

# OCTOBERISTS

- Represented in the Duma from 1906
- More conservative than the Kadets and generally loyal to tsarism
- Octobrists derived their name from the October Manifesto, a document they enthusiastically endorsed as the solution to Russia's problems.
- The Octobrists supported a limited constitutional monarchy, private farming, the reactionary policies of chief minister Peter Stolypin and the continuation of the Russian Empire.
- After Stolypin rigged voting for the 1907 Duma elections, the Octobrists became the largest faction in the Third Duma (1907-1912).
- Like the Kadets, the Octobrists supported Russia's war effort during World War I, a policy that cost them some support. Several Octobrists occupied some key government positions during the war and the Dual Power of 1917. Probably the most notable was Mikhail Rodzianko, who served as chairman of the Duma and was instrumental in convincing Nicholas II to abdicate in March 1917.

Jews and Muslims in the Russian Empire and the Soviet Union Franziska Davies, Martin Schulze Wessel, Michael Brenner, 2015-11-18 The Russian Empire and the Soviet Union were multiethnic and multireligious empires which ruled over a large number of Jews and Muslims In many ways these two non Christian minorities presented similar challenges to the imperial order Which policies did the state pursue toward Jews and Muslims How did Jews and Muslims attempt to advance their interests in the political sphere Which role did they play in the imperial army What did the Jewish and Muslim Enlightenment movements have in common In which respects were the experiences of Jews and Muslims fundamentally different This book brings together specialists in Russian Jewish and Russian Muslim history and offers perspectives for a comparative approach to the history of Jews and Muslims in Russia **Europe in the Nineteenth Century** Ephraim Lipson, 1928 Prince George E. Lvov Thomas Earl Porter, 2017-10-04 Prince George E Lvov was born in Dresden in 1861 the same year Tsar Alexander II emancipated the serfs and Russia began to move away from its static society of orders toward a more modern polity He died in exile in Paris in 1925 with Russia once again in thrall Prince Lvov dedicated his life to the improvement of the peasantry's condition and like many other liberals hoped to acculturate them to the norms and values of a civil society to attempt to overcome the backwardness of provincial life and ultimately to integrate them as citizens into a modern vibrant nation Lvov played an important role in Russia's first experiment with local self government oversaw the Great Migration of thousands of peasants to settle the wilderness of Siberia free from anyone's tutelage organized aid to the tsar's peasant soldiers in the Russo Japanese and First World Wars and helped to marshal the resources of the nation and coordinate industrial production during the latter conflict It was precisely because of this lifetime of dedicated public service that he was chosen as liberal Russia's standard bearer upon the collapse of the Romanov dynasty But the few references in the scholarly literature concerning Prince George Lvov are invariably negative ones which fault him for his weak and ineffectual performance as the first head of the Russia Provisional Government in 1917 That the Provisional Government failed is of course incontrovertible though much of the blame rightly should be and generally is laid at the feet of his successor Of course it must also be allowed that the social revolution developed and then deepened during Lvov's stewardship of Russia Equally unassailable is the conclusion that it was largely that government's temporizing whether deliberate or not which led to its demise What then accounted for this paralysis and complete failure of Russia's liberal movement This book attempts to answer that question by presenting a more balanced appraisal of Lvov's place in Russian history through an examination of his career as a dedicated public servant *The Revolution of 1905* Abraham Ascher, 1988 The second of two volumes this is a comprehensive account of the Revolution of 1905 a decisive turning point in modern Russian history and its aftermath The book focuses on the years 1906 and 1907 and in particular on the struggle over the Duma the elected legislature that was the principal fruit of the events of 1905 Sociolinguistic Perspectives on Soviet
