The Ocean Tree:

The Ocean Tree David Andrus,1994 **The Ocean Tree** J. C. Button,2006 There is a legend that says that long ago in a great but forgotten civilization there was a tree that governed man The Ocean Tree consisted of seven branches including chaos order faith and good and evil Despite some branches been more powerful than others the tree allowed them all to speak in equal measure and they governed man with the most balanced of laws Harmony existed for a time until the branches were cut down and balance was lost As a great flood destroyed the ancient civilization the various branches were lost making a world of unchecked extremes Now in present day an archeologist and his teenage daughter Freya search the world for this ancient tree and the branches whilst pursued by murderous enemies Part of the legend says that one day a person will be born who has the power to unite all the branches once more and bring back harmony and balance to the world This person will be known as the Balanced One and will be the only person able to ride upon the branches and control their powers But the Balanced One s arrival will signify the start of the next apocalyptic flood that will destroy the world of man unless the branches are united Michael a teenager on holiday in Cornwall finds a mysterious and strange surfboard in his Grandfather s attic which is made from a wood like no other and that no one else can ride He soon discovers that this is much more than just a surfboard Soon his path will join with Freya and the two of them must embark on an epic journey around the world to find the lost branches of the ocean tree But whilst they battle against evil and danger at every turn the apocalypse is moving ever closer *The Fir Tree* James F.
