Slavery From Roman Times To The Early Transatlantic Trade:

Slavery from Roman Times to the Early Transatlantic Trade William D. Phillips, 1985 *Slavery from Roman Times to the Early Transatlantic Trade* William D. Phillips, Jr., 1985 **Slavery from Roman Times to the Early Transatlantic Trade** William D. Phillips, 1985 *American Slavery, Atlantic Slavery, and Beyond* Enrico Dal Lago, 2015-12-22 American Slavery Atlantic Slavery and Beyond provides an up to date summary of past and present views of American slavery in international perspective and suggests new directions for current and future comparative scholarship It argues that we can better understand the nature and meaning of American slavery and antislavery if we place them clearly within a Euro American context Current scholarship on American slavery acknowledges the importance of the continental and Atlantic dimensions of the historical phenomenon comparing it often with slavery in the Caribbean and Latin America However since the 1980s a handful of studies has looked further and has compared American slavery with European forms of unfree and nominally free labor Building on this innovative scholarship this book treats the U S peculiar institution as part of both an Atlantic and a wider Euro American world It shows how the Euro American context is no less crucial than the Atlantic one in understanding colonial slavery and the American Revolution in an age of global enlightenment reformism and revolutionary upheavals the Cotton Kingdom s heyday in a world of systems of unfree labor and the making of radical Abolitionism and the occurrence of the American Civil War at a time when nationalist ideologies and nation building movements were widespread

The Dutch Slave Trade, 1500-1850, 2006 Dutch historiography has traditionally concentrated on colonial successes in Asia However the Dutch were also active in West Africa Brazil New Netherland the present state of New York and in the Caribbean In Africa they took part in the gold and ivory trade and finally also in the slave trade something not widely known outside academic circles P C Emmer one of the most prominent experts in this field tells the story of Dutch involvement in the trade from the beginning of the 17th century much later than the Spaniards and the Portuguese and goes on to show how the trade shifted from Brazil to the Caribbean He explains how the purchase of slaves was organized in Africa records their dramatic transport across the Atlantic and examines how the sales machinery worked Drawing on his prolonged study of the Dutch Atlantic slave trade he presents his subject clearly and soberly although never forgetting the tragedy hidden behind the numbers the dark side of the Dutch Golden Age which makes this study not only informative but also very readable

Prince Henry 'the Navigator' Peter Edward Russell, 2001-01-01 Studie over de centrale rol die prins Hendrik de Zeevaarder 1394 1460 speelde bij de eerste Portugese ontdekkingsreizen *Atlantic American Societies* Alan Karras, J.R. McNeill, 2002-03-11 Within the chronological framework of Implantation Maturation and Transition this book provides the history of European expansion in the Americas from the age of Columbus through the abolition of slavery Suggesting a shift in the traditional units of analysis away from nationally defined boundaries this volume considers all of the Americas and Africa to encourage students to see the larger interimperial issues which governed behaviour in both the new world and the

old It also provides students with a mechanism for viewing interimperial rivalries from the largest possible perspective by focusing not only on commercial and demographic history and military and economic interaction between metropolitan regions and their colonies but on the interdependence of European African and Amerindian peoples and culture

The Making of New World Slavery Robin Blackburn, 2020-05-05 The Making of New World Slavery argues that independent commerce geared to burgeoning consumer markets was the driving force behind the rise of plantation slavery The baroque state sought successfully to feed upon this commerce and with markedly less success to regulate slavery and racial relations To illustrate this thesis Blackburn examines the deployment of slaves in the colonial possessions of the Portuguese the Spanish the Dutch the English and the French Plantation slavery is shown to have emerged from the impulses of civil society not from the strategies of individual states Robin Blackburn argues that the organization of slave plantations placed the West on a destructive path to modernity and that greatly preferable alternatives were both proposed and rejected Finally he shows that the surge of Atlantic trade predicated on the murderous toil of the plantations made a decisive contribution to both the Industrial Revolution and the rise of the West

