The Handbook to Holistic Health H3 Raymond Harlall, 2019-02-04

The Handbook to TM Holistic Health H3 features 21 Award-Winning Authors from various Health and Wellness backgrounds. They have one message to share with you: that there is an alternative, natural, holistic solution for your health issues. All are against taking routine prescription medication, not only for the obvious side effects but also for the potential significant financial burden for your family. Holistic Health: Everyone has a choice when it comes to health and well-being. Most people ignore it until something happens, and then they scramble to try and get it back. There are a few who take it seriously, realizing they need to act now and not wait until ill health arrives. Which one are you? The next choice is what route you choose. I'm thankful for doctors and their work. They save lives. Most doctors truly care about their patients and want to do what is best for them. I applaud them for it. But there is much they don't know or consider as options. There is a whole world of alternative medicine which is sometimes more effective than traditional medicine. Holistic Lifestyle: This book is going to teach you how to live holistically, or maybe a better way to spell it would be wholistically. Holistic is defined on Dictionary.com as incorporating the concept of holism, or the idea that the whole is more than merely the sum of its parts in theory or practice. It's looking at your whole life and making sure all the parts are in balance. It's coming to the realization every part of you affects the other. They are interdependent, and you cannot live a full life without all of them working well together. This includes your mind, body, and spirit. It's about having a healthy body full of energy and vigour, a mind that can handle any situation thrown at it, and is peaceful and happy, a spirit that knows there is Someone or something more which guides you and has a plan. When you combine all three, you will live the life of your dreams. Isn't this what you want? This book contains it all. In this book are twenty-one experts in holistic living who have shared their knowledge freely with you. Each chapter will focus in on a specific part, whether it be mind, body, or spirit. If you're interested in physical health, read the chapters written by Dr. Ona Brown, Mr. Charles Tchoreret, Cheryl Ivaniski, D. Ac. C. H. RDH, Dr. Akbar Khan, Prof. Dr. George Grant, Dame Dr. Sheila McKenzie, Prof. Dr. Stanley Ngui, Ms. Josephine Marcellin, Ms. Maricel Gonzales, and Ms. Tiffanie Carr.
