The Nigger Of The Narcissus:

The Nigger of the Narcissus Joseph Conrad, 1914 The ^ADialect of Modernism Michael North, 1998-01-22 The Dialect of Modernism uncovers the crucial role of racial masquerade and linguistic imitation in the emergence of literary modernism Rebelling against the standard language and literature written in it modernists such as Joseph Conrad Gertrude Stein T S Eliot Ezra Pound and William Carlos Williams reimagined themselves as racial aliens and mimicked the strategies of dialect speakers in their work In doing so they made possible the most radical representational strategies of modern literature which emerged from their attack on the privilege of standard language At the same time however another movement identified with Harlem was struggling to free itself from the very dialect the modernists appropriated at least as it had been rendered by two generations of white dialect writers For writers such as Claude McKay Jean Toomer and Zora Neale Hurston this dialect became a barrier as rigid as the standard language itself Thus the two modern movements which arrived simultaneously in 1922 were linked and divided by their different stakes in the same language In The Dialect of Modernism Michael North shows through biographical and historical investigation and through careful readings of major literary works that however different they were the two movements are inextricably connected and thus cannot be considered in isolation Each was marked for good and bad by the other The Nigger of the Narcissus Joseph Conrad,1914 This account of the voyage of a sailing ship from Bombay harbour to the Port of London explores the psychological pressures on a group of nineteenth century seamen as they face the externes of nature and the secrets and evasions of two of their comrades NIGGER OF THE NARCISSUS Joseph 1857-1924 Conrad, 2016-08-28 of the Narcissus Joseph Conrad, 2015-05-04 From that evening when James Wait joined the ship late for the muster of the crew to the moment when he left us in the open sea shrouded in sailcloth through the open port I had much to do with him He was in my watch A negro in a British forecastle is a lonely being He has no chums Yet James Wait afraid of death and making her his accomplice was an impostor of some character mastering our compassion scornful of our sentimentalism **Modernity at Sea** Cesare Casarino, 2002 At once a literary philosophical meditation on triumphing over our suspicions the question of modernity and a manifesto for a new form of literary criticism Modernity at Sea argues that the nineteenth century sea narrative played a crucial role in the emergence of a theory of modernity as permanent crisis In a series of close readings of such works as Herman Melville's White Jacket and Moby Dick Joseph Conrad's The Nigger of the Narcissus and The Secret Sharer and Karl Marx s Grundrisse Cesare Casarino draws upon the thought of twentieth century figures including Giorgio Agamben Louis Althusser Walter Benjamin Leo Bersani Gilles Deleuze F lix Guattari and Antonio Negri to characterize the nineteenth century ship narrative as the epitome of Michel Foucault's heterotopia a special type of space that simultaneously represents inverts and contests all other spaces in culture Elaborating Foucault's claim that the ship has been the heterotopia par excellence of Western civilization since the Renaissance Casarino goes on to argue that the

nineteenth century sea narrative froze the world of the ship just before its disappearance thereby capturing at once its apogee and its end and producing the ship as the matrix of modernity The Nigger of the 'Narcissus' Joseph Conrad, 1949 This account of the voyage of a sailing ship from Bombay harbor to the Port of London explores the psychological pressures on a group of nineteenth century seamen as they face the extemes of nature and the secrets and evasions of two of their comrades Rich and Strange Marianne DeKoven, 1991-10-27 Like the products of the sea change described in Ariel's song in The Tempest modernist writing is rich and strange Its greatness lies in its density and its dislocations which have until now been viewed as a repudiation of and an alternative to the cultural implications of turn of the century political radicalism Marianne DeKoven argues powerfully to the contrary maintaining that modernist form evolved precisely as a means of representing the terrifying appeal of movements such as socialism and feminism Organized around pairs and groups of female and male signed texts the book reveals the gender inflected ambivalence of modernist writers Male modernists desiring utter change nevertheless feared the loss of hegemony it might entail while female modernists feared punishment for desiring such change With water imagery as a focus throughout DeKoven provides extensive new readings of canonical modernist texts and of works in the feminist and African American canons not previously considered modernist Building on insights of Luce Irigaray Klaus Theweleit and Jacques Derrida she finds in modernism a paradigm of unresolved contradiction that enacts in the realm of form an alternative to patriarchal gender relations The Nigger of the Narcissus (Annotated) Joseph Conrad, 2016-06-23 The Nigger of the Narcissus 1897 is a novella by Joseph Conrad Because of its quality compared to earlier works some have described it as marking the start of Conrad's major or middle period others have placed it as the best work of his early or first period The title character James Wait is a dying West Indian black sailor on board the merchant ship Narcissus sailing from Bombay to London Wait suffering from tuberculosis becomes seriously ill during the voyage and his plight arouses the humanitarian sympathies of many of the crew five of whom rescue him from his deck cabin during a storm placing their own lives and the ship at risk However the ship s master Captain Alistoun and an old sailor named Singleton remain concerned primarily with their duties to the ship and appear indifferent to Wait s condition

