The Nurses Story:

The Nurse's Story Carol Gino, 2010-10-12 With uncompromising honesty Carol Gino strips the TV image to reveal the gritty truths of a nurse's life **The Language of Kindness** Christie Watson, 2018-05-08 1 INTERNATIONAL BESTSELLER A moving lyrical beautifully written portrait of a nurse and the lives she has touched Christie Watson spent twenty years as a nurse and in this intimate poignant and remarkably powerful book she opens the doors of the hospital and shares its secrets She takes us by her side down hospital corridors to visit the wards and meet her unforgettable patients In the neonatal unit premature babies fight for their lives hovering at the very edge of survival like tiny Emmanuel wrapped up in a sandwich bag On the cancer wards the nurses administer chemotherapy and long after the medicine stops working something more important which Watson learns to recognize when her own father is dying of cancer In the pediatric intensive care unit the nurses wash the hair of a little girl to remove the smell of smoke from the house fire The emergency room is overcrowded as ever with waves of alcohol and drug addicted patients as well as patients like Betty a widow suffering chest pain frail and alone And the stories of the geriatric ward Gladys and older patients like her show the plight of the most vulnerable members of our society Through the smallest of actions nurses provide vital care and kindness All of us will experience illness in our lifetime and we will all depend on the support and dignity that nurses offer us yet the women and men who form the vanguard of our health care remain unsung In this age of fear hate and division Christie Watson has written a book that reminds us of all that we share and of the urgency of compassion **The Nurse's Story** Mary Bell Heyer, *A Nurse's Story* Alexandra (Princess of Connaught.), 1955 **The Nurse's Story** Adele Bleneau, 1915 *A Nurse's Story* Tilda Shalof, 2010-02-05 The team of nurses that Tilda Shalof found herself working with in the intensive care unit ICU of a big city hospital was known as Laura's Line They were a bit wild smart funny disrespectful of authority but also caring and incredibly committed to their jobs Laura set the tone with her quick remarks Frances from Newfoundland was famous for her improvised recipes Justine the union rep wore t-shirts emblazoned with defiant slogans like Nurses Care But It's Not in the Budget Shalof was the one who had been to university The others accused her of being sooo sensitive They depended upon one another Working in the ICU was both emotionally grueling and physically exhausting Many patients quite simply were dying and the staff strove mightily to prolong their lives With their skill dedication and the resources of modern science they sometimes were almost too successful Doctors and nurses alike wondered if what they did for terminally ill patients was not in some cases too extreme A number of patients were admitted when it was too late even for heroic measures A boy struck down by a cerebral aneurysm in the middle of a little league hockey game A woman rescued too late from a burning house It all took its toll on the staff And yet on good days they thrived on what they did Shalof describes a colleague who is managing a crashing patient I looked at her Nicky was flushed with excitement She was doing five different things at the same time planning ahead for another five She was totally focused in her element in control completely at home with the chaos There

was a huge smile on her face Nurses like to fix things If they can Shalof a veteran ICU nurse reveals what it is really like to work behind the closed hospital curtains The drama the sardonic humour the grinding workload the cheerful camaraderie the big issues and the small all are brought vividly to life in this remarkable book The Nurse's Story Adele

wish to transform their healthcare systems based on caring values and the promotion of intra and inter professional dialogue among stakeholders. It describes a theoretically grounded model created by nurses for transforming the culture of healthcare systems at all levels and features tested strategies that facilitate accessibility, efficiency, effectiveness, and enhanced outcomes. At its most basic level, this model, the Dance of Caring Persons, expresses the fundamental beliefs and attitudes that each person in the healthcare system lives caring meaningfully in unique and valuable ways and the contributions of each person to the whole of the enterprise have a significant place within it. The book features successful examples of how various units of the healthcare system can apply specific strategies to their inter and intra professional work and how to engage and sustain authentic dialogue among and between stakeholders. Chapters feature information from a great variety of health professionals that represent a broad range of participants in healthcare. Detailed information is presented in a variety of formats ranging from formal written responses to chapter contents to transcriptions of small group conversations relating to the topic at hand. The book reflects the interests of such major stakeholders as patients and families, nurses, physicians, and other primary and adjunctive care providers, ancillary service providers, administrators, and managers, and all other individuals involved in the many aspects of organizational models and delivery of health care and human resource functions and outcomes. Each chapter includes questions to consider and suggested resources to help with implementation of strategies. The text incorporates professional standards and essentials from the Joint Commission, ANCC, and AACN DNP Key Features. Presents a theoretically grounded, proven caring-based model for healthcare system change for all stakeholders across the continuum of care. Provides practical strategies for transformation in all aspects of a healthcare system applicable across the range of health services. Describes how healthcare system change happens, who initiates it, and how to sustain it through caring science. Includes success stories from patients and their families, nurses, physicians, ancillary service providers, healthcare administrators, and others. Promotes inter and intra professional dialogue and collaboration.

Nursing as Caring
Anne Boykin, 2001. Describes a new theory of nursing as caring and caring as a way of nurses living in the world. This theory provides a view that can be lived in all nursing situations and can be practiced alone or in combination with other theories. Illustrates the practical meaning of the theory in a range of nursing situations, discusses nursing service administration from the perspective of the theory, and offers strategies for transforming nursing education based on nursing as caring. Boykin is dean and professor at the Christine E. Lynn Center for Caring, College of Nursing, Florida Atlantic University. Schoenhofer teaches graduate nursing at Alcorn State University. c Book News Inc.
