The New Trojan Horse Irvin H. Jacob, 1989      **Refugees, Migration and Global Governance** Elizabeth G.

Ferris, Katharine M. Donato, 2019-07-05 As debates about migrants and refugees reverberate around the world this book offers an important first hand account of how migration is being approached at the highest levels of international governance Whereas refugees have long been protected by international law migrants have been treated differently with no international consensus definition and no one international migration system This all changed in September 2016 when the 193 members of the United Nations unanimously adopted the New York Declaration on Refugees and Migrants laying the groundwork for the creation of governance frameworks for migrants and refugees worldwide This book provides a fly on the wall analysis of the opportunities and challenges of the two new Global Compacts on Refugees and Migration as governments international NGOs multilateral institutions and other actors develop and negotiate them Looking beyond the compacts the book considers migration governance over time and asks the bigger questions of what the international community can do on the one hand to affirm and strengthen safe orderly and regular migration to help drive economic growth and prosperity whilst on the other hand responding to the problems caused by increasing numbers of refugees and irregular migrants This highly engaging and informative account will be of interest to policy makers academics and students concerned with global migration and refugee governance

The Syrian Refugee Crisis Danilo Mandić, 2022-10-21 The Syrian war the 21st century's most protracted and second deadliest conflict has driven 5.6 million refugees and 6.6 million internally displaced into flight As the civil war draws to a close an autopsy of this historic and unprecedented refugee episode becomes feasible Why did the war generate so many refugees How did so many of them get to Europe Who are these people and why did they leave From whom were they fleeing and why Did European policymakers alleviate or aggravate the refugee crisis The Syrian Refugee Crisis argues that Syrian forced migration has been deeply misunderstood Against conventional wisdom it suggests that refugees engaged smugglers not just as traffickers or criminal exploiters but as natural allies and means to affirm asylum rights that the politicization of refugees according to major actors foreign policy priorities obfuscated the role of US and European foreign policy in generating massive displacement and that restrictionist border policies on the Balkan Route were inhumane incoherent and counterproductive Relying on extensive rare fieldwork data from five countries comprising the Balkan Route Jordan Turkey Greece Serbia and Germany this book sheds light on the understudied counter intuitive and often misunderstood dynamics of forced migration refugee agency border restrictionism anti smuggling policy and migrant decision making in the 21st century

**Women, Wars and Public Policies** Ayanna Yonemura, 2025-03-31 Women Wars and Public Policies shatters the boundaries of conventional antiracism offering an examination of white supremacy's persistence through the lens of humanity's most pressing challenges The author tackles migration war national security terrorism nationalism and patriarchy exposing institutionalized oppressions across continents and centuries Defying identity politics this book demonstrates the

pervasiveness of Western culture and the need to radically address dominant narratives The author presents three interrelated case studies They are Eleanor Roosevelt s advocacy for Japanese Americans and African Americans connections between Roosevelt s politics and those of U S President Donald Trump including how Trump weaponized masculinity laying the groundwork for decimating refugee and asylum policies and Germany s culture of remembrance and Chancellor Angela Merkel s approach to the so called migrant crisis Transcending racial national and disciplinary boundaries with an intersectional framework Women Wars and Public Policies exposes parallels between historical injustices and contemporary actions forcing a re examination of national narratives and institutionalized multiculturalism As migration debates and white supremacy continue to drive politics this work provides globally significant insights into gender and race demanding that we confront our shared histories and futures

EU Policymaking at a Crossroads Sybille Münch, Hubert Heinelt, 2022-12-08 For readers interested in an overview of what led to the adoption of the European Union s Multiannual Financial Framework MFF and its aftermath this book traces the discursive dynamics and milestones of the negotiations around the MFF and the new recovery instrument aimed at alleviating the economic crisis caused by the Coronavirus pandemic

