Doug Davis,Michael O. Slobodchikoff,2018-12-14 The end of the Cold War heralded in a new era for liberalism Eastern European states adopted democracy and capitalism to gain acceptance by the West Yet a mere two decades later liberalism was in crisis The rise of illiberal democracies and nationalist movements in the second decade of the twenty first

century have left scholars baffled How could this happen Dr s Davis and Slobodchikoff show that the decline of the liberal order lies within its own ideology as it champions freedom liberalism requires its adherents to give up their cultural traditions and adopt the global ethos to be legitimate Through a systematic analysis of Western and Russian soft power in Poland and Serbia the authors explain the decline of liberalism and the battle over the balance of power in Eastern Europe
