The New US Strategic Debate:

The New U.S. Strategic Debate Ronald D. Asmus, 1993 Discusses how the old bipartisan consensus that placed containment and deterrence of the Soviet Union at the center of U S national security strategy has given way to a contentious debate over what constitutes U S security interests

The New U.S. Strategic Debate, 1994 This RAND report examines the emerging debate in the United States over post Cold War national security strategy It discusses the ideas now clashing and competing for preeminence as our leaders seek to forge a new post Cold War national security consensus in a changing domestic context For the past four decades the United States has enjoyed a bipartisan consensus in national security strategy That consensus is now eroding as politicians and diplomats strategists and defense planners and scholars and the general public grapple with the meaning of the end of the Cold War In its place a burgeoning debate is emerging about the nature of the post Cold War world and the desired American role in it Against this background strategists and defense planners need more than ever before to be cognizant of the domestic pressures reshaping elite and public thinking This essay should be read as a contribution to a better understanding of these factors

The New US Strategy towards Asia William T Tow, Douglas Stuart, 2014-12-17 Barack Obama s rebalancing or pivot strategy intended to demonstrate continued US commitment to the Asia Pacific region in a variety of military economic and diplomatic contexts was launched with much fanfare in 2011 Implicit in the new strategy is both a focus on China engagement with and containment of and a heavy reliance by the United States on its existing friends and allies in the region in order to implement its strategy This book explores the impact of the new strategy on America s regional friends and allies It shows how these governments are working with Washington to advance and protect their distinct national interests while at the same time avoiding any direct confrontation with China It also addresses the reasons why many of these regional actors harbour concerns about the ability of the US to sustain the pivot strategy in the long run Overall the book illustrates the deep complexities of the United States exercise of power and influence in the region

A Grand Strategy for America Robert J. Art, 2013-02-01 The United States today is the most powerful nation in the world perhaps even stronger than Rome was during its heyday It is likely to remain the world s preeminent power for at least several decades to come What behavior is appropriate for such a powerful state To answer this question Robert J Art concentrates on grand strategy the deployment of military power in both peace and war to support foreign policy goals He first defines America s contemporary national interests and the specific threats they face then identifies seven grand strategies that the United States might contemplate examining each in relation to America s interests The seven are dominion forcibly trying to remake the world in America s own image global collective security attempting to keep the peace everywhere regional collective security confining peacekeeping efforts to Europe cooperative security seeking to reduce the occurrence of war by limiting other states offensive capabilities isolationism withdrawing from all military involvement beyond U S borders containment holding the line against aggressor states and selective engagement

choosing to prevent or to become involved only in those conflicts that pose a threat to the country's long term interests Art makes a strong case for selective engagement as the most desirable strategy for contemporary America It is the one that seeks to forestall dangers not simply react to them that is politically viable at home and abroad and that protects all U S interests both essential and desirable Art concludes that selective engagement is not a strategy for all times but it is the best grand strategy for these times Strategic Debate: Reason, argumentation, and strategy for winning scholastic debates ,

Perceptions of NATO and the New Strategic Concept Luís Nuno Rodrigues, Volodymyr Dubovyk, 2010 This book attempts to address how NATO and its mission are perceived today in the world to assess the challenges the Organisation is facing in the near future and to debate what could be its role in the 21st century This is most relevant since the Organisation has just celebrated its 60th anniversary and is in the process of redefining its strategic concept to try to shape the right strategy for a safer tomorrow This book deals with the following How is the Organisation perceived in member and so called partner countries such as Russia and Georgia with regards to models policies and strategies What do the younger generations born after the end of the Cold War think of the Atlantic Alliance in the present and its role in the future The evolution of the Alliance towards a transatlantic hub and last but not least an analysis on the importance of communications in NATO's current campaign in Afghanistan Key features NATO's durability The future of the Alliance NATO's role as a guarantee of Peace and Security in the South Caucasus **The United States Army** George D. Bennett, 2002 United States Army Issues Background Bibliography

