The Obligation Of Empire United States Grand Strategy For A New Century

James J. Hentz

The Obligation Of Empire United States Grand Strategy For A New Century:

The Obligation of Empire James J. Hentz, 2021-12-14 Some of the nation's most respected scholars of international affairs examine the debates over U.S. grand strategy in light of U.S. security policies and interests in tactical regions around the world. The contributors begin by describing the four grand strategies currently competing for dominance of U.S. foreign policy: neo-isolationism argues that the United States should not become involved in conflicts outside specifically defined national interests; selective engagement proposes that the United States, despite its position as the world's only remaining superpower, should limit its involvement in foreign affairs; cooperative security advocates that the United States is not and should not act as an imperial country; primacy asserts that the United States is an empire and therefore it should conduct an expansive foreign policy. Focusing on regions that present new challenges to U.S. grand strategy such as Sub-Saharan Africa, the Middle East, and Latin America, the contributors offer the most current examinations of U.S. policies and assess the effectiveness of competing strategies in each region. *The Obligation of Empire* offers an innovative set of foreign policy initiatives that explore the tensions between global agendas and regionalist approaches. Contributors: Andrew J. Bacevich, Doug Bandow, Dale Davis, Thomas Donnelly, James J. Hentz, Clifford Kiracofe, Charles Kupchan, Jeffrey Stark, S. Frederick Starr, and Brantley Womack. James J. Hentz, associate professor of international studies at the Virginia Military Institute, is the coeditor of *New and Critical Security and Regionalism Beyond the Nation State*.

The Obligation of Empire James J. Hentz, associate professor of international studies at the Virginia Military Institute, is the coeditor of *New and Critical Security and Regionalism Beyond the Nation State*. *The United States in the Indo-Pacific* Oliver Turner, Inderjeet Parmar, 2020-02-28 This electronic version has been made available under a Creative Commons BY-NC-ND open access license. This edited collection examines the political

economic and security legacies of former US President Barack Obama in Asia and the Pacific following two terms in office between 2009 and 2017 In a region that has only become more vivid in the American political imagination since Obama left office this volume interrogates the endurance of Obama's legacies in what is increasingly reimagined in Washington as the Indo Pacific Advancing our understanding of Obama's style influence and impact throughout the region this volume explores dimensions of US relations and interactions with key Indo Pacific states including China India Japan North Korea and Australia multilateral institutions and organisations such the East Asia Summit and ASEAN and salient issue areas such as regional security politics and diplomacy and the economy How far has the Trump administration progressed in challenging or disrupting Obama's Pivot to Asia What differences can we discern in the declared or effective US strategy towards Asia and to what extent has it radically shifted or displaced Obama era legacies Including contributions from high profile scholars and policy practitioners such as Michael Mastanduno Bruce Cumings Maryanne Kelton Robert Sutter and Sumit Ganguly contributors examine these questions at the halfway point of the 2017-21 Presidency of Donald Trump as his administration opens a new and potentially divergent chapter of American internationalism

Key Debates in New Political Economy Anthony Payne, 2006-09-27 This textbook provides a short challenging and informative overview of the major intellectual debates within the field of political economy over the last decade

Exodus From Empire Terrence E. Paupp, 2006-11-20 This book lays out a comprehensive vision for a new world order based on cooperation between the developing world and leading Left countries in Latin America Arguing that the ravages of corporate capitalism are unsustainable Terrence E Paupp presents an energetic critique of the problems of empire and looks ahead to a global countermovement against the IMF and US hegemony

European Union and New Regionalism Mario Telò, 2016-04-22 Stemming from an international and multidisciplinary network of leading specialists this best selling text is fully updated with new chapter additions With the first edition prepared at the end of the last century and the second edition adding inter regional relations this new edition focuses on competing models of regional cooperation within a multipolar world and the role of European Union This new edition offers A comparative analysis of regional cooperation and of both US centred and EU centred interregionalism A fresh exploration of key issues of regionalism versus globalization and the potential for world economic and political governance through regional cooperation notably in hard times A vigorous response to conventional wisdom on the controversial EU international identity An appendix on regional and interregional organizations A key resource for postgraduate or undergraduate study and research of international relations European integration studies comparative politics and international political economy Taking into account both the expanded European Union and regional cooperation in every continent this multidisciplinary volume comprises contributions from established scholars in the field A Gamble P Padoan G Joff G Therborn Th Meyer R Higgott B Hettne F Ponjaert F Soederbaum Ch Deblock K Eliassen A Arnottir S Keukeleire I Petrova S Santander and M Tel editor

America's Role in the World Phillip Margulies, 2009 Examines the detailed history

of American foreign policy and America's debate over the direction its foreign policy should take in the future

Globalization W. Nester, 2010-11-14 How did globalization come to dominate our lives What have been are and most likely will be globalization's potential benefits and costs This book explores the world's most powerful force for good and evil from the Renaissance through today and beyond

