Smuggling In The Bristol Channel 1700-1850:

Smuggling in the Bristol Channel 1700-1850 Graham Smith, 1989 *Smuggling in Devon and Cornwall 1700-1850* Mary Waugh, 1991 **The Seventeenth-Century Customs Service Surveyed** William B. Stephens, 2016-03-03 In January 1682 William Culliford a loyal and experienced officer in the King's customs service began an extraordinary journey under Treasury orders to investigate the integrity and efficiency of the customs establishments of southwest England and south Wales as part of a drive to maximize the Crown's income from customs duties on which it relied for much of its revenue. Starting at Bristol Culliford eventually completed this daunting task in Cornwall over two years later in the spring of 1684. His report on each of the ports he inspected the primary source for this book revealed widespread smuggling and fraud in the context of a customs service both lacking in efficiency and riddled with corruption. The book documents the varied frauds and wide ranging abuses uncovered and their facilitation by customs officers only too ready to collude with smugglers, dishonest merchants and seamen and to accept bribes to ignore tax evasion. It describes too Culliford's assessment of the administrative practices of each port inspected and his judgment on the levels of probity and efficiency of individual officers detailing his recommendations for procedural improvements and the treatment of the corrupt and incompetent and incidentally of those suspected of political and religious dissent. Additionally the book presents a body of statistical data on the customs revenue actually collected at individual ports in the 1670s and 1680s and surveys the extent and nature of the maritime trade of the ports Culliford examined. It thus not only throws light on the history of the customs service but provides a rare insight into the interactions of economic, social and political issues in the later seventeenth century and makes a valuable contribution to the particular histories of the ports and maritime districts visited by this energetic and tenacious investigator.

Protest, Politics and Work in Rural England, 1700-1850 Carl Griffin, 2013-11-28 Rural workers in eighteenth and early nineteenth century England were not passive victims in the face of rapid social change. Carl J Griffin shows that they deployed an extensive range of resistances to defend their livelihoods and communities. Locating protest in the wider contexts of work, poverty and landscape change, this new text offers the first critical overview of this growing area of study.

Financing of Organised Crime Center for the Study of Democracy, University of Trento, Teesside University, 2015 The report *Financing of Organised Crime* contributes to a better understanding of the financial aspects of organised crime. The analysis explores topics such as the sources and mechanisms for financing organised crime, settlement of payments, access to financing in critical moments, costs of business and the management of profits. Drawing on the results of the analysis, the report also suggests possible new approaches to tackling organised crime.

[The Naval History of Wales](#) J.D. Davies, 2013-07-01 Based on extensive research *The Naval History of Wales* tells a compelling story that spans nearly 2,000 years from the Romans to the present. Many Welsh men and women have served in the Royal Navy and the navies of other countries. Welshmen played major parts in voyages of exploration, in the navy's suppression of the slave trade and in naval

warfare from the Viking era to the Spanish Armada in the American Civil War both world wars and the Falklands War Comprehensive enlightening and provocative The Naval History of Wales also explodes many myths about Welsh history naval historian J D Davies arguing that most Welshmen in the sailing navy were volunteers and that relative to the size of national populations proportionately more Welsh seamen than English fought at Trafalgar Written in vivid detail this volume is one that no maritime or Welsh historian can do without *Welsh History: Strange but True* Geoff Brookes,2014-04-07 Sir John Pryce of Newtown Hall died in 1761 He kept the embalmed bodies of his first two wives on either side of his bed until his third wife insisted that they were removed In 1856 Ronald Rhys from the Vale of Neath disappeared for a week after seeing a strange light in a field and hearing a loud noise He remembered being examined by small creatures who took a sample of his blood Oh yes and America is named after a Welshman and the Holy Grail is kept in a bank vault in West Wales This book contains hundreds of strange but true facts and anecdotes about Welsh history Arranged into a miniature history of Wales and with bizarre and hilarious true tales for every era it will interest and delight readers everywhere *Transactions - Bristol and Gloucestershire Archaeological Society* Bristol and Gloucestershire Archaeological Society,1992 **Britain and the Sea** Glen O'Hara,2010-06-30 O Hara presents the first general history of Britons relationship with the surrounding oceans from 1600 to the present day This all encompassing account covers individual seafarers ship borne migration warfare and the maritime economy as well as the British people s maritime ideas and self perception throughout the centuries