Essays on Conrad Ian Watt, 2000-07-27 A landmark collection of Ian Watt's essays on Joseph Conrad Zdzisław Najder, 2007 Up to date and extensive revision of Najder's much acclaimed scholarly biography of Conrad employing newly accessible sources Joseph Conrad is not only one of the world's great writers of English and world literature but was a writer who lived a particularly full and interesting life For the biographer this is a double edged sword however there are many periods for which documentation is uncommonly difficult Zdzislaw Najder's meticulously documented biography first appeared in English in 1983 garnering high praise as the best most complete biography of Conrad Najder's command of English French Polish and Russian allowed him access to a greater variety of sources than any other biographer and his Polish background and his own experience as an exile have afforded him a unique affinity for Conrad and his milieu

All this has come into play once again in the present extensively revised edition much of its extensive new material was unearthed in newly opened former east bloc archives There is new material on Conrad's father's genealogy and his role in Polish politics Conrad's service in the French and British merchant marines his early English reading and correspondence his experiences in the Congo the circumstances of writing his memoirs and much more In addition several aspects of Conrad s life and works are more thoroughly analyzed his problems with the English language his borrowings from French writers his attitude toward socialism his reaction to the reception of his books Zdzislaw Najder teaches at the European Academy **Conrad in the Nineteenth Century** Ian Watt, 2023-04-28 Nothing short of a masterpiece One of the great critical works produced since the 1950s New York Times This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980 Nothing short of a masterpiece One of the great critical works produced since the 1950s New York Times This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek The Nigger of the Narcissus (illustrated) Joseph Conrad, 2017-09-05 Joseph Conrad wrote many stories and novellas about his sea voyages and adventures The Nigger of the Narcissus is one of the best works if his early period The novella is narrated by a dying West Indian black sailor James Wait who talks about the dangers he encounters when travelling from Bombay to London on board of a merchant ship Narcissus Wait is suffering from tuberculosis as his condition worsens the sailor s fate appears in the hands of ship's crew The author explores many profound questions in this piece among which the meaning of life suffering as well as the human's struggle for survival Illustrated by Andronum Conrad's Narratives of Difference Lissa Schneider, 2003 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company Joseph Conrad Bruce Teets, 2020-04-30 Originally published in 1990 this is a comprehensive and annotated bibliography of the writings on Joseph Conrad and his works Covering the years from 1895 to 1975 it also includes indexes of authors secondary works periodicals and newspapers foreign languages and primary titles Part of a series of annotated bibliographies on English Literature in Transition 1880 1920 this will be a valuable resource for students of literature The Nigger of the 'narcissus' Joseph Conrad, 2019-04-12 The story of one voyage of the sailing ship Narcissus from Bombay to London a story dealing with calms and with storms with mutiny on the high seas with bravery and with cowardice with tumultuous life and with death the releaser from toil A Genealogy of Modernism Michael Harry Levenson, 1986-06-27 A Genealogy of Modernism is a study of literary transition in the first two decades of the twentieth century a period of extraordinary ferment and great accomplishment during which the avant garde gradually consolidated a secure place within English culture Michael Levenson analyses that complex process by following the successive phases of a literary movement Impressionist Imagist

