The Norn Language Of Orkney And Shetland

Prof. Dr. Viveka Velupillai,Roy Mullay

The Norn Language Of Orkney And Shetland:

　The Norn Language of Orkney and Shetland Michael P. Barnes,1998 For some 950 years a Scandinavian language was spoken in Orkney and Shetland It was introduced into the islands by Viking settlers and became the dominant form of speech there Norroena or Norn as it was later called remained the chief medium of oral and written communication in the Northern Isles throughout the Viking Age for much of the Middle Ages This book traces the history of Norn describes its principal features and provides a selection of Scandinavian language texts from the Northern Isles accompanied by English translation and commentary　The Nordic Languages Oskar Bandle,Lennart Elmevik,Gun Widmark,2002 Annotation This handbook is conceived as a comprehensive history of the North Germanic languages from the oldest times up to the present day Whereas most of the traditional presentations of Nordic language history are confined to individual languages and often concentrate on purely linguistic data the present work covers the history of all Nordic languages in its totality embedded in a broad culture historical context The Nordic languages are described both individually and in their mutual dependence as well as in relation to the neighboring non Nordic languages The handbook is not tied to a particular methodology but keeps in principle to a pronounced methodological pluralism encompassing all aspects of actual methodology Moreover it combines diachronic with synchronic systematic aspects longitudinal sections with cross sections periods such as Old Norse transition from Old Norse to Early Modern Nordic Early Modern Nordic 1550 1800 and so on The description of Nordic language history is built upon a comprehensive collection of linguistic data it consists of more than 200 articles written by a multitude of authors from Scandinavian and German and English speaking countries The organization of the handbook combines a central part on the detailed chronological developments and some chapters of a more general character chapters on theory and methodology in the beginning and on overlapping spatio temporal topics in the end　**Language in the British Isles** Peter Trudgill,1984-05-17　Language Contact and Development Around the North Sea Merja-Riitta Stenroos,Martti Mäkinen,Inge Særheim,2012 This volume brings together eleven studies on the history of language and writing in the North Sea area with focus on contacts and interchanges through time Its range spans from the investigation of pre Germanic place names to present day Shetland the materials studied include glosses legal and trade documents as well as place names and modern dialects The volume is unique in its combination of linguistics and place name studies with literacy studies which allows for a very dynamic picture of the history of language contact and texts in the North Sea area Different approaches come together to illuminate a major insight the omnipresence of multilingualism as a context for language development and a formative characteristic of literacy Among the contributors are experts on English Nordic and German language history The book will be of interest to a wide range of scholars and students working on the history of Northern European languages literacy studies and language contact　**An Etymological Dictionary of the Norn Language in Shetland** Jakob Jakobsen,1928　**Shaetlan** Prof. Dr. Viveka Velupillai,Roy Mullay,2025-05-15 Shaetlan Dis is da first bilingual grammar o

Shaetlan da language at predaets English ithin Shetland da maist norderly bit o da UK Da language is o mixed ancestry wi Norn an Scots as its main input languages bit wi a linguistic history shaepit bi closs contact wi da Low Country Germanic languages becis o da intense Hanseatic an fysheen traedes Shaetlan is b n braaly stigmatised ower da hindmaist twa hunder year an is nivver b n tocht richt fir se Noo hit s ithin a precarious poseetion wi less an less young fokk takkin til it fae dir aald fokk Hoosumivver da backbonn o da language is bidden strong an still shaas da rare Mixed Language forebears no j st ithin da vocabulary bit ithin its grammar an aa Da grammar tells aboot da language fae a linguistic typological ootlook and sets it ithin a wirld typological context He s a linguistically kantit book bit is b n written fir aabody tae read Da data is maed up o 37 5 ooers o archival recoardeens yun s aboot 400 000 wirds fibye dat de r mair as 9 year o interviews participant observation an immersion Da book starts wi seeven contributions fae midder tongue spaekers o Shaetlan He s dan spleet inti twa pairts Pairt I tells da historico linguistic r ts ti Shaetlan tells aboot its status an plaess ithin Shetland daday shaas da science ahint caain hit a Mixed Language an offers a orthography at s b n pitten tigidder fir da data gaddered fir Da Shaetlan Projict Pairt II gies a grammatical description o Shaetlan as it stands noo sin a gineral typological linguistic framewark an is laid oot laek a conventional typological linguistic grammar Da hael book is bilingual apairt fae da bits fae da seeven midder tongue spaekers at ir onnly in Shaetlan as is onnly richt English This is the first bilingual grammar of Shaetlan the language which pre dates English in Shetland the northernmost part of the UK The language is of a mixed ancestry with Norn and Scots as its main input languages but with a linguistic history shaped by intense contact with the Low Country Germanic languages due to the intense Hanseatic and fishing trades Shaetlan has seen severe stigmatisation over the last few centuries and has never been formally recognised It is now in an endangered state with dwindling intergenerational transmission However the structure of the language has remained remarkably resilient and still shows its unique Mixed Language ancestry not only in its vocabulary but also in its grammar This grammar describes the language from a linguistic typological perspective and places it in a global typological context While it is a linguistically oriented book it is written to be accessible for the general public The data consists of 37 5 hours of archival recordings which represents a corpus of about 400 000 words as well as more than nine years of interviews participant observation and immersion The book starts with seven contributions by Shaetlan mother tongue speakers It is then divided into two parts Part I sets the scene and gives the historico linguistic background to the formation of Shaetlan discusses its status and place in society today shows the data for classifying it as a Mixed Language in its own right and presents the orthography used for the data in Da Shaetlan Projict Part II gives a grammatical description of contemporary Shaetlan using a general typological linguistic framework and structured as a conventional typological linguistic grammar The entire book is bilingual with the exception of the seven introductory contributions by Shaetlan mother tongue speakers which are in Shaetlan only   ,   <u>Northern European Reformations</u> James E. Kelly,Henning Laugerud,Salvador Ryan,2020-09-22 This book examines the experiences and interconnections of the

