The Northbury Papers Joanne Dobson, 2010-07-28 Teaching American women's literature at New England's prestigious Enfield College has shown Karen Pelletier just how cutthroat the world of academe can be. But nothing in her tenure has prepared her for the perils to come as this bastion of higher learning throws open its doors to a cleverly calculating killer. A battered copy of Charlotte Brontë's *Jane Eyre* leads Professor Karen Pelletier to the long forgotten novels of an obscure writer named Serena Northbury. When she decides to pen the author's biography, she sets off a raging controversy. Everyone from her esteemed colleagues to her tyrannical department head regards Northbury's nineteenth-century writings as trash. But when the intrepid researcher stumbles upon a treasure trove of Northbury's papers including what looks very much like an unpublished novel, Karen knows she cannot quit for what could be more thrilling. Unfortunately, someone takes exception to Karen's penchant for digging up the past. Before long, she is the unlikely suspect in a homicide and the target of an erudite killer who is poised to kill again. From the Paperback edition Library Journal, 1998-05 **The Raven and the Nightingale** Joanne Dobson, 2000 An unexpected bequest sends waves of violence through the placid groves of academe in Joanne Dobson's third mystery to feature Professor Karen Pelletier. Still untenured and therefore on shaky academic ground, feisty young Enfield College professor Pelletier finds herself going head to head with the resident Edgar Allan Poe expert Elliot Corbin, an academic windbag of monumental proportions who is lobbying to be appointed to the much-coveted and recently vacated Palaver Chair. So when Karen receives a serendipitous bonanza in the form of never-before-seen manuscripts and journals by the nineteenth-century poet Emmeline Foster, who is rumored to have killed herself for the love of Poe, Corbin is predictably put out. Subsequently, the corrosive Corbin is stabbed to death in his home on Thanksgiving Day. Karen has an airtight alibi, but other suspects abound from the head of the women's studies program, who also pines for the Palaver Chair, to Visiting Poet Jane Birdwort, whose history with Corbin turns out to be far longer and closer than anyone had known. To the perpetually disgruntled department secretary, to a young female adjunct professor whose unbridled ambition will not be denied. Then Karen's office is ransacked and a number of the Emmeline Foster journals and poems are stolen, so it looks more and more as if Corbin's death may be inextricably entwined with the muse of his life, poet of the macabre Edgar Allan Poe. The undeniably attractive Lieutenant Piotrowski is called in, and as in the past, he solicits Karen's help involving her once more in the thankless task of investigating her not-always-so-collegial colleagues. As she did in her first two widely acclaimed novels, Joanne Dobson uses her savvy insider's knowledge of academic politics and her considerable talent for complex plotting to produce a witty and eminently satisfying entertainment.
