Indian Philosophy and Religion Dr. Ravi Prakash 'Bablu', 2021-09-11 In ancient Indian philosophy philosophy and religion cannot be separated primarily because of the cultural integration of religious practices and mystical pursuits For example ceremonies celebrating birth marriage and death performed with recitations of Vedic verses mantras

were important for bonding within ancient Indian societies Later different social practices developed Thus the orthodox classical schools of thought are distinguished from nonorthodox classical schools by their allegiance to established forms of social practice rather than to the doctrines of the Veda Buddhism for example constitutes much more of a break with Vedic practices than with the ideas developed in Vedic traditions of thought In fact the Upanishads mystical treatises continuous with the Vedas foretell many Buddhist teachings In ancient India religion did not entail dogma but rather a way of life that permitted a wide range of philosophic positions and inquiry Mysticism the claim that ultimate truth is only obtainable through spiritual experience dominates much ancient Indian philosophy This book has been intended as a manual for students of this subject Contents Truth and Validity Laws of Thought Truth Functions and Propositional Logic Hinduism Buddhism Jainism Sikhism **Rival Hindu Kingdoms and Sultans** Harbans Singh Bhatia, 2001 Contributed articles

Sanatana Dharma and Plantation Hinduism (Second Edition Volume 1) Ramesh Gampat, 2020-01-06 Christian Missionaries worked hard to convert immigrants Their first order of business was to denigrate Hinduism designate Hindus as heathen and disparage their culture food and even attire Immigrants stubbornly resisted led by the tiny educated elite including Brhmas whom we call Brahmins Conversion was a failure at least up to the end of the 19th century but picked up a self generating momentum thereafter The result is that the share of Hindus in Guyana s Indian population declined from 83.5 percent in 1880 to 62.8 percent in 2012 The largest portion of the contraction was lost to Christianity The loss notwithstanding even a casual observer would conclude that Guyanese Hindus at home and in the Diaspora are a very religious people Many of us do a jhandi or havan once annually others do the more elaborate and costlier yajna where everyone is welcome once or twice in their lifetime Most of us do a short daily puja prayers offerings reading the stras and listening to bhajan in our homes An important but perhaps unintended way immigrants countered conversion to Christianity was an unplanned movement towards a synthesis that brought Hindus regardless of caste or sect under a unitary form of Hinduism The synthesis began around the 1870s and was completed by the 1930s to the 1950s Guyanese Hindus call the unified corpus of religious beliefs and practices that emerged from the synthesis Sanatana Dharma Ramesh Gampat labels it Plantation Hinduism in this path breaking book The book argues that the brand of Hinduism practiced is inconsistent with Sanatana Dharma called Vedanta by the more philosophically inclined Plantation Hinduism features an extraordinary dependence upon purohitis pandits which has anaesthetized the Hindu mind and render him unable to think question and inquire when it comes to Dharma Rituals and bhakti have been degraded and turned into desire motivated worship devatas have been misconstrued as Brahman rather than as limited manifestation of the one non dual pure Consciousness belief in the multiplicity of gods encourages image worship and superstitions anchor Guyanese Hindus to tradition and mere belief Plantation Hinduism is little more than desire motivated actions dogmas and superstitions Absent is the idea that Sanatana Dharma is a spiritual science no less scientific than hard sciences such as physics and astronomy The central message of