National Security Affairs Conference , 1978 **Evolution of Nuclear Strategy** Lawrence Freedman, 2016-01-03 *Strategic Reassurance and Resolve* James Steinberg, Michael E. O'Hanlon, 2015-08-25 How the United States and China can avoid future conflict and establish stable cooperative relations After forty years of largely cooperative Sino U S relations policymakers politicians and pundits on both sides of the Pacific see growing tensions between the United States and China Some go so far as to predict a future of conflict driven by the inevitable rivalry between an established and a rising power and urge their leaders to prepare now for a future showdown Others argue that the deep economic interdependence between the two countries and the many areas of shared interests will lead to more collaborative relations in the coming decades In this book James Steinberg and Michael O Hanlon stake out a third less deterministic position They argue that there are powerful domestic and international factors especially in the military and security realms that could well push the bilateral relationship toward an arms race and confrontation even though both sides will be far worse off if such a future comes to pass They contend that this pessimistic scenario can be confidently avoided only if China and the United States adopt deliberate policies designed to address the security dilemma that besets the relationship between a rising and an established power The authors propose a set of policy proposals to achieve a sustainable relatively cooperative relationship between the two nations based on the concept of providing mutual strategic reassurance in such key areas as nuclear weapons and missile defense space and cyber operations and military

basing and deployments while also demonstrating strategic resolve to protect vital national interests including in the case of the United States its commitments to regional allies

American Grand Strategy in the Age of Trump Hal Brands, 2018-01-16 Looking beyond the headlines to address the enduring grand strategic questions facing the United States today American foreign policy is in a state of upheaval The rise of Donald Trump and his America First platform have created more uncertainty about America's role in the world than at any time in recent decades From the South China Sea to the Middle East to the Baltics and Eastern Europe the geopolitical challenges to U S power and influence seem increasingly severe and America's responses to those challenges seem increasingly unsure Questions that once had widely accepted answers are now up for debate What role should the United States play in the world Can and should America continue to pursue an engaged an assertive strategy in global affairs In this book a leading scholar of grand strategy helps to make sense of the headlines and the upheaval by providing sharp yet nuanced assessments of the most critical issues in American grand strategy today Hal Brands asks and answers such questions as Has America really blundered aimlessly in the world since the end of the Cold War or has its grand strategy actually been mostly sensible and effective Is America in terminal decline or can it maintain its edge in a harsher and more competitive environment Did the Obama administration pursue a policy of disastrous retrenchment or did it execute a shrewd grand strategy focused on maximizing U S power for the long term Does Donald Trump's presidency mean that American internationalism is dead What type of grand strategy might America pursue in the age of Trump and after What would happen if the United States radically pulled back from the world as many leading academics and at certain moments the current president have advocated How much military power does America need in the current international environment Grappling with these kinds of issues is essential to understanding the state of America's foreign relations today and what path the country might take in the years ahead At a time when American grand strategy often seems consumed by crisis this collection of essays provides an invaluable guide to thinking about both the recent past and the future of America's role in the world

Parameters, 2015

Alternative Military Strategies For The Future Keith A. Dunn, 2019-03-04 In this volume prominent civilian and military experts in defense representing the maritime continental coalition military reform and noninterventionist schools of thought outline the changes in military strategy policy and force structure that they believe the United States must adopt if it is to cope successfully with threats to national security in the 1980s and 1990s The authors analyze US interests and objectives the changing strategic environment and the major security threats facing the United States in the coming decades They also discuss what they believe is the proper mix of political economic and military instruments for dealing with fixture threats The alternative strategies they present are wide ranging and comprehensive running the gamut from a strategic withdrawal from global commitments to proposals for increasing US power projection and forcible entry capabilities in the Third World In many ways the chapters are critical of current and past approaches to military strategy The authors believe it is essential that strategists understand the existing

