Winning Women's Votes Julia Sneeringer, 2003-04-03 In November 1918 German women gained the right to vote and female suffrage would forever change the landscape of German political life Women now constituted the majority of voters and political parties were forced to address them as political actors for the first time Analyzing written and visual propaganda aimed at and frequently produced by women across the political spectrum including the Communists and Social Democrats liberal Catholic and conservative parties and the Nazis Julia Sneeringer shows how various groups struggled to reconcile traditional assumptions about women s interests with the changing face of the family and female economic activity

Through propaganda political parties addressed themes such as motherhood fashion religion and abortion But as Sneeringer demonstrates their efforts to win women s votes by emphasizing women s issues had only limited success The debates about women in propaganda were symptomatic of larger anxieties that gripped Germany during this era of unrest Sneeringer says Though Weimar political culture was ahead of its time in forcing even the enemies of women s rights to concede a public role for women this horizon of possibility narrowed sharply in the face of political instability economic crises and the growing specter of fascism

Here Comes Honey Boo Boo and Duck Dynasty, for example, are arguably two of the most compelling reality television programs currently airing because of their uniqueness and ability to transcend traditional boundaries in this genre. Reality Television: Oddities of Culture seeks to explore not the mundane reality programs but rather those programs that illustrate the odd, unique, or peculiar aspects of our society.