**The Politics of Trauma** Staci K. Haines, 2019-11-19 An essential tool for healers therapists activists and trauma survivors who are interested in a justice centered approach to somatic transformation The Politics of Trauma offers somatics with a social analysis This book is for therapists and social activists who understand that trauma healing is not just for individuals and that social change is not just for movement builders Just as health practitioners need to consider the societal factors underlying trauma so too must activists understand the physical and mental impacts of trauma on their own lives and the lives of the communities with whom they organize Trauma healing and social change are at their best interdependent Somatics has proven to be particularly effective in addressing trauma but in practice it typically focuses solely on the individual failing to integrate the social conditions that create trauma in the first place Staci K Haines somatic innovator and cofounder of generative somatics invites readers to look beyond individual experiences of body and mind to examine the social political and economic roots of trauma including racism environmental degradation sexism and poverty Haines helps readers identify understand and address these sources of trauma to help us bridge individual healing with social transformation

*The Politics of Vulnerability* Asma T. Uddin, 2021-03-23 A religious liberty lawyer and acclaimed author reveals the root of America s polarization inside the Muslim and evangelical Christian divide and how it can be healed Despite the dire consequences of America s cultural political and religious divisiveness from increasing incivility to discrimination and outright violence few have been able to get to the core cause of this conflict Even fewer have offered measures for reconcillation Now in *The Politics of Vulnerability* Asma Uddin American Muslim public intellectual religious liberties attorney and activist provides a unique perspective on the complex political and social factors contributing to the Muslim Christian divide Unlike other analysts Uddin asks what underlying drivers cause otherwise good people to do or believe bad

things Why do people who value faith support of measures that limit others especially of Muslims religious freedom and other rights Uddin humanizes a contentious relationship by fully embracing both sides as individuals driven by very human fears and anxieties Many conservative Christians fear that the Left is dismantling traditional Christian America to replace it with an Islamized America a conspiratorial theory that has given rise to an evangelical persecution complex a politicized vulnerability Uddin reveals that Islamophobia and other aspects of the conservative Christian movement are interconnected Where does hate come from and how can it be conquered Only by addressing the underlying factors of this politics of vulnerability can we begin to heal the divide

**The Immigration Crisis in Europe and the U.S.-Mexico Border in the New Era of Heightened Nativism** Victoria Carty,2020-11-24 In The Immigration Crisis in Europe and the U S Mexico Border in the New Era of Heightened Nativism Victoria Carty compares the immigration crises in the European Union and the United States Beginning in 2014 the Arab Spring upheavals and failed states in Northern Africa and the Middle East overwhelmed many European countries which the European Union system was not prepared for In the Americas failed states in Central America such as Honduras Guatemala and El Salvador also led to an unexpected influx of immigrants to the United States many of them unaccompanied minors fleeing gangs violence and poverty In The Immigration Crisis in Europe and the U S Mexico Border Carty studies theories of immigration social movements and critical race theory to provide a better understanding of the current immigration crises in Europe and the United States Carty shows that the high volume of immigration in both the EU and the United States has led to a resurgence of nativist sentiments and white supremacy groups

**Private Violence** Carol Cleaveland,Michele Waslin,2024-10-15 How the US asylum process fails to protect against claims of gender based violence Through eyewitness accounts of closed court proceedings and powerful testimony from women who have sought asylum in the United States because of severe assaults and death threats by intimate partners and or gang members Private Violence examines how immigration laws and policies shape the lives of Latin American women who seek safety in the United States Carol Cleaveland and Michele Waslin describe the women s histories prior to crossing the border and the legal strategies they use to convince Immigration Judges that rape and other forms of private violence should merit asylum despite laws built on Cold War era assumptions that persecution occurs in the public sphere by state actors Private Violence provides much needed recommendations for incorporating a gender based lens in the asylum process The authors demonstrate how policy changes across Presidential administrations have made it difficult for survivors of private violence to qualify for asylum Private Violence paints a damning portrait of America s broken asylum system This volume illustrates the difficulties experienced by Latin American women who rely on this broken system for protection in the United States It also illuminates women s resilience and the determination of immigration attorneys to reshape asylum law

