Vintage Volkswagen Beetle Accessories Stephan Szantai,2022-10-28 Take a fun and nostalgic look at the world of Volkswagen accessories It is well documented that the Volkswagen Beetle is the best selling vehicle of all time In 1972 the 15

millionth Beetle was produced breaking the record set by the Model T about 40 years earlier. It was a simple design with styling that appealed to the masses. It was affordable, practical, and fun. Because it was such a simple car and so many were sold, many people enjoy customizing their car with many accessories, which has been a large market for these cars dating back to the 1950s and 1960s. There is even a market today for people who collect these accessories without installing them. In *Vintage Volkswagen Beetle Accessories*, which is authored by veteran VW historian Stephan Szantai, a whole range of accessories are covered. Of course, a history of the Beetle is detailed, as well as the companies that formed the accessory aftermarket. Included are accessories for dressing up the exterior of the car, such as vented windows, bumpers, and guards; turn signal technology; add-on lighting; mirrors, etc. Then interior accessories are examined, such as radios, ashtrays, gloveboxes, gauges, and clocks. No accessories book would be complete without engine accessories, covering both dress-up options and functional performance parts. Travel accessories, such as roof racks, coolers, extended gas tanks, tail racks, and coffee makers, are detailed. Wheels are also covered. A gallery of accessorized Volkswagens of all types are featured, including Type 2 Buses, Type 3 squarebacks, fastbacks, and coupes. Karmen Ghias and even single and double cab pickup bodystyles are included. Join the fun and nostalgic romp through VW accessory history with this new title that features everything cool about customizing your VW.

In fact, after taking delivery of their beloved Bug, many owners began modifications and customizations to personalize their favorite German compact. Perhaps the most charismatic automobile ever, the Volkswagen Beetle was the longest running most manufactured automobile on a single platform in automotive history. From 1938 to 2003, more than 21.5 million Bugs were assembled, distributed, and sold on nearly every continent in the world. If there's a component that owners can modify, they'll do it, and each custom touch makes them love their Beetle even more. Airkooled Kustoms, a Volkswagen restoration and modification shop in Hazel Green, Alabama, has served all kinds of classic Volkswagen owners. For those who venture into the world of customization, no modern or historic trend is off-limits.
