means to go home again Kristan Higgins New York Times bestselling author The lake is crystal blue the hills roll for miles and breaking news travels via the Methodist prayer chain But don't let the postcard fool you Coldwater Cove Oklahoma leavens its small town charm with plenty of Ozark snark For Lacy Evans returning to flyover country is the definition of failure She had everything she wanted an award winning design firm a chic city condo a handsome aristocratic almost fianc Then her boyfriend ran off with her receptionist and her clients money Now she's out of business and crashing on her parents couch When she slides into a booth at the Green Apple Grill she s feeling lower than a worm s belly But Lacy s old classmate Jacob Tyler is happy to see her Coldwater's football hero came back from Afghanistan short part of a leg and some peace of mind but he s counting his blessings and Lacy could be one of them Then there s her ex Daniel wearing a sheriff s badge and a wedding ring but looking like young summer love And a host of unlikely serendipities the selfless do gooders who sneak around taming curmudgeons and constructing second chances The Fighting Marmots The sprawling take no prisoners Bugtussle clan Lacy thought she knew her hometown and herself She just wanted to get on her feet and keep running But the longer she stays the more she finds to change her mind Readers of sweet romance will fall in love with Coldwater Cove Lexi Eddings s talent shines in this edgy fresh story Kristan Higgins New York Times bestselling author Women's Leadership: Business Lisa Hetfield, Dana M. Britton, 2016-05-23 How have women managed to break through the glass ceiling of the business world and what management techniques do they employ once they ascend to the upper echelons of power What difficult situations have these female business leaders faced and what strategies have they used to resolve those challenges Junctures in Women's Leadership Business answers these questions by highlighting the professional accomplishments of twelve remarkable women and examining how they responded to critical leadership challenges Some of the figures profiled in the book are household names including lifestyle maven Martha Stewart influential chef Alice Waters and trailblazing African American entrepreneur Madame C J Walker Others have spent less time in the public eye such as Johnson Johnson executive JoAnn Heffernan Heisen Verizon Senior Vice President Diane McCarthy Wells Fargo technology leader Avid Modjtabai Xerox CEO Ursula Burns Spanx founder Sara Blakely inventor Jane ni Dhulchaointigh engineering firm President Roseline Marston Calvert Investments President and CEO Barbara Krumsiek and Merrill Lynch executive Subha Barry These women from diverse backgrounds have played important roles in their respective corporations and many have worked to improve the climate for women in male dominated industries This is a book about women who are leading change in business Their stories illuminate the ways women are using their power and positions whether from the middle ranks or the top whether from within companies or by creating their own companies Each case study in Junctures in Women s Leadership Business includes a compelling and instructive story of how a woman business leader handled a critical juncture or crisis in her career Not only does the book offer an inspiring composite portrait of women succeeding in the business world it also provides leadership lessons that will benefit readers regardless of gender The Spanx Story Charlie

Wetzel, Stephanie Wetzel, 2020-10-27 What can you learn from one of the most successful companies in the world The Spanx Story will help you understand and adopt the competitive strategies workplace culture and daily business practices that enabled entrepreneur Sara Blakely to dominate the shapewear industry and become a billionaire Sara Blakely had a problem She had a beautiful pair of white designer pants hanging in her closet just calling out to her to wear them even though they accented her least favorite feature cellulite After searching high and low for a solution and coming up empty an idea was born Spanx The Spanx Story chronicles Sara's journey from long nights researching patent and trademark law to years of cold shoulders she received from the titans of the pantyhose industry to the cold call that led to the shelves of Nieman Marcus It was a long road of incredible hard work and determination that led Spanx to become the iconic brand it is today Through Sara's story you will learn How to develop an idea and turn it into a business How to start a company with very little capital by thinking outside of the box and dedicating every spare moment to your goal How to recognize when it s better to hire a CEO than to be the CEO How to stay the course and continue to believe in your idea despite naysayers and going against an industry resistant to innovation The Spanx Story educates and inspires entrepreneurs and innovators to find the problem for their solutions and persevere through the hard work that goes into building a billion dollar company **GameAxis Unwired**, 2007-03 GameAxis Unwired is a magazine dedicated to bring you the latest news previews reviews and events around the world and close to you Every month rain or shine our