White Supremacy and the American Media Sarah D. Nilsen,Sarah E. Turner,2021-11-29 This volume examines the ways in which the media including film television social media and gaming has constructed and sustained a narrative of white

supremacy that has entered mainstream American discourse With chapters by today s preeminent critical race scholars the book looks in particular at the ways media institutions have circulated white supremacist ideology across a wide range of platforms and texts that have had significant impact on shaping our current polarized and racialized social and political landscape Systematically scrutinizing every media platform this volume provides readers with an understanding of the ways in which media has provided institutional support for white supremacist ideology and presents them with the means to examine and analyze the persistence of these narratives within our racial discourse thus offering the necessary knowledge to challenge and transform these racially divisive and destructive narratives White Supremacy and the American Media will be of interest not only to scholars working in critical race studies and popular culture in the United States but also to those working in the fields of Film and Television Studies Sociology Geography Art History Communication and Media Studies Cultural Studies American Studies Popular Culture and Media Studies

**Impossible Refuge** Georgina Ramsay, 2017-10-16 Impossible Refuge brings the perspectives of refugees into rapidly emerging dialogues about contemporary situations of mass forced migration asking what does it mean to be displaced Based on multi sited ethnographic research conducted with refugees from Central Africa living in situations of protracted asylum in Uganda and resettlement in Australia the book provides a unique comparative analysis of global humanitarian systems and the experiences of refugees whose lives are interwoven with them The book problematises the solutions that are currently in place to resolve the displacement of refugees considering that since displacement cannot be reduced to a politico legal problem but is an experience that resonates at an existential level it cannot be assumed that politico legal solutions to displacement automatically resolve what is fundamentally an existential state of being Impossible Refuge therefore offers a new theoretical foundation through which to think about the experiences of refugees as well as the systems in place to manage and resolve their displacement The book argues that the refuge provided to refugees through international humanitarian systems is conditional requiring that they conform to lifestyles that benefit the hegemonic future horizons of the societies that host and receive them Impossible Refuge calls for new ways of approaching displacement that go beyond the exceptionality of refugee experience to consider instead how the contestation and control of possible futures makes displacement a general condition of our time As such it will appeal to scholars across the social sciences with interests in migration and refugees humanitarianism and violence sovereignty and citizenship cosmology and temporality and African studies broadly

**Fundamental British Values, Michel Foucault, and Religious Education Teacher Subjectivity** Francis Farrell, 2023-05-17 This book contributes to the small but growing critical literature on fundamental British values and the Prevent strategy in the British education system Focusing specifically on RE a subject concerned with multiculturalism difference and pluralism the book will argue that there is a tension between the aims of RE and the agenda of fundamental British values The author argues that fundamental British values and the requirements of the Prevent duty 2015 amount to a securitization of education which fundamentally alters the

relationship between teachers and learners The book presents these developments in education policy as a radical discursive shift drawing from in depth individual and group interviews with 52 secondary teachers of religious education the book foregrounds the views of BAME teachers and argues for a nuanced and inclusive approach to civic and values education

the connections and disconnections between migration and sustainable development as articulated by the UN's Agenda 2030 and Sustainable Development Goals (SDGs). Providing a critical appraisal of Agenda 2030, it examines the extent to which the SDGs encompass migration and migrant-related experiences within the context of the pledge to leave no one behind.

