History and Popular Memory Paul A Cohen, 2014-04-29 When people experience a traumatic event such as war or the threat of annihilation they often turn to history for stories that promise a positive outcome to their suffering During World War II the French took comfort in the story of Joan of Arc and her heroic efforts to rid France of foreign occupation To bring the Joan narrative more into line with current circumstances however popular retellings modified the original story so that what people believed took place in the past was often quite different from what actually occurred Paul A Cohen identifies this interplay between story and history as a worldwide phenomenon found in countries of radically different cultural religious and social character He focuses here on Serbia Israel China France the Soviet Union and Great Britain all of which experienced severe crises in the twentieth century and in response appropriated age old historical narratives that resonated with what was happening in the present to serve a unifying restorative purpose A central theme in the book is the distinction between popular memory and history Although vitally important to historians this distinction is routinely blurred in people's minds and the historian's truth often cannot compete with the power of a compelling story from the past even when it has been seriously distorted by myth or political manipulation Cohen concludes by suggesting that the patterns of interaction he probes given their near universality may well be rooted in certain human propensities that transcend cultural difference

arrived in Hollywood in 1922 fictionizing her background and subtracting eight years from her actual age. Colleagues have recalled the eccentric personality and behind the scenes insecurities that negated her popularity with the press and inhibited her later career as a stage and TV star prompting her eventual retreat into seclusion. All of these exploits and more are detailed in this comprehensive biofilmography by Jerry Vermilye, a much published author who tells his story in a brisk non judgmental style that has drawn critical praise for his volumes on such legendary film personalities as Cary Grant, Barbara Stanwyck, Bette Davis, Charles Bronson, Audrey Hepburn, Buster Crabbe, Lawrence Olivier and Elizabeth Taylor. This book includes casts, production credits and critical commentary on Jean Arthur's many films as well as 100 scene stills, portraits and candid shots, many of them are photographs from the author's private collection. Gloria Swanson Stephen Michael Shearer, 2013-08-27 Gloria Swanson defined what it meant to be a movie star but her unforgettable role in *Sunset Boulevard* overshadowed the true story of her life. Now Stephen Michael Shearer sets the record straight in the first in depth biography of the film legend. Swanson was Hollywood's first successful glamour queen. Her stardom as an actress in the mid 1920s earned her millions of fans and millions of dollars. Realizing her box office value early in her career she took control of her life. Soon she was not only producing her own films she was choosing her scripts, selecting her leading men, casting her projects, creating her own fashions, guiding her publicity and living an extravagant and sometimes extraordinary celebrity lifestyle. She also collected a long line of lovers including Joseph P. Kennedy and married men of her choosing including a French marquis thus becoming America's first member of nobility. As a devoted and loving mother she managed a quiet success of raising three children. Perhaps most important as a keen businesswoman she also was able to extend her career more than sixty years. Her astounding comeback as Norma Desmond in Billy Wilder's *Sunset Boulevard* catapulted her back into the limelight. But it also created her long misunderstood persona, one that this meticulous biography shows was only part of this independent and unparalleled woman.

Buster Crabbe Jerry Vermilye, 2014-01-10 Buster Crabbe's chief claim to fame aside from his Olympic gold medal for the 400 meter freestyle event in 1932 rests in the trio of movie serials in which he played the popular science fiction hero Flash Gordon. Crabbe was the only actor to play the roles of Tarzan in one movie, Flash Gordon and Buck Rogers, the top three pulp action heroes of the 1930s. Crabbe carved out a career that would also include more than 100 B movies and program Westerns, a television adventure series and a successful physical fitness enterprise. All of this and more is detailed in this book which includes a complete filmography providing cast and crew information for each of his 103 feature films and serials.