Vorticist Classicist as it attempted to formulate the principles on which a new aesthetic might be founded The emphasis here falls on the ideology of modernism but throughout the book the ideological question is tied on the one hand to specific literary works and on the other to general movements in philosophy and the fine arts The major figures under discussion Joseph Conrad Ford Madox Ford Ezra Pound Wyndham Lewis and T S Elliot are placed in relation to thinkers who have been largely neglected in the history of modernism Max Stirner Wilhelm Worringer Pierre Lasserre Allen Upward and Hilaire Belloc Levenson thus situates the emergence of a modernist aesthetic within the context of literary theory literary practice The Secret Sharer and Other Stories (International Student Edition) (Norton Critical **Editions)** Joseph Conrad, 2016-04-04 This Norton Critical Edition includes four stories two set on stormy seas two on calm seas all four based on the same incident that speak to each other in interesting ways The stories in this Norton Critical Edition maintain the connection and sequencing that Joseph Conrad saw among them In his Author's Note to Twixt Land and Sea Conrad writes of his two Calm pieces The Secret Sharer and The Shadow Line and his two Storm pieces The Nigger of the Narcissus and Typhoon This edition is based on the first English book edition for the stories and the first American edition for the Author's Note for The Shadow Line Typhoon and The Secret Sharer The stories are accompanied by explanatory annotations a note on the texts including a list of textual emendations and a preface Backgrounds and Contexts brings together relevant correspondence and contemporary reviews from both British and American sources Also included are documents related to Conrad's sources for the stories among them Charles Arthur Sankey's Ordeal of the Cutty Sark A True Story of Mutiny Murder on the High Seas To help readers navigate the editor includes a glossary of nautical terms as well as diagrams of the kinds of ships that appear in the stories Criticism includes fifteen essays representing both new and established voices The essays are arranged by story with the focus on Conrad's major themes colonialism narrative gender and race Albert J Guerard Lillian Nayder Mark D Larabee Fredric Jameson F R Leavis and John G Peters are among the contributors A chronology of Conrad s life and work and a selected bibliography are also included Joseph Conrad Jacques Berthoud, 1978 Although the importance of Conrad's work has long been recognized Jacques Berthoud attempts a full demonstration of the clarity consistency and depth of thought evident in the novels written during the first decade of this century Instead of the standard versions of Conrad from sceptical moralizer to metaphysician of darkness he offers a tragic novelist engaged in a sustained exploration of the contradictions inherent in man's relations with his fellows and from the perspective thus achieved he is able to show why Conrad occupies a leading place among the creators of modern literature This book will be of interest to specialists in English studies because it seeks to make a substantial contribution to the critical debate on the significance of Conrad s work It will also appeal to any reader looking for guidance through the complexities of the major novels the central issues have been presented as simply as the originality of Conrad's art and thought permits Modernism and the Middle Passage Laura Winkiel, 2025-10-14 Modernism is typically thought of as focusing on the

new and now not looking backward at historical catastrophes Yet in many surprising often submerged ways the transatlantic slave trade shaped the works of both Black and white writers This book reveals how modernists turned to the Middle Passage and in so doing upended Western ideas about time and space race and gender and the category of the human Bringing together Afro diasporic and Black studies scholarship modernist aesthetics and environmental studies Laura Winkiel presents a new literary history of modernism from the perspective of the Atlantic and its role in slavery and colonization She examines the works of African Caribbean British and US writers including Joseph Conrad William Faulkner Langston Hughes Zora Neale Hurston Claude McKay Jean Rhys Amos Tutuola and Virginia Woolf as well as later interlocutors such as Marlon James and Jamaica Kincaid Paying particular attention to settings on shorelines deltas archipelagos and the ocean Winkiel argues that allusions to the slave trade make visible the exploitative structural relations between the metropolis and the colonies and between the liberal subject and its others By turning to the ocean and its violent histories this groundbreaking book rethinks the fraught relationship of modernism and race