*Immigration and Privacy in the Law of the European Union* Niovi Vavoula, 2022-09-12. In this book, Niovi Vavoula examines the privacy challenges raised by the establishment, operation, and reconfiguration of EU-wide information systems that store personal data, including biometrics, of different categories of third-country nationals that may be used for various immigration-related and law enforcement purposes. The monograph analyses both the currently operational databases (Schengen Information System (SIS), Visa Information System (VIS), and Eurodac) and forthcoming systems (Entry/Exit System (EES), European Travel Information and Authorisation System (ETIAS), and European Criminal Record Information System for Third-Country Nationals (ECRIS-TCN)) as well as their future interoperability. To assess the compatibility of legal instruments governing information systems and their interoperability with the right to respect for private life, the author calls for the centrality of privacy as the appropriate lens through which instruments involving the processing of personal data should be viewed and offers a typology of privacy standards based on relevant case law by the Strasbourg and Luxembourg Courts. This is a ground-breaking book, the first comprehensive analysis of the growing interrelationship between immigration law and privacy law. The book is essential reading for academics, policy makers, and legal practitioners working in these fields and will lead in informing the debate on the relationship between security and human rights in Europe. Rigorous and ambitious, the book will become a reference point in the field. **Haitian Refugees Forced to Return** Götz-Dietrich Opitz, 2004. On September 30, 1991, Haiti's first democratically elected President, Jean-Bertrand Aristide, was overthrown by a coup d'état. The Haitian political crisis, which was marked by intense international pressure for political negotiation, triggered a stream of refugees, bound foremost for the United States. The US Coast Guard began detaining interdicted Haitians at the US naval base at Guantanamo Bay, Cuba, as well as forcibly returning a certain number to the Haitian capital. What was the role played by the Haitian diaspora in the US as the Haitian crisis unfolded until Aristide's reinstatement in October 1994? This study investigates how this process of intervention was shaped by socially constructed categories such as nation, race, ethnicity, and class.

Ethnicity, Religion, and Muslim Education in a Changing World Karamat Iqbal, Tahir Abbas, 2024-06-14. This novel and contemporary anthology brings important topics about race, religion, and identity to the foreground to address the challenges facing Muslim schoolchildren today. Through interviews and case studies, the chapters explore topics such as multiethnic education, teacher diversity, and culturally responsive pedagogy, providing insights into necessary changes and ways to enhance schools. Taking into account cultural touchstones such as the Black Lives Matter movement and the Trojan Horse affair, the book argues for an urgent transformative accommodation of Muslims to take place within schooling in order

to improve the educational standards of Muslim children within the United Kingdom including several chapters that focus on Muslim education in locations such as Yorkshire Peterborough High Wycombe and Tower Hamlets and further afield This book will be of importance to scholars researchers and postgraduate students studying religious education secondary education and multicultural education more broadly Policymakers interested in education policy and politics as well as race and ethnicity in educational contexts may potentially benefit from the volume      **Fundamental British Values** Vini Lander,2019-05-17 This book seeks to investigate how the pedagogic space of schools and classrooms has been defined by the UK government s counter terrorism Prevent strategy most notably through the requirement on teachers not to undermine fundamental British values as part of the Teachers Professional Standards The term fundamental British values migrated from Prevent to the statutory framework that regulates teacher professionalism and has effectively securitized education practice The Prevent strategy was conceived in response to the 7 7 bombings in London by so called home grown Muslim terrorists The need for teachers to promote British values is an attempt to forge a cohesive British identity among young citizens within a multiracial multicultural and multilingual society However as the chapters in this book illustrate the state project to harness education to engender belonging or as some would argue civic nationalism whilst simultaneously undertaking surveillance of children and young people from the Muslim community for signs of radicalization has led to the perception of a hierarchy of citizens or conversely insider outsider citizens The imperative to promote and not undermine fundamental British values has in some instances transformed the safe space of the classroom where children and young people s right to explore their perceptions of current affairs citizenship and belonging has been curtailed for fear of surveillance by teachers who may interpret their utterances as either undermining British values or to be signs of radicalization This book explores these dilemmas for teachers and the implications for their professionalism and examines how racist nativism has pervaded society educational policy and practice through the promotion of a Britishness perceived by many as a raced classed and exclusionary discourse This book was originally published as a special issue of the Journal of Education for Teaching      *Education, Immigration and Migration* Khalid Arar,Jeffrey S. Brooks,Ira Bogotch,2019-07-10 This edited volume investigates how the role of leadership in education in various countries from around the world have been designed and implemented through educational policies and national cultures to meet the needs of new displaced and mobile groups of migrants and refugees

The New Trojan Horse A Critique Of Political Asylum: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. The New Trojan Horse A Critique Of Political Asylum : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The New Trojan Horse A Critique Of Political Asylum : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
