The Circle of Knowledge is an informative book that was designed in 1917 to be both inspiring and entertaining. The book represents the modern progressive spirit which fits that time in its forms of expression and its editorship. The purpose of this work is to answer the why, who, what, when, where, how of the wide majority of curious minds, both young and adult, and encourage them to raise further questions. Special measures were taken in creating this work to isolate essentials from non-essentials to differentiate human interest subjects of universal significance from those of little concern, to deliver living truths instead of dead vocabulary, and finally to bring the whole within the knowledge of the intermediate reader without regard to age in an acceptable and exciting form. The use of visual outlines and tables, maps, drawings, and diagrams, the illustrated works of great painters, sculptors, and architects, all are used to give the reader the valuable and cultural knowledge of past and present.

The Magic Book of Answers Yana Kovarik-Drust, 2015-06-30 When Colin finds an old leather book with a red stone in the woods, a new world opens to him. At first the book's pages are blank to Colin's disappointment, but once he starts asking questions, writing appears on the pages and tells him the book's story and how Mystero stole it from his original master, Aristo. Meanwhile, Mystero is desperate to get his hands on that book and sends his familiar Gorgo to search for it. Snoop Snoop tells him, "Someone is bound to have and use its power." Gorgo is basically a good sort and misses his old master, Aristo, very much, but he is also terrified of Mystero, so it takes him a while to decide which side to join, good or evil. He is helped by a vision of Aristo reminding him to look into his heart.