International Security and the United States Paul Bellamy, Karl DeRouen Jr., 2007-12-30 Shaped by often very dramatic events international security and the international system have changed significantly in recent years The conclusion of the Cold War the emergence of new political systems the growth of significant threats such as terrorism and the development of new security doctrines have driven global transformation These volumes provide detailed information on countries from every geographic region and continent on the globe evaluating their relationship with the United States and measuring the potential security threats posed by each The contributors consider factors such as geography and history the political systems of each state their human rights records the ability to maintain law and order and provide security within their own borders the impact of current administrations rulers or regimes on a nation's foreign policy and the regional factors that often dictate local politics in order to make their assessments All of the entries in this set follow a standardized outline and present a concise but detailed assessment of each country Each entry begins with a discussion of geography through which the contributors identify the state's natural resources environmental issues and the extent of its territorial jurisdiction The focus then shifts to social and political organizations Populations are broken down by not only numbers but by ethnic and religious affiliations access to health care education housing and income All of those aspects are often a reflection of the system of government in place Like the United States those governments are comprised of different parties or leaders with various interests The contributors assess those entities and interests within each country They measure the ways in which factors of religion nationalism and globalism impact and shape not only domestic policies but also foreign policy and ultimately the country's relationship to the United States Other areas such as military organizations and activities records on human rights and justice recognition of and adherence to international conventions and national attitudes towards security are also considered Every entry also includes an assessment of current and potential security issues and an analysis of current terrorist threats that may already be in place or that are beginning to develop in various nations Each entry concludes with a summary of current relationships with the United States Those relationships are defined by the identification and brief analysis of formal trade aid or military treaties in place between the United States and other nations the general attitude of a nation's citizenry and its government towards the U S and finally identifying any social and cultural links between nations and the U S migration patterns language economies Finally possible changes and trends that will impact security issues are identified by the contributors Taken in their entirety these encyclopedias contain a wealth of information in a concise format that will serve as a valuable reference guide not only for specialists but general readers as well

Special Bibliography Series ,1957 Cases in U.S. National Security Donald M. Snow,2019-01-29 Modeled after his successful *Cases in International Relations* now in its seventh edition revered author and scholar Don Snow presents an engaging and novel approach to national security A series of brief case studies representing current and controversial policy problems facilitates deliberation and debate about competing policy ideas and encourages undergraduate students to think critically about issues of national security Cases include new strategies for containing the terrorist threat implications of President Trump's withdrawal from the Iran Nuclear Agreement and the increasingly adversarial relations with Russia focusing on Russian expansionism in its geographical domain and interference in the 2016 American presidential election as national security problems for America **Failed and Failing States** Raj Bardouille,Margaret Grieco,2010-01-08 State collapse is one of the major threats to peace stability and economic development in sub Saharan Africa today In a collapsed state the regime finally wears out its ability to satisfy the demands of the various groups in society it fails to govern or to keep the state together The collapse is marked by the loss of control over political and economic space A collapsed state can no longer perform its basic security and development functions and has no effective control over its territory and borders Efforts to avoid drawing other nations into a wider conflict created by the collapse of a state and creating favorable conditions for reconciliation and reconstruction of a failed state after it has collapsed present major challenges In April 2008 the Cornell Institute for African Development called a symposium on Failed and Failing States in Africa Lessons from Darfur and Beyond to address these critical issues Key contributions to the symposium are brought together in this volume Taken together these essays represent a significant discussion on the challenges presented by the presence of failing states within Africa *US Grand Strategy in the 21st Century* A. Trevor Thrall,Benjamin H. Friedman,2018-01-29 This book challenges the dominant strategic culture and makes the case for restraint in US grand strategy in the 21st century Grand strategy meaning a state's theory about how it can achieve national security for itself is elusive That is particularly true in the United States where the division of federal power and the lack of direct security threats limit consensus about how to manage danger This book seeks to spur more vigorous debate on US grand strategy To do so the first half of the volume assembles the most recent academic critiques of primacy the dominant strategic perspective in the United States today The contributors challenge the notion that US national security requires a massive military huge defense spending and frequent military intervention around the world The second half of the volume makes the positive case for a more restrained foreign policy by excavating the historical roots of restraint in the United States and illustrating how restraint might work in practice in the Middle East and elsewhere The volume concludes with assessments of the political viability of foreign policy restraint in the United States today This book will be of much interest to students of US foreign policy grand strategy national security

