Sociable God:

A Sociable God Ken Wilber,1983 A Sociable God Ken Wilber,2005-02-22 In one of the first attempts to bring an integral dimension to sociology Ken Wilber introduces a system of reliable methods by which to make testable judgments of the authenticity of any religious movement A Sociable God is a concise work based on Wilber's spectrum of consciousness theory which views individual and cultural development as an evolutionary continuum Here he focuses primarily on worldviews archaic magic mythic mental psychic subtle causal nondual and evaluates various cultural and religious movements on a scale ranging from egocentric to ethnocentric to worldcentric to Kosmic By using this integral view Wilber hopes society would be able to discriminate between dangerous cults and authentic spiritual paths In addition he points out why these distinctions are crucial in understanding spiritual experiences and altered states of consciousness In a lengthy new introduction the author brings the reader up to date on his latest integral thinking and concludes that for the succinct and elegant way it argues for a sociology of depth A Sociable God remains a clarion call for a greater sociology *A Sociable God* Ken Wilber,1983 **The Collected Works of Ken Wilber: A sociable god ; Eye to eye** Ken Wilber,1999 **A Sociable God, Eye to Eye** Ken Wilber,1999 Part of a series of 12 volumes of Ken Wilbur's work this volume contains A Sociable God and Eye to Eye **The Collected Works of Ken Wilber, Volume 3** Ken Wilber,1999-12-28 Volume Three of The Collected Works of Ken Wilber includes A Sociable God Toward a New Understanding of Religion 1982 is a scholarly introduction to a psychology and sociology of religion that presents a system of reliable methods by which to determine the authenticity of any religious movement Eye to Eye The Quest for the New Paradigm 1983 examines three realms of knowledge the empirical realm of the senses the rational realm of the mind and the contemplative realm of the spirit This book includes important essays such as The Pre Trans Fallacy and A Mandalic Map of Consciousness **Ken Wilber** Frank Visser,2012-02-01 This is the definitive guide to the life and work of Ken Wilber widely regarded as the most comprehensive and passionate philosopher of our times In this long overdue exploration of Wilber's life and work Frank Visser not only outlines the theories of this profound thinker but also uncovers his personal life showing how his experiences influenced and shaped his writing Wilber's impressive body of work including nineteen books in more than thirty languages brings together science and religion philosophy art culture East and West and places them within the all encompassing perspective of evolution Visser's book follows Wilber's four distinct phases as he reveals not only the story behind Wilber's writing but also the man behind the ideas In recounting the course of Wilber's life and the motives that led him to the subjects he has written so much about Visser uncovers the intricacies of one of the world's most important intellectuals Included in this indispensable resource is a complete bibliography of Wilber's work **Eye to Eye** Ken Wilber,2001-01-30 Eye to Eye The Quest for the New Paradigm offers a profound exploration of consciousness mapping the evolution of human awareness from primal states to transcendental realms Ken Wilber analyzes the interplay between science philosophy and spirituality

George Gammack, 2015-08-13 We all know what church is Likewise we are provided with a supply of set notions for God Christ and the Bible which make up the stock-in-trade equipment for both believer and non-believer This study asks

fundamental questions about all these from a relational perspective attempting to illumine the faith quest by way of clues from the common realities of human interaction In this it is the appropriate provisions of relationships rather than the assent to doctrines that forms the spiritual basis of community Such a theology of relatedness is urgently needed We must come out of our creedal closets to be part of a new diaspora This demands a secret discipline of servant relationship at work in that no man s land where there is space for all manner of secular saints and doctrinal devils to discover the possibilities of their togetherness the secret service church in odd places and often strange company **Leave Love with Me** William Lawton,2023-09-19 Desire for beauty is at the heart of human existence Some find this meaning out of their religious or spiritual perspective Some find it at the edge of their traditions And others find it outside any recognizable tradition This book speaks especially to the second and third groups of people Desire releases us to explore difference and to honor alternatives Desire shapes our lives in unique ways It centers our energies for personal and relational change where difference can be debated and variety permitted We might transcend circumstances that limit us Desire is more than meaningfulness it is captivation of mind and spirit to life s possibility In my discovery desire is an abandonment to beauty

LBO 6 - The Human Soul David Butterworth,2023-12-03 The sixth book of the series explores the human soul This is where the mind the heart and the ID exists And this place actually exists as a singularity that is connected to every cell in the body And the soul can get sick affecting how we think feel and react to everyone around us If you ever looked at the night sky and wondered if this is all there is I have an answer to this question No It definitely is not Inside of you is a whole universe as large as the one you are looking at and it requires exploration You have a soul You are alive and your life determines how you view the world So get ready for an adventure one of self discovery A soul is a singularity that divides up into smaller branches and then into twigs connected to every cell of your body All of these individual sections are connected but they have different attributes or responsibilities that s connected to the whole How do they know this From the insides the division is from within the branches Here is purpose and understanding awareness and order that s mentioned in the first book of the series The absolute requirement of the mental universe and it exists within the soul of every living creature on earth both animal and plant based Now the soul runs the body When the soul is separated from the body then the body quickly returns to the original dust Your soul continues to exist however as a unique singularity space In truth you are your own universe The question you have to ask yourself is this Do you want to be alone with yourself Remember you are a part of life on earth If you spent your life focus on external factors like money success pleasures and ignored the inner connections to beauty and truths then the death experience is going to be horrific So our light is the Zoe life which is actually God s life But if we identify with our psyche only our personality our intellect or even if we identify with our body only our strengths or our beauty then we miss the gifts God has for us We are in darkness in other words the spiritual light is very dim if it hasn t gone out completely There are many people who have lost the twinkle in their eye the zest for life They routinely go through the

duties of the day without any creativity spontaneity or happiness These are the walking dead Our society is full of them Read about the Personality Disorders Thought Disorder Mood Disorders Depression Anxiety Disorders that can affect your very soul Learn about Jesus He is our Zoe Life Learn about His purpose and how He can give you life Learn about how we should live as given in the book of Galatians chapter 5 verses 1 25 Allow the Lord to touch you He is the healing anointing the medicine needed for you to improve
