The Northeast Passage From The Vikings To Nordenskiöld:

The Northeast Passage Helsingin yliopisto. Kirjasto,1992 From Northeast Passage to Northern Sea Route
,2022-09-12 The notion of a waterway north of Eurasia conceived in the first half of the sixteenth century remained only a dream for centuries due to ice unmapped coastlines and a lack of geographical knowledge This volume is the first comprehensive scholarly account in English of the slow but steady exploration and commercial exploitation of the Siberian coastal waters and it proves that this was a truly international endeavour However in the end the Northern Sea Route as a through traverse route came to be used primarily by the Soviet Union for which it became a crucial vehicle for the geopolitical and economic integration of its vast territories As an international trade route the Northern Sea Route is only today about to win its way essentially as a result of global warming This being the case should we rejoice or despair

Russia and the Low Countries Roger Tavernier,2006 This bibliography contains everything that has been published in the West except from Russia about the relations between the Low Countries Belgium and the Netherlands and Russia in every Western language P 4 of cover The Arctic Voyages of Adolf Erik Nordenskiöld, 1858-1879 Alexander Leslie,2011-12-22 An account first published in 1879 of the explorer and geologist's voyages prior to his famous North East Passage expedition Over the Top Adrian Flanagan,2018-03-08 Only one person has ever sailed vertically around the world Adrian Flanagan Sailing horizontally is difficult enough crossing thousands of miles of ocean only to get near land at the Capes and battle treacherous currents However hundreds of sailors have still managed it Adrian became obsessed with the idea of sailing vertically around the world as a boy before he even knew whether it was possible Thirty years later he managed it This is his own account of his remarkable adventure It was an epic challenge sailing through the perilous waters around Cape Horn and across the remote hostile stretch of the Russian Arctic He survived being washed overboard capsizing a close encounter with pirates and also managed to treat not one but two dislocated wrists all of this alone a thousand miles or more from anyone who could help him complete his quest It wasn't all high drama however Adrian experienced moments of awe inspiring beauty being accompanied by a pod of whales and swimming with dolphins This is a timeless and unique story pacily written with a sense of humour but which captures the zeal and determination required to accomplish something nobody else has ever done before
