The New Paradigm:

The New Paradigm John O'M. Bockris, 2004 The New Paradigm begins by extolling Science and what it has done for us Then in Chapter 2 the consequences of our short sighted acceptance of the comforts of the present are shown to make it unlikely that the West can survive this century Exhaustion of resources and overpopulation are the principal reasons In Chapters 4 and 5 it is shown that our present beliefs in the foundations of science are ill based most of those secure foundations are by now shaking with doubt Then follows the essence of the book In Chapters 5 6 7 and 8 there is presented evidence for the acceptance of the reality of Telepathy and Precognition of ghosts of people of the ability of some to leave the body whilst still alive of experiences when very near to death which seem to be independent of the experiencer's religion These involve the experience of an intense feeling of love of the evaluation of your life etc The most frequent beginning to such experiences involves the observation of the patient on the death bed usually in a hospital operating room of one's own body from high up near the ceiling After that the evidence for Reincarnation in new bodies is given In Chapter 9 is a detailed discussion of what CONSCIOUSNESS means In this chapter comes a statement of the evidence for a Biofield to explain the ability of some to show that they can change their surroundings by the power of their mind In the last chapter some conclusions are given and an approach to a New Paradigm outlined Humans exist dualistically the essence of a human is inside his mortal body This essence is called Consciousness or the Soul and it lives on although we do not yet know for how many generations nor whether this reincarnation applies to all of us Acceptance of this vital change of outlook when it spreads to the general population will cause many changes including the diminishing of Hate and War and an increase in Peace and Love

Anglican Re-Formation Jack A. Estes, 2017-05-17 The Anglican Communion is at a crossroads A tipping point has been reached on the fulcrum where things can no longer be kept in balance A choice must be made between two competing worldviews which are at heart radically different The time has come to decide which set of beliefs and practices will be adhered to and taught in the church and which vision will be offered to the world as the Christian faith Are we sinners brought back into relationship with God through the atoning sacrifice of Jesus Christ or are all made in the image of God and therefore inherently good Is Jesus Christ the only means of salvation or is salvation available through a plurality of religions that lead us to the knowledge of the divine presence within each person The time for re formation is at hand The calling of the Anglican reformers of the twenty first century goes beyond setting their own house in order The famous Via Media of Anglicanism brings it close to every other expression of the church A revived and restructured fellowship of Anglican Churches could readily become a model and a catalyst for the re formation of the various Christian fellowships worldwide