team of dedicated editors and hardcore gamers put themselves in the line of fire to bring you news previews and other things you will want to know Nguyen, 2020 Games are a unique art form They do not just tell stories nor are they simply conceptual art They are the art form that works in the medium of agency Game designers tell us who to be in games and what to care about they designate the player's in game abilities and motivations. In other words designers create alternate agencies and players submerge themselves in those agencies Games let us explore alternate forms of agency The fact that we play games demonstrates something remarkable about the nature of our own agency we are capable of incredible fluidity with our own motivations and rationality This volume presents a new theory of games which insists on games unique value in human life C Thi Nguyen argues that games are an integral part of how we become mature free people Bridging aesthetics and practical reasoning he gives an account of the special motivational structure involved in playing games We can pursue goals not for their own value but for the sake of the struggle Playing games involves a motivational inversion from normal life and the fact that we can engage in this motivational inversion lets us use games to experience forms of agency we might never have developed on our own Games then are a special medium for communication They are the technology that allows us to write down and transmit forms of agency Thus the body of games forms a library of agency which we can use to help develop our freedom and autonomy Nguyen also presents a new theory of the aesthetics of games Games sculpt our practical activities allowing us to experience the beauty of our own actions and reasoning They are unlike traditional artworks in that they are designed to

sculpt activities and to promote their players aesthetic appreciation of their own activity GameAxis Unwired ,2007-03 GameAxis Unwired is a magazine dedicated to bring you the latest news previews reviews and events around the world and close to you Every month rain or shine our team of dedicated editors and hardcore gamers put themselves in the line of fire to bring you news previews and other things you will want to know Voice & Vision Mick Hurbis-Cherrier, Gustavo Mercado, 2025-04-23 Develop your creative voice whilst acquiring the practical skills and confidence to use it with this new and fully updated edition of Mick Hurbis Cherrier's filmmaking bible Voice interactive and high resolution figures extra tachnical chapters forms and logs for preproduction production and postproduction video examples that illustrate key concepts found within the book and more The fourth edition has been fully revised and includes updates to video formats camera technology and lighting tools expanded sections on multi camera shooting smartphone filmmaking and drone cinematography a new example short film for streaming and analysis discussions on emerging AI applications for film production additional information and resources on film set safety including best practices for intimacy scenes and updates to contemporary funding and distribution strategies Whether using it in the classroom or looking for a comprehensive reference Voice Vision details all that s needed to know about the filmmaking process delivered in an accessible and reader Just Eat Barry Estabrook, 2021-02-02 The New York Times bestselling author of Tomatoland test drives friendly format the most popular diets of our time investigating the diet gurus contradictory advice and science behind the programs to reveal how we should and shouldn t be dieting Essential reading This will completely change your ideas about what you should be eating Ruth Reichl author of Save Me the Plums Investigative journalist Barry Estabrook was often on the receiving end of his doctor's scowl Realizing he had two options take more medication or lose weight Estabrook chose the latter but was paralyzed by the options Which diet would keep the weight off What program could he maintain over time What diet works best or even at all Over the course of three years Estabrook tried the regimens behind the most popular diets of the past forty years from paleo keto gluten free and veganism to the Master Cleanse Whole 30 Atkins Weight Watchers examining the people claims and science behind the fads all while recording his mental and physical experience of following each one Along the way he discovered that all the branded programs are derived from just three diets. There are effective scientifically valid takeaways to be cherry picked and the rest is just marketing Perhaps most alarming Estabrook uncovered how short term weight loss can do long term health damage that may go undetected for years Estabrook contextualizes his reporting with an analysis of our culture s bizarre dieting history dating back to the late 1800s to create a thorough and thoroughly entertaining look at what specific diets do to our bodies why some are more effective than others and why our relationship with food is so fraught Estabrook s account is a relatable pragmatic look into the ways we try to improve our health through dieting revealing the answer may be to just eat ABA Journal, 2001-03 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar
