instance was popular in the decades after Chaucer's death but has since suffered critical neglect particularly in the twentieth century. The opposite has occurred with the Nun's Priest's Tale which has long been one of the most popular and widely discussed of the tales cited by some critics as the most essentially Chaucerian of them all. This annotated bibliography is a record of all editions, translations and scholarship written on The Monk's Tale and the Nun's Priest's Tale in the twentieth century with a view to revisiting the former and creating a comprehensive scholarly view of the latter. A detailed introduction summarizes all extant writings on the two tales and their relationship to each other giving a sense of the complexity of Chaucer's seminal work and the unique function of its component stories. By dealing with these two tales in particular, this bibliography suggests the complicated critical reception and history of The Canterbury Tales.

Stories Old and New, 2011-10-15. Stories Old and New is the first complete translation of Feng Menglong's *Gujin xiaoshuo* also known as *Yushi mingyan* *Illustrious Words to Instruct the World*, a collection of 40 short stories first published in 1620 in China. This is considered the best of Feng's three such collections and was a pivotal work in the development of vernacular fiction. The stories are valuable as examples of early fiction and for their detailed depiction of daily life among a broad range of social classes. The stories are populated by scholars and courtesans, spirits and ghosts, Buddhist monks and nuns, pirates and emperors and officials, both virtuous and corrupt. The streets and abodes of late Ming China come alive in Shuhui Yang and Yunqin Yang's smooth and colorful translation of these entertaining tales. Stories Old and New has long been popular in China and has been published there in numerous editions. Although some of the stories have appeared in English translations in journals and anthologies, they have not previously been presented sequentially in thematic pairs as arranged by Feng Menglong. This unabridged translation, illustrated with a selection of woodcuts from the original Ming dynasty edition and including Feng's interlinear notes and marginal comments as well as all of the verse woven throughout the text, allows the modern reader to experience the text as did its first audience nearly four centuries ago. Blood Rubies Michael McDowell, Dennis Schuetz, Axel Young, 2016-05-03. BLOOD RUBIES. It would bring bad luck, they said. But she split her pair of ruby earrings and gave one to each of her beautiful twin babies. Within hours she was burned to death in a fire. The twins lived. KATHERINE. Raised by a poor childless couple, Katherine was shy and withdrawn except in her love for the Sisters of the Immaculate Conception. In her heart, Katherine had found God. In her father's heart, they found a butcher knife. ANDREA. She grew up with all that money could buy. She was pretty and popular and went to the best schools. Her parents loved her dearly and gladly did anything to

please her But what made Andrea happy would make them dead THEY MET IN THEIR NIGHTMARES In the dark of sleep Katherine and Andrea had terrible dreams of being the other Until the hand of evil that guided their waking lives brought them face to face with each other and the crossed fate of horror awaiting them both *Problems for Feminist Criticism* Sally Minogue, 2012-10-11 Feminist criticism has come a long way in the last twenty years Its development has been rapid its snowball progress picking up elements of structuralism deconstruction and psychoanalytic criticism just as rapidly it has been shedding its own early theories and methodologies Now it is a critical orthodoxy with its own established canonical texts Now is the time then to begin to question that orthodoxy In *Problems for Feminist Criticism* five women critics seek to do that in a spirit of enquiry whose central point of focus is the literature for which feminist critics have offered a re reading By reference to a wide range of writers from Milton to the contemporary poet with a strong emphasis on the nineteenth century novel the contributors ask what we may be losing from literature by adopting the feminist orthodoxy Each chapter provides a survey of feminist critical approaches to its subject and highlights the inherent problems The book frees the way forward for critics who have found much that is stimulating and revealing in feminist approaches to literature but who find its proscriptiveness potentially reductive It shows how literature may have the flexibility to absorb and benefit from new critical approaches whilst still retaining its own life never quite to be contained in criticism s theories and methodologies

Ambiguity in Charlotte Brontë's Vilette Olga Springer, 2020-02-17 Charlotte Brontë's final novel Vilette 1853 is associated with ambiguity because of its open ending Does M Paul return to narrator protagonist Lucy Snowe or is he killed in a storm raging on the Atlantic Taking its famous ending as a starting point this study explores Vilette as a text in which ambiguity is all pervasive in various ways Among these is the narrator's ambivalent attitude toward herself and others epitomised in her stylistic idiosyncrasies The links between ambiguity and doubt are explored through an analysis of Lucy's signature phrase I know not expressive of her existential doubts and questioning attitude toward the world The analysis moreover focuses on the motif of the oracle as a traditionally ambiguous utterance and explores its relevance in the context of the generic tradition of Vilette as a fictional autobiography

Another focus is the interplay of figurative and literal levels of meaning in the allegorical episodes creating ambiguity
