Thirty Years of Reform and Social Changes in China Qiang Li, 2010-08-03 *Thirty Years of Reform and Social Changes in China* is translated from the original Chinese to provide a look into how scholars in China have been assessing their country's recent societal and political history. This volume and the others in the SSRC series provide western scholars with an accessible English language look at the state of current scholarship in China and as such does not simply provide information for the direct study of socio-political issues but also for meta-level analysis of how the domestic scholarship in China is developing and assessing the interplay of the country's political and economic reforms with the society and daily life of its people. Yellow Horse, 2024-07-22 *Women's Sexual and Reproductive Health* addresses the sexual and reproductive health needs of Asian American, Native Hawaiian, and Pacific Islander AANHPI women from a structural and intersectional perspective. AANHPI women in the United States have often been grouped together due to their race and gender, regardless of their specific communities' diverse histories with the United States and different educational and economic opportunities. The authors argue that AANHPI women are misunderstood by health professionals and researchers and foregrounds AANHPI women's experiences to demonstrate the challenges they face when seeking health care. The book highlights the diversity of AANHPI women by drawing on their first-hand experiences and argues for the disaggregation of health data on AANHPI women. *Women's Sexual and Reproductive Health* is of value to college classrooms that address racial disparities, health disparities, and women's experiences as well as for health care professionals. *Redeveloping Communication for Social Change* Karin Gwinn Wilkins, 2000 Proposes situating theory and practice within contexts of power, recognizing both the ability of dominant groups to control and the potential for marginal communities to resist.
