The Nikopol Trilogy Enki Bilal, 2016-04-12 The year is 2025 and Herakles Nikopol has returned to Earth following a 30 year exile in cryostasis The Paris he lands in however is not the one he left In his absence the Gods of Egypt have returned to reassert their dominance over the human race One God in particular the renegade Horus has great plans he can only carry out with the help unwilling though it may be of Nikopol himself Together they embark on a wild adventure that involves politics intrigue love and a brutal blood soaked hockey game This brand new collected edition of The Nikopol Trilogy presents in full the brilliance humor and stunning artwork of Enki Bilal s iconic masterpiece Enki Bilal was born in the former Yugoslavia in 1951 His Belgrade childhood during the reign of Tito was instrumental in setting the tone and geopolitical themes he developed during his collaborations with Pierre Christin in particular and in his solo work [Comics through Time](#) M. Keith Booker, 2014-10-28 Focusing especially on American comic books and graphic novels from the 1930s to the present this massive four volume work provides a colorful yet authoritative source on the entire history of the comics medium Comics and graphic novels have recently become big business serving as the inspiration for blockbuster Hollywood movies such as the Iron Man series of films and the hit television drama The Walking Dead But comics have been popular throughout the 20th century despite the significant effects of the restrictions of the Comics Code in place from the 1950s through 1970s which prohibited the depiction of zombies and use of the word horror among many other rules Comics through Time A History of Icons Idols and Ideas provides students and general readers a one stop resource for researching topics genres works and artists of comic books comic strips and graphic novels The comprehensive and broad coverage of this set is organized chronologically by volume Volume 1 covers 1960 and earlier Volume 2 covers 1960 1980 Volume 3 covers 1980 1995 and Volume 4 covers 1995 to the present The chronological divisions give readers a sense of the evolution of comics within the larger contexts of American culture and history The alphabetically arranged entries in each volume address topics such as comics publishing characters imprints genres themes titles artists writers and more While special attention is paid to American comics the entries also include coverage of British Japanese and European comics that have influenced illustrated storytelling of the United States or are of special interest to American readers **Century's End** Pierre Christin, 2016-11-22 Century s End collects two of the most accomplished comics narratives to come out of the creative collaboration between visionary artist Enki Bilal and celebrated writer Pierre Christin In The Black Order Brigade a group of aging revolutionaries band together for one last stand against fascism As they spread around Europe chasing down leads and picking off old adversaries they realize they are heading for an explosive showdown A group of Communist leaders gather for some sport in a quiet forest in The Hunting Party Soon the snowy ground is stained with the blood of more than just animals as the machinations of the political world weave through the trees toward an unsuspecting victim an engaging original story that should resonate with audiences interested in the evolving process of history and how it is shaped Icv2 **The Routledge**
