The Night Watchmans Occurrence And Other Comic Inventions:

The Nightwatchman's Occurrence Book V. S. Naipaul, 2010-10-20 From the Nobel Prize winning author comes two novels and a collection of stories that capture the rhythms of life in the Caribbean and England with impressive subtlety and humor The world's writer a master of language and perception The New York Times Book Review The Suffrage of Elvira is Naipaul's hilarious take on an electoral campaign in the back country of Trinidad where the candidates tactics include blatant vote buying and supernatural sabotage The eponymous protagonist of Mr Stone and the Knights Companion is an aging Englishman of ponderously regular habits whose life is thrown into upheaval by a sudden marriage and unanticipated professional advancement And the stories in A Flag on the Island take us from a Chinese bakery in Trinidad whose black proprietor faces bankruptcy until he takes a Chinese name to a rooming house in London where the genteel landlady plays a nasty Darwinian game with her budgerigars Unfailingly stylish filled with intelligence and feeling here is the work of a writer who can do just about anything that can be done with language *Global Indian Diaspora* J. Vijay Maharaj, Radica Mahase, 2021-11-22 Indian Diaspora World Convention was held in Trinidad in 2017 to commemorate the 1917 decision of the Indian legislature to end further recruitment of Indians for overseas indentured service The eleven essays in this second volume cover a wide range under the heading Charting New Frontiers It is a diverse collection indicating broad scope among the researchers on this theme The contributors to this volume think through the conundrum of national citizenship in relation to their routes and roots from a variety of perspectives The essays compiled in this monograph thus reveal that the subject areas comprising the study of the Indian diaspora are interdisciplinary in nature and constantly evolving Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka **V. S. Naipaul of Trinidad** Nivedita Misra, 2024-01-09 The book is about V S Naipaul who was born in Trinidad in 1932 At the age of 18 Naipaul left Trinidad on a scholarship to study literature at Oxford He never returned to live in Trinidad His first book was published in 1956 and by the time Trinidad achieved political independence in 1962 he had published four books and was firmly established as a writer in England By the time Trinidad became a republic in 1976 Naipaul had written 13 books and had travelled through much of the postcolonial world This book highlights how Trinidad and Naipaul were bound in a love hate relationship where Naipaul continued to pass Trinidad off as a cynical island where nothing was created while Trinidad had its share by laying back a claim on him and his writing It is generally perceived that Naipaul shunned his place of birth as he called his birth in Trinidad a mistake Trinidad an unimportant uncreative cynical place and the Caribbean as the Third World's Third World His refusal to acknowledge Trinidad in his initial response to receiving the Nobel Prize added insult to injury Yet he was deeply bound to the island of Trinidad and his roots in the Indo Trinidadian community This book makes Naipaul's connection to Trinidad more than evident and as such adds to the present body of knowledge *Kaapse bibliotekaris*, 2004 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957 Forthcoming Books Rose