Reformations principally in Denmark Norway and Britain and Ireland but with an eye to the broader Scandinavian landscape as well and also discusses instances of similarities between the Reformations in both realms The volume features a comprehensive introduction and provides a broad survey of the beginnings and progress of the Catholic and Protestant Reformations in Northern Europe while also highlighting themes of comparison that are common to all of the bloc under consideration which will be of interest to Reformation scholars across this geographical region **Perspectives on Northern Englishes** Sylvie Hancil,Joan C. Beal,2017-07-10 Northern English has been the object of much attention linguistically over the last thirty years but scholars have had a tendency to focus on the phonology of the dialects and varieties encountered The purpose of the present volume is to complement and enrich the existing studies by providing readers with a kaleidoscopic perspective allowing for a holistic interpretation and understanding of Northern English It includes studies not only on phonology but also on semantics syntax and sociolinguistics from a synchronic and diachronic point of view with a special emphasis on the process of enregisterment The varieties covered include Scottish Standard English Shetland and Northern Ireland as well as varieties from the North of England The Origins and Development of Emigrant Languages Hans Frede Nielsen,Lene Schøsler,1996-01-01 The Origins and Development of Emigrant Languages is the proceedings from the Second Rasmus Rask Colloquium held at Odense University November 1994 **The Cross Goes North** Martin Carver,2005 37 studies of the adoption of Christianity across northern Europe over1000 years and the diverse reasons that drove the process In Europe the cross went north and east as the centuries unrolled from the Dingle Peninsula to Estonia and from the Alps to Lapland ranging in time from Roman Britain and Gaul in the third and fourth centuries to the conversion of peoples in the Baltic area a thousand years later These episodes of conversion form the basic narrative here History encourages the belief that the adoption of Christianity was somehow irresistible but specialists show theunderside of the process by turning the spotlight from the missionaries who recorded their triumphs to the converted exploring their local situations and motives What were the reactions of the northern peoples to the Christian message Why would they wish to adopt it for the sake of its alliances In what way did they adapt the Christian ethos and infrastructure to suit their own community How did conversion affect the status of farmers of smiths of princes and of women Was society wholly changed or only in marginal matters of devotion and superstition These are the issues discussed here by thirty eight experts from across northern Europe some answers come from astute re readings of the texts alone but most are owed to a combination of history art history and archaeology working together MARTIN CARVER is Professor of Archaeology University of York Language contact in the British Isles Per Sture Ureland,George Broderick,2011-05-09 Over the past few decades the book series Linguistische Arbeiten Linguistic Studies comprising over 500 volumes has made a significant contribution to the development of linguistic theory both in Germany and internationally The series will continue to deliver new impulses for research and maintain the central insight of linguistics that progress can only be made in acquiring new knowledge about

human languages both synchronically and diachronically by closely combining empirical and theoretical analyses To this end we invite submission of high quality linguistic studies from all the central areas of general linguistics and the linguistics of individual languages which address topical questions discuss new data and advance the development of linguistic theory

