

4. Community

Example: The Catholic Church is made up of local church communities.

The Community Called Church

Thomas P. Rausch

The Community Called Church:

The Community Called Church Juan Luis Segundo, 1980 *The Community Called Church* Juan Luis Segundo, John Drury, 1968 **Vol.1; The community called church**, 1973 *A Community Called Atonement* Scot McKnight, 2007 A compelling examination of the doctrine of atonement that invites readers to live out Christ's atonement as a way of life **A Community Called Taizé** Jason Brian Santos, 2010-01-09 Taizé the word is strangely familiar to many throughout the contemporary church Familiar perhaps because the chanted prayers of Taizé are well practiced in churches throughout the world Strangely however because so little is known about Taizé from its historic beginnings to how the word itself is pronounced The worship of the Taizé community as it turns out is best understood in the context of its greater mission On the day Jason Brian Santos arrived in the Taizé community its leader was brutally murdered before his eyes Instead of making Santos want to leave the way the community handled this tragedy made him long to stay and learn more about this group of people who could respond to such evil with grace and love In this book he takes us on a tour of one of the world's first ecumenical monastic orders from its monastic origins in the war torn south of 1940s France to its emerging mission as a pilgrimage site and spiritual focal point for millions of young people throughout the world In *A Community Called Taizé* you'll meet the brothers of the order and the countless visitors and volunteers who have taken upon themselves a modest mission pronouncing peace and reconciliation to the church and the world *Salt, Leaven, and Light* T. Howland Sanks, 1997-05 church's relationship to the world a relationship argues Professor Sanks that should be one of permeation rather than subordination or separation Hence the title of this book *Salt Leaven and Light* the biblical images of permeation **The Community Church** Albert Clay Zumbrennen, 1922 *The Community Called Church* Juan Luis Segundo (s.j.), 1973 Colin Gunton's Trinitarian Theology of Culture Andrew Picard, 2024-06-27 Whilst upholding some of the criticisms of Colin Gunton's work this incisive book argues that there is a Hauptbriefe in Gunton reception that assumes his early classic works *The One the Three and the Many* and *The Promise of Trinitarian Theology* 1st ed are definitive of his project and fail to engage adequately with the progressions in Gunton's later thought Instead this book offers a fresh reading of Gunton by giving greater prominence to his later writings which are centred in the mediation of the Son and the Spirit in creation Andrew Picard argues that Gunton's trinitarian theology of culture emerges from his later trinitarian theology of mediation creation Christology pneumatology and ecclesiology Exploring these doctrinal foci enables an understanding of Gunton's account of faithful human culture as embodied worship a living sacrifice of praise which contributes to the divine redemption and perfection of creation It is the church's particular calling to embody such praise through its visible life in community The study concludes by intersecting Gunton's theology with the social sciences to critique ableism and consider the politics of the church's belonging in community **Community Called Church**, 1984 *Liturgy and Life* Timothy M. Brunk, 2007 Original Scholarly Monograph *System and Story* Gale Heide, 2009-01-01 *System and Story* is intended to develop a means

for bridging the gap between critics of system and those who may find value in doing systematics from a Biblically oriented context Narrative theologians have rightly identified and critiqued the development of system in academic theology Unfortunately they have not identified the ways in which systematic elements have always played a role in theological knowledge This study demonstrates the inherent systematic tendencies that still exist in narrative approaches to theology while at the same time acknowledging the appropriateness of aspects of the narrative critique of system The reaction against Enlightenment modernism is examined from the perspective of the heightened role of system in religious epistemology The work of Stanley Hauerwas serves to carry much of the conversation regarding the critique of system and a narrative alternative as it is discovered in communal formation After summarizing Hauerwas theology if such a thing is possible the final chapters explore the ecclesiological concerns of narrative theologians according to a more systematic rendering of pneumatology A Biblical rendering of pneumatology from the perspective of the Spirit's role in ecclesiology allows for a modest i e pre modern systematic presentation commensurate with narrative communal formation Thus the narrative attempt to once again do theology for the church is seen as compatible with a Scriptural i e modestly systematic theology of the Spirit

Holding Faith Prof. Cynthia L. Rigby, 2018-04-17 Martin Luther wrote Faith takes hold of Christ and has Him present enclosing Him as a ring encloses a gem We hold faith as we seek to know Christ better exploring Christian doctrines and deepening our understanding of their relevance to our day to day lives Faith holds us as we respond to Christ's calling negotiate life's challenges and join in the work of bringing in God's kingdom This introduction to Christian theology shows how various understandings of particular doctrines play out in relation to the way we live our lives It explores the content of core Christian doctrines and celebrates the so what of each Using theological literature and Scripture but also current events sociology fiction and movies Rigby shows that theology is key to how we come to understand and negotiate our world Holding Faith contends that some approaches to Christian doctrine are preferable to others making persuasive arguments for creative ways of believing that can enliven our lives and the life of the world Theology has relevance because it can stymie or transform How will we hold our faith Cynthia Rigby has written an accessible and lucid book of theological reflection for today's believers seekers and doubters This is no small feat The book succeeds in the daunting challenges of presenting Christian theology with clarity and completeness with commitment and generosity It is an admirable text for theology students pastors and all those interested in understanding more deeply their faith and life Leanne Van Dyk President and Professor of Theology Columbia Theological Seminary Decatur GA This is an extraordinary book Cynthia Rigby is a Reformed theologian a minister and a teacher All of these gifts are evident in Holding Faith as Rigby offers an eloquent introduction to Christian theology that is academically rich pastorally sensitive and profoundly accessible She does not make theology accessible by watering it down but rather by explaining it with compelling clarity Holding Faith is perfect for seminarians pastors church groups and curious souls for those who are new to Christianity and those who have been studying and living