critiques of current U S military strategy in order to make the correct policy decisions for the future **Professional Journal of the United States Army** ,1966 Restraint Barry R. Posen,2014-06-03 The United States Barry R Posen argues in *Restraint* has grown incapable of moderating its ambitions in international politics Since the collapse of Soviet power it has pursued a grand strategy that he calls liberal hegemony one that Posen sees as unnecessary counterproductive costly and wasteful Written for policymakers and observers alike *Restraint* explains precisely why this grand strategy works poorly and then provides a carefully designed alternative grand strategy and an associated military strategy and force structure In contrast to the failures and unexpected problems that have stemmed from America s consistent overreaching Posen makes an urgent argument for restraint in the future use of U S military strength After setting out the political implications of restraint as a guiding principle Posen sketches the appropriate military forces and posture that would support such a strategy He works with a deliberately constrained notion of grand strategy and even more important of national security which he defines as including sovereignty territorial integrity power position and safety His alternative for military strategy which Posen calls command of the commons focuses on protecting U S global access through naval air and space power while freeing the United States from most of the relationships that require the permanent stationing of U S forces overseas

Two Strategies for Europe Frédéric Bozo,Susan Emanuel,2002-07-15 This timely book explores the often stormy French U S relationship and the evolution of the Atlantic Alliance under the presidency of Charles de Gaulle 1958D1969 The first work on this subject to draw on previously inaccessible material from U S and French archives the study offers a comprehensive analysis of Gaullist policies toward NATO and the United States during the 1960s a period that reached its apogee with de GaulleOs dramatic decision in 1966 to withdraw from NATOOs integrated military arm This launched the French policy of autonomy within NATO which has since been adapted without having been abandoned De GaulleOs policy often has been caricatured by admirers and detractors alike as an expression of nationalism or anti Americanism Yet Frederic Bozo argues that although it did reflect the GeneralOs quest for grandeur it also and perhaps more important stemmed from a genuine strategy designed to build an independent Europe and to help overcome the system of blocs Indeed the author contends de GaulleOs actions forced NATO to adapt to new strategic realities Retracing the different phases of de GaulleOs policies Bozo provides valuable insight into current French approaches to foreign and security policy including the recent attempt by President Chirac to redefine and normalize the France NATO relationship As the author shows de GaulleOs legacy remains vigorous as France grapples with European integration a new role within a reformed NATO and relations with the United States **The Evolution of Nuclear Strategy** L. Freedman,2003-07-18 First published twenty years ago Lawrence Freedman s *Evolution of Nuclear Strategy* was immediately acclaimed as the standard work on the history of attempts to cope militarily and politically with the terrible destructive power of nuclear weapons It has now been rewritten drawing on a wide range of new research and updated to take account of the period following the end of the cold war taking the story to

contemporary arguments about missile defence *The Weapons State* David Mutimer,2000 The proliferation of all kinds of weapons is a focal point for international security This work shows how both the language used to talk about weapons proliferation and the practices adopted to respond to it serve to define the problem in ways that promote policy responses doomed to failure *Ibss: Political Science: 1994* British Library of Political and Economic Science at the London School of Economics,1995-12-08 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

Congressional Record United States. Congress,1976 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* 1789 1824 the *Register of Debates in Congress* 1824 1837 and the *Congressional Globe* 1833 1873

The New Us Strategic Debate Introduction

The New Us Strategic Debate Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. The New Us Strategic Debate Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. The New Us Strategic Debate : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for The New Us Strategic Debate : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks The New Us Strategic Debate Offers a diverse range of free eBooks across various genres. The New Us Strategic Debate Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. The New Us Strategic Debate Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific The New Us Strategic Debate, especially related to The New Us Strategic Debate, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to The New Us Strategic Debate, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some The New Us Strategic Debate books or magazines might include. Look for these in online stores or libraries. Remember that while The New Us Strategic Debate, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow The New Us Strategic Debate eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the The New Us Strategic Debate full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The New Us Strategic Debate eBooks, including some popular titles.

FAQs About The New Us Strategic Debate Books

What is a The New Us Strategic Debate PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to

view or print it. **How do I create a The New Us Strategic Debate PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The New Us Strategic Debate PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The New Us Strategic Debate PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The New Us Strategic Debate PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
