A Century of the Media in Italian-Albanian Cultural Relationships Vito Saracino, 2024-11-23 This book delves into the complex historical cultural and educational ties between Italy and Albania within the realm of media studies examining various mediums such as press radio television cinema and the web Beginning in the late nineteenth century with the inception of the first Albanian language newspapers in Italy the analysis progresses to explore the evolving relationship between Albanians and radio initially focusing on Italian broadcasts before transitioning to national channels Rapidly Italian radio becomes a tool for fascist soft power facilitating fascist Italy's occupation of Albania in 1939 The second section delves into the communist propaganda apparatus encompassing radio television cinema and music It offers a comprehensive exploration of television's evolution from its tentative beginnings in the 1960s to the proliferation of private broadcasters in the post communist era Concluding with the emergence of the internet the book highlights the significant decline of Italian soft power in Albania and the Southern Balkans over the past 15 years Instead these regions increasingly look towards the Anglo Saxon and Turkish spheres as models not only in media but also in terms of migration and development

Socialist Albania since 1944 Peter R. Prifti, 1976 *Albania at War, 1939-1945* Bernd Jürgen Fischer, 1999 The Second World War in Europe has generated more literature than perhaps any other event in modern history Much of the interest has focused on military history occupation policy puppet governments and resistance movements in Europe's principal states Often ignored in this flood of material however are the small nations of southeastern Europe Yet in the small states the human suffering was no less profound the destruction no less devastating the heroism no less laudable the treachery no less despicable and the impact no less profound *Albania at War* reviews the most important developments in Albania from the Italian invasion of the country in 1939 to the accession to power of the Albanian Communist Party and the establishment of a people's democracy in 1946 Fischer analyzes in great detail Italian goals and objectives in Albania and explains the eventual failure of Rome's policy the subsequent German invasion of the country against the Axis Powers This unique path breaking book provides a vigorous and thought provoking analysis of competing external interests in Albania and explores the great

obstacles that the Albanians faced in regaining their independence at the end of the war Albania at War 1939-1945 thoroughly covers the developments in Albania during that turbulent period. It is essential reading for all students of Albanian history.

The Albanians Miranda Vickers, 2011-01-28 This is the first full account of a country that following decades of isolation has undergone unprecedented changes to its political system: the collapse of communism, the progression to multi-party elections and the upheaval that followed the March 1997 uprising. Miranda Vickers traces the history of the Albanian people from the Ottoman period to the formation of the Albanian Communist Party. She considers the charismatic leadership of Enver Hoxha, Albania's relationship with Tito and the alliance with the Soviet Union and then China, and the long period of isolation. Newly revised for this paperback edition, *The Albanians* considers the gradual process of reform and the fragility of the Albanian experiment with democracy and includes a dramatic account of the days leading up to Sali Berisha's resignation of the presidency. It has now been updated to cover the crisis in Kosovo that has led to the first Western war in Europe since 1945.

Albania's Economy in Transition and Turmoil 1990-97 Anthony Clunies-Ross, Petar Sudar, 2019-01-15 First published in 1998, the contents of this book are the result of a series of studies by several Albanian scholars in cooperation with contributors of differing nationalities on various aspects of the Albanian economy during its transition to market. This study's multiple aim is to provide an accessible body of information for outsiders interested in Albania, to provide locally based teaching material for Albanian economics students and to also clarify policy issues.

Central and Eastern Europe Handbook Patrick Heenan, Monique Lamontagne, 2014-05-12 The Regional Handbooks of Economic Development series provides accessible overviews of countries within their larger domestic and international contexts, focusing on the relations among regions as they meet the challenges of the twenty-first century. The series allows the non-specialist student to explore a wide range of complex factors: social and political as well as economic, that affect the growth of developing regions in Asia, Europe and South America. Each Handbook provides an overview chapter discussing the region's economic conditions within an historical and political context, as well as 20 or more chapter-length essays written by recognized experts which analyze the key issues affecting a region's economy: its population, natural resources, foreign trade, labor problems, and economic inequalities, and other vital factors. In addition, the volumes offer useful support materials including a series of appendices that include a detailed chronology of events in the region, a glossary of terms, biographical entries on key personalities, an annotated bibliography of further reading, and a comprehensive analytical index.