Historical Dictionary of the Vikings Katherine Holman,2003-09-29 The Historical Dictionary of the Vikings traces Viking activity in Europe North America and Asia for over three centuries During this period people from Scandinavia used their longships to launch lightning raids upon their European neighbors to colonize new lands in the east and west and to exchange Scandinavian furs for eastern wine and spices and Arab silver The Viking age also saw significant changes at home in Scandinavia kings extended their power Norse paganism lost ground to christianity and new towns and ports thrived as a result of increased contact with the wider world This book provides a comprehensive work of reference for people interested in the Vikings including entries on the main historical figures involved in this dramatic period important battles and treaties significant archaeological finds and key works and sources of information on the period It also summarizes the impact the Vikings had on the areas where they traveled and settled There is a chronological table detailed and annotated bibliographies for different themes and geographical locations and an introduction discussing the major events and developments of the Viking age *The to Z of the Vikings* Katherine Holman,2009-07-29 This book provides a comprehensive work of reference for people interested in the Vikings including entries on the main historical figures involved in this dramatic period important battles and treaties significant archaeological finds and key works and sources of informat **Handbook of Pre-Modern Nordic Memory Studies** Jürg Glauser,Pernille Hermann,Stephen A. Mitchell,2018-11-19 In recent years the field of Memory Studies has emerged as a key approach in the Humanities and Social Sciences and has increasingly shown its ability to open new windows on Nordic Studies as well The entries in this book document the work to date of this approach on the pre modern Nordic world mainly the Viking Age and the Middle Ages but including as well both earlier and later periods Given that Memory Studies is an ever expanding critical strategy the approximately eighty contributors in this volume also discuss the potential for future research in this area Topics covered range from texts to performance to visual and other aspects of material culture all approached from within an interdisciplinary framework International specialists coming from such relevant fields as archaeology mythology history of religion folklore history law art literature philology language and mediality offer assessments on the relevance of Memory Studies to their disciplines and show it at work in case studies Finally this handbook demonstrates the various levels of culture where memory had a critical impact in the pre modern North and how deeply embedded the role of memory is in the material itself The Nordic Languages. Volume 2 Oscar Bandle,Kurt Braunmüller,Ernst Hakon Jahr,Allan Karker,Hans-Peter Naumann,Ulf Telemann,Lennart Elmevik,Gun Widmark,2008-07-14 No detailed description available for NORDIC LANGUAGES BANDLE 2 VOL HSK 22 2 E BOOK **The Northern Earldoms** Barbara E. Crawford,2013-08-08 The medieval earldoms of Orkney and Caithness were positioned

between two worlds the Norwegian and the Scottish They were a maritime lordship divided or united by the turbulent waters of the Pentland Firth This unlikely combination of island and mainland territory survived as a single lordship for 600 years against the odds Growing out of the Viking maelstrom of the early Middle Ages it became an established and wealthy principality which dominated northern waters with a renowned dynasty of earls Despite their peripheral location these earls were fully in touch with the kingdoms of Norway and Scotland and increasingly subject to the rulers of these kingdoms How they maintained their independence and how they survived the clash of loyalties are themes explored in this book from the early Viking age to the late medieval era when the powerful feudal Sinclair earls ruled the islands and regained possession of Caithness This is a story of the time when the Northern Isles of Scotland were part of a different national entity which explains the background to the non Gaelic culture of this locality when links across the North Sea were as important as links with the kingdom of Scotland to the south **Northern and Insular Scots** Robert McColl Millar,2007-01-26 The Scots dialects of northern Scotland Orkney and Shetland are among the most traditional varieties of English exhibiting features not current elsewhere for centuries Until recently they were spoken in communities whose traditional occupations have encouraged the equation of speech with local identity They have all also been affected by contact with Gaelic or Norse or both In recent years however the decline of traditional industries has been matched by the discovery of oil off their coasts encouraging in migration of speakers of many varieties of English and other languages How well have these varieties maintained their traditional natures at the start of the 21st century World Englishes Volumes I-III Set Tometro Hopkins,Kendall Decker,John McKenny,2013-02-14 World Englishes is a twelve volume series presenting a comprehensive detailed survey of English as it is spoken all over the world The volumes are organised into four groups covering Britain Europe America Africa and Asia and celebrate English in all its diversity The chapters contain maps facts and figures and a detailed description about English as it is spoken in each region and are an invaluable library resource for undergraduates postgraduates and academics interested in the diversity of the English language *The Making of the Scottish Countryside* M. L. Parry,T. R. Slater,2021-10-12 Originally published in 1980 this book examines the evolution of the Scottish landscape from pre historic times to the mid nineteenth century It considers the way in which the structural base of agriculture and the changing farming system came to alter the Scottish rural landscape This book with its focus on the underlying landscape processes gives a developmental view of landscape change It therefore considers the crucial question of the rate and pace of landscape change and argues that the Scottish landscape was not the product of a few brief phases of quite rapid development but rather the result of a continual and gradual process of change It also looks at the regional variation of landscape change and establishes the importance of regional linkages in the diffusion of ideas especially in new technology

Whispering the Techniques of Language: An Mental Journey through **The Norn Language Of Orkney And Shetland**

In a digitally-driven earth wherever monitors reign great and immediate communication drowns out the subtleties of language, the profound secrets and emotional nuances hidden within words usually get unheard. The Norn Language Of Orkney And Shetland Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Norn Language Of Orkney And Shetland has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Norn Language Of Orkney And Shetland has opened up a world of possibilities. Downloading The Norn Language Of Orkney And Shetland provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Norn Language Of Orkney And Shetland has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Norn Language Of Orkney And Shetland. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Norn Language Of Orkney And Shetland. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Norn Language Of Orkney

And Shetland, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Norn Language Of Orkney And Shetland has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