The Economics of the Indian Ocean Slave Trade in the Nineteenth Century William Gervase Clarence-Smith, 2013-12-16 First Published in 1989 Well over a million slaves were exported from Indian Ocean and Red Sea ports in Eastern Africa during the nineteenth century and millions more were shifted around the interior of the continent and along the coast of East Africa And yet we still know remarkably little about this great movement of people particularly from an economic point of view This is a collection of twelve essays looking at the economics of the Indian Ocean and the Red Sea Slave trades of the nineteenth century

African American Religions, 1500-2000 Sylvester A. Johnson, 2015-08-06 This book provides a narrative historical postcolonial account of African American religions It examines the intersection of Black religion and colonialism over several centuries to explain the relationship between empire and democratic freedom Rather than treating freedom and its others colonialism slavery and racism as opposites Sylvester A. Johnson interprets multiple periods of Black religious history to discern how Atlantic empires particularly that of the United States simultaneously enabled the emergence of particular forms of religious experience and freedom movements as well as disturbing patterns of violent domination Johnson explains theories of matter and spirit that shaped early indigenous religious movements in Africa Black political religion responding to the American racial state the creation of Liberia and FBI repression of Black religious movements in the twentieth century By combining historical methods with theoretical analysis Johnson explains the seeming contradictions that have shaped Black religions in the modern era

[Encyclopedia of Ancient Greece](#) Nigel Wilson, 2013-10-31 Examining every aspect of the culture from antiquity to the founding of Constantinople in the early Byzantine era this thoroughly cross referenced and fully indexed work is written by an international group of scholars This Encyclopedia is derived from the more broadly focused Encyclopedia of Greece and the Hellenic Tradition the highly praised two volume work Newly edited by Nigel Wilson this single volume reference provides a comprehensive and

authoritative guide to the political cultural and social life of the people and to the places ideas periods and events that defined ancient Greece

The Trans-Saharan Slave Trade John Wright, 2007-04-03 This compelling text sheds light on the important but under studied trans Saharan slave trade The author uncovers and surveys this the least noticed of the slave trades out of Africa which from the seventh to the twentieth centuries quietly delivered almost as many black Africans into foreign servitude as did the far busier but much briefer Atlantic and East African trades Illuminating for the first time a significant but ignored subject the book supports and widens current scholarly examination of Africans essential role in the enslavement of fellow Africans and their delivery to internal Atlantic or trans Saharan markets

America on the World Stage Organization of American Historians, 2024-04-22 Recognizing the urgent need for students to understand the emergence of the United States power and prestige in relation to world events Gary W Reichard and Ted Dickson reframe the teaching of American history in a global context Each essay covers a specific chronological period and approaches fundamental topics and events in United States history from an international perspective emphasizing how the development of the United States has always depended on its transactions with other nations for commodities cultural values and populations For each historical period the authors also provide practical guidance on bringing this international approach to the classroom with suggested lesson plans and activities Ranging from the colonial period to the civil rights era and everywhere in between this collection will help prepare Americans for success in an era of global competition and collaboration Contributors are David Armitage Stephen Aron Edward L Ayers Thomas Bender Stuart M Blumin J D Bowers Orville Vernon Burton Lawrence Charap Jonathan Chu Kathleen Dalton Betty A Dessants Ted Dickson Kevin Gaines Fred Jordan Melvyn P Leffler Louisa Bond Moffitt Philip D Morgan Mark A Noll Gary W Reichard Daniel T Rodgers Leila J Rupp Brenda Santos Gloria Sesso Carole Shammas Suzanne M Sinke Omar Valerio Jimenez Penny M Von Eschen Patrick Wolfe and Pingchao Zhu

Trafficking of Human Beings from a Human Rights Perspective Tom Obokata, 2006 It has been widely accepted that trafficking of human beings is a human rights issue However it has been difficult to address the human rights aspects of the phenomenon in practice because a comprehensive analysis of applicable human rights norms and principles has not been fully developed and therefore the nature of obligations imposed upon States is not entirely clear The purpose of this book then is to establish a human rights framework to promote better understanding of the multi faceted problems inherent in trafficking of human beings articulate obligations imposed upon States and facilitate a holistic approach The book also contains chapters on case studies at the national regional and international levels thereby combining the theory and practice