Christian faith their entire lives It will be an enormous blessing to those who teach theology and those who preach the gospel Shannon Craigo Snell Professor of Theology Louisville Presbyterian Theological Seminary Louisville KY Cindy Rigby's is a timely necessary and accessible voice in theological discourse not only for those who together comprise Christendom but also for those who are curious enough about what Christian doctrines offer by way of challenge critique and comfort in our increasingly distracted fractious world Holding Faith is a prophetic priestly and pastoral defense of a faith tradition that historically contributed to this oppressive state of affairs yet undoubtedly remains rife with redemptive possibility for individuals communities nations the cosmos In its pages Rigby provides church folks people of other faiths seminarians and inquisitive nones with a thoughtful place to search out our private and corporate relationships to the God whom the doctrines signify however imperfectly JoAnne Marie Terrell Associate Professor of Theology Ethics and the Arts Chicago Theological Seminary For those of us who teach theology it's rare to find a text that is accessible to those with no previous exposure to theology while also introducing readers in deep and expansive ways to major doctrinal teachings But Rigby has managed to accomplish both here This is a profoundly personal and invitational approach to thinking theologically in ways that demonstrate the relevance of ancient teachings for our world today And it is also a serious engagement with the biblical text a vast array of historical and contemporary theological voices poetry literature film and more this introduction to theology will empower readers to hold onto faith in new and exciting ways Deanna A Thompson Professor of Religion at Hamline University St Paul MN *Aids in Africa* Michael Czerny, 2007 The Catholic Church from the beginning of AIDS in Africa has been active in alleviation and treatment in prevention consolation and spreading hope Now to interpret the present time is to consider this complex issue seriously in the light of our scriptures faith tradition and practice That is what the essays in this volume strive to do back cover *God's Church-Community* David Emerton, 2020-07-09 David Emerton argues that Dietrich Bonhoeffer's ecclesial thought breaks open a necessary third way in ecclesiological description between the Scylla of ethnographic ecclesiology and the Charybdis of dogmatic ecclesiology Building on a rigorous and provocative discussion of Bonhoeffer's thought Emerton establishes a programmatic theological grammar for any speech about the church Emerton argues that Bonhoeffer understands the church as a pneumatological and eschatological community in space and time and that his understanding is built on eschatological and pneumatological foundations These foundations in turn give rise to a unique methodological approach to ecclesiological description an approach that enables Bonhoeffer to proffer a genuinely theological account of the church in which both divine and human agency are held together through an account of God the Holy Spirit Emerton proposes that this approach is the perfect remedy for an endemic problem in contemporary accounts of the church that of attending either to the human empirical church community ethnographically or to the life of God dogmatically and to each problematically at the expense of the other This book will act as a clarion call towards genuinely theological ecclesiological speech which is allied to real ecclesial action Unsettling Arguments Charles R. Thomas P. Rausch, 2017-03-24 This book provides an introduction to the study of theology and its various methods of investigation While most theological texts focus on one facet of study The College Student s Introduction to Theology introduces the whole rich and complex area of theological studies It is written from a Roman Catholic perspective but the book is consciously ecumenical in its approach Part I Foundations examines the nature of theology as both a science and a work of the Church and the resulting tension between theologians and bishops the Hebrew Scriptures and development of the New Testament canon and an overview of the Church history Part II Systematic Questions tackles Christian faith Christian anthropology moral theology and the sacramental and liturgical life of the Christian Part III Contemporary Issues introduces the concept and various expressions of spirituality the Second Vatican Council and two post conciliar issues ecumenism and feminism Contributors include Christopher Key Chapple PhD John R Connolly PhD Michael Downey PhD Mary M Garascia CPPS PhD Marie Ann Mayeski PhD Mary Milligan RSHM STD John R Popiden PhD Thomas P Rausch SJ PhD Herbert J Ryan SJ STD Jeffrey S Siker PhD and Daniel L Smith Christopher D Phil *Churches That Make a Difference*

Ronald J. Sider, Philip N. Olson, Heidi Rolland Unruh, 2002-04-01 Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities Many have adopted a narrow vision focusing on only one aspect of ministry But in today s environment of faith based opportunities many Christians are eager to start reaching out to their world with both Good News and good works and therefore they are searching for appropriate ways to integrate both into their ministry In Churches That Make a Difference best selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry a balance of evangelism and social outreach Illustrations and helpful organizational tips detail the how to s of an effective holistic ministry Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications User friendly tools are included as well for congregational studies surveys evaluations and community assessments The authors draw on extensive experience with church ministries and faith based organizations as they share the life changing vision and biblical mandate for living the whole gospel Church leaders will be encouraged in their process of developing and maintaining a holistic ministry and local churches will rediscover a passion for loving the whole person the way Jesus did

Religion and Community Keith Ward, 2000 Religion is an important social force both for good and evil in the modern world In the final volume of his comparative theology Keith Ward considers the main ways in which religion and society interact and the ways in which the major world religions need to adapt themselves in the modern world These

religions are examined as forms of social life ranging from communities which seek to renounce the world to those which seek to embody the laws of God in society those which see religions in critical dialogue with social structures and those which see religion as a primarily individual matter The ideas of eretz Yisrael the umma of Islam the Buddhist sangha the Christian church and the Hindu sampradaya are critically analysed Ward also considers the doctrine of the church in Aquinas Calvin Schleiermacher and Tillich and develops a view of the church in a global perspective by means of both a historical and thematic approach He proposes a radical vision of the church as a person affirming world transforming society in the emerging global community of many faiths and cultures The relation of religious belief and morality and the ambiguous role of religion in society is investigated and the need for a new religious paradigm is defended expressing a global perspective without insistence on uniformity