and International Relations in general

Chinese Grand Strategy in the 21st Century Thomas M. Kane, Noah

Falkovich, 2023-10-20 This book examines the state of China's grand strategy in the 21st century including political, military and economic factors. Over the past two decades, the People's Republic of China (PRC) has attained the second highest gross domestic product in the world, taken a leadership role in East Asian regional organisations and substantially improved its military capabilities. Each of these developments and many others like them have attracted attention from scholars, journalists and policymakers. Less frequently acknowledged but perhaps of greater significance is the impressive congruence of Beijing's accomplishments. This book highlights how the PRC's successes support one another and pave the way for future accomplishments and how these successes seem to be achieved in an unusually coherent and purposeful way. As Beijing's relations with the rest of the world continue to evolve with events ranging from the ongoing global economic crisis to the turbulence in China's own stock market which may bring the PRC's government under pressure to re-order its priorities, this book assesses China's grand strategy and long-term approach to national policy. It identifies the political, military and economic instruments it is likely to use, the key challenges which it will face and explores the implications for the global community. This book will be of great interest to students of Chinese politics, foreign policy, strategic studies, international security and IR in general. The views expressed are those of the authors and do not reflect the official guidance or position of the U.S. Government, the Department of Defense (DoD), the U.S. Air Force or the U.S. Space Force. Fawn, 2009-04-30 A collection of leading international scholars examine the concept of regions from a range of perspectives and assess leading contemporary examples. **Understanding Boko Haram** James J. Hentz, Hussein Solomon, 2017-05-08 The primary objective of this book is to understand the nature of the Boko Haram insurgency in northeast Nigeria. Boko Haram's goal of an Islamic Caliphate starting in the Borno State in the North East that will eventually cover the areas of the former Kanem-Borno Empire is a rejection of the modern state system forced on it by the West. The central theme of this volume examines the relationship between the failure of the state-building project in Nigeria and the outbreak and nature of insurgency. At the heart of the Boko Haram phenomenon is a country racked with cleavages making it hard for Nigeria to cohere as a modern state. Part I introduces this theme and places the Boko Haram insurgency in a historical context. There are, however, multiple cleavages in Nigeria: ethnic, regional, cultural and religious. Part II examines the different state-society dynamics fuelling the conflict. Political grievances are common to every society; however, what gives Boko Haram the space to express such grievances through violence? Importantly, this volume demonstrates that the insurgency is in fact a reflection of the hollowness within Nigeria's overall security. Part III looks at the responses to Boko Haram by Nigeria.

neighbouring states and external actors For Western actors Boko Haram is seen as part of the global war on terror and the fact that it has pledged allegiance to ISIS encourages this framing However as the chapters here discuss this is an oversimplification of Boko Haram and the West needs to address the multiple dimension of Boko Haram This book will be of much interest to students of terrorism and political violence insurgencies African politics war and conflict studies and IR in general

Routledge Handbook of African Security James Hentz, 2013-08-22 This new Handbook examines the issues challenges and debates surrounding the problem of security in Africa Africa is home to most of the world's current conflicts and security is a key issue However African security can only be understood by employing different levels of analysis the individual human security the state national state security and the region regional international security Each of these levels provides analytical tools for understanding what could be called the African security predicament and these debates are animated by the new security issues immigration small arms transfers gangs and domestic crime HIV AIDS transnational crime poverty and environmental degradation African security therefore not only presents concrete challenges for international security but provides a real world context for challenging conventional conceptions of security Drawing together contributions from a wide range of key thinkers in the field the Routledge Handbook of African Security engages with these debates and is organized into four parts Part I The African security predicament in the twenty first century Part II Understanding conflict in Africa Part III Regionalism and Africa Part IV External influences This Handbook will be of great interest to students of African politics human security global security war and conflict studies peacebuilding and IR in general

American Empire Christopher Layne, Bradley A. Thayer, 2006-11-06 In this short accessible book Layne and Thayer argue the merits and demerits of an American empire With few if any rivals to its supremacy the United States has made an explicit commitment to maintaining and advancing its primacy in the world But what exactly are the benefits of American hegemony and what are the costs and drawbacks for this fledgling empire After making their best cases for and against an American empire subsequent chapters allow both authors to respond to the major arguments presented by their opponents and present their own counter arguments

The Obligation Of Empire United States Grand Strategy For A New Century Introduction

The Obligation Of Empire United States Grand Strategy For A New Century Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. The Obligation Of Empire United States Grand Strategy For A New Century Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. The Obligation Of Empire United States Grand Strategy For A New Century : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for The Obligation Of Empire United States Grand Strategy For A New Century : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks The Obligation Of Empire United States Grand Strategy For A New Century Offers a diverse range of free eBooks across various genres. The Obligation Of Empire United States Grand Strategy For A New Century Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. The Obligation Of Empire United States Grand Strategy For A New Century Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific The Obligation Of Empire United States Grand Strategy For A New Century, especially related to The Obligation Of Empire United States Grand Strategy For A New Century, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to The Obligation Of Empire United States Grand Strategy For A New Century, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some The Obligation Of Empire United States Grand Strategy For A New Century books or magazines might include. Look for these in online stores or libraries. Remember that while The Obligation Of Empire United States Grand Strategy For A New Century, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow The Obligation Of Empire United States Grand Strategy For A New Century eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the The Obligation

Of Empire United States Grand Strategy For A New Century full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Obligation Of Empire United States Grand Strategy For A New Century eBooks, including some popular titles.

FAQs About The Obligation Of Empire United States Grand Strategy For A New Century Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Obligation Of Empire United States Grand Strategy For A New Century is one of the best book in our library for free trial. We provide copy of The Obligation Of Empire United States Grand Strategy For A New Century in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Obligation Of Empire United States Grand Strategy For A New Century. Where to download The Obligation Of Empire United States Grand Strategy For A New Century online for free? Are you looking for The Obligation Of Empire United States Grand Strategy For A New Century PDF? This is definitely going to save you time and cash in something you should think about.