Human Trafficking in Medieval Europe Christopher Paoletta, 2025-10-01 Human trafficking has become a global concern over the last twenty years but its violence has terrorized and traumatized its victims and survivors for millennia This study examines the deep history of human trafficking from Late Antiquity to the Early Modern Period It traces the evolution of trafficking patterns the growth and decline of trafficking routes the everchanging relationships

between traffickers and authorities and it examines the underlying causes that lead to vulnerability and thus to exploitation. As the reader will discover, the conditions that lead to human trafficking in the modern world such as poverty, attitudes of entitlement, corruption, and violence have a long and storied past. When we understand that past, we can better anticipate human trafficking's future and then we are better able to fight it.

Homicide Justified Andrew T. Fede, 2017-07-15. This comparative study looks at the laws concerning the murder of slaves by their masters and at how these laws were implemented. Andrew T. Fede cites a wide range of cases across time, place, and circumstance to illuminate legal, judicial, and other complexities surrounding this regrettably common occurrence. These laws had evolved to limit in different ways the masters' rights to severely punish and even kill their slaves while protecting valuable enslaved people understood as property from wanton destruction by hirers, overseers, and poor whites who did not own slaves. To explore the conflicts of masters' rights with state and colonial laws, Fede shows how slave homicide law evolved and was enforced not only in the United States but also in ancient Roman, Visigoth, Spanish, Portuguese, French, and British jurisdictions. His comparative approach reveals how legal reforms regarding slave homicide in antebellum times, like past reforms dictated by emperors and kings, were the products of changing perceptions of the interests of the public, of the individual slave owners, and of the slave owners' families, heirs, and creditors. Although some slave murders came to be regarded as capital offenses, the laws consistently reinforced the second-class status of slaves. This influence, Fede concludes, flowed over into the application of law to free African Americans and would even make itself felt in the legal attitudes that underlay the Jim Crow era.

Critical Readings on Global Slavery Damian Alan Pargas, Felicia Roşu, 2017-12-05. The study of slavery has grown strongly in recent years as scholars working in several disciplines have cultivated broader perspectives on enslavement in a wide variety of contexts and settings. Critical Readings on Global Slavery offers students and researchers a rich collection of previously published works by some of the most preeminent scholars in the field. With contributions covering various regions and time periods, this anthology encourages readers to view slave systems across time and space as both ubiquitous and interconnected and introduces those who are interested in the study of human bondage to some of the most important and widely cited works in slavery studies.

British Capitalism and Caribbean Slavery Barbara Lewis Solow, Stanley L. Engerman, 2004-07-08. The proceedings of a conference on Caribbean slavery and British capitalism are recorded in this volume. Convened in 1984, the conference considered the scholarship of Eric Williams, his legacy in this field of historical research.

Fighting the Slave Trade Sylviane Anna Diouf, 2003-10-24. Annotation. Explores in a systematic manner the strategies Africans used to protect and defend themselves and their communities from the onslaught of the Atlantic slave trade and how they assaulted it.

What is a Slave Society? Noel Emmanuel Lenski, Catherine M. Cameron, 2018-05-10. Interrogates the traditional binary slave societies, societies with slaves as a paradigm for understanding the global practice of slaveholding.

Right here, we have countless books **Slavery From Roman Times To The Early Transatlantic Trade** and collections to check out. We additionally provide variant types and as well as type of the books to browse. The gratifying book, fiction, history, novel, scientific research, as skillfully as various further sorts of books are readily affable here.

As this Slavery From Roman Times To The Early Transatlantic Trade, it ends stirring physical one of the favored book Slavery From Roman Times To The Early Transatlantic Trade collections that we have. This is why you remain in the best website to look the incredible ebook to have.
