhere With this in mind the author intends to reflect love's paradoxical nature If love is triggered by beauty beauty can be immoral and love must die to preserve the illusion of beauty

Delicate Pursuit Jessica Levine, 2013-01-11 Delicate Pursuit explores the way in which Henry James and Edith Wharton treated subject matter that was considered controversial by American publishers at the turn of the century In their treatment of risqué topics James and Wharton pursued discretion the key concept of this study in order to avoid censorship Discretion marks not only the author's relationship to their subject matter but also the behavior of the characters in the fiction This study takes into particular account the influence of the French literary tradition on these two authors At the crossroads of the new freedom of expression opened up by French realism and the persisting puritanical standards of their American audiences James and Wharton sought safe ways to address adult sexuality and the French theme of adulterous love in particular

Alterity and Criticism William D. Melaney, 2017-11-08 How does the theme of the other as person experience or alternative conceptual scheme allow us to reassess the role of the self in literary texts This book employs phenomenology and semiotics to argue that modern literature is strongly concerned with the role of time in the construction of the self Alterity and Criticism Retracing Time in Modern Literature argues that the role of time in canonical literature underlies the experience of alterity and requires a new hermeneutic to clarify how the self emerges in literary texts Romantic poetry from Goethe to Shelley and the modern prose tradition from Flaubert to Butor constitute different traditions but also indicate on a textual basis how alterity performs a crucial role in reading thus encouraging us to interpret literary texts in terms of the related concerns of self other and time The author examines the phenomenology of Emmanuel Levinas and Wolfgang Iser as well as the cultural semiotics of Julia Kristeva to argue that modern literature provides the occasion for a new understanding of the self in time and in this way addresses some of the pressing literary problems of our own period
