traits may help someone get selected for a leadership role but they backfire once the person has the job When competent women and men who don't fit the stereotype are unfairly overlooked we all suffer the consequences The result is a deeply flawed system that rewards arrogance rather than humility and loudness rather than wisdom There is a better way With clarity and verve Chamorro Premuzic shows us what it really takes to lead and how new systems and processes can help us put the right people in charge The Book of Common Prayer ...
