Excerpt from *The Complete Poetical Works of Joaquin Miller*: In looking over my notes at the end of this second edition wherein I have tried to answer and even anticipate the eager questions of young poets, I find I may have said too much, given too much encouragement, too little caution. Let me qualify all I have set down in this book by saying bluntly that the poet's trade is the hardest trade of all trades in the world; his compensation is the poorest, his triumphs the fewest, not one in ten thousand can earn his bread at it. Sir Walter Besant is being laughed at for having advised that a man should secure a competence before writing books. But Sir Walter was right. And the novelist, as a rule, receives fifty dollars to the poet's one. Another thing to be taken into account before venturing up the stormy steep of song: poets like priests or preachers are not in the line of preferment either at the polls or at the White House. Suppose that James Whitcomb Riley should ask to be Governor or I to be sent to the beautiful land of the Rising Sun. See, yet we have managed our affairs fairly well, made fortune and fair name out of nothing, have practically made bricks without straw. Yet while there is no more danger of our asking such preferment than there is of our receiving it, you see clearly that the poet must stand alone. Again, the poet must be as sensitive as a child and his work wears and wears till his nerves are so threadbare that he dares not take up a newspaper lest he may see something ugly. Let me say again frankly: Don't try to be a poet if you can possibly help it. But if you must, you must, and there will always be plenty who must. My Notes are for those who must. But better be a first-rate plowman than a second-rate poet so far as fortune, health, and content are concerned. A Burns, of course, can be first at both. Born a rover and a lover, I have wandered farther perhaps than any man living for my poetry, opened all doors and made

travel a delight Then I was paid immensely for my prose But if I had depended on poetry I should have stayed at home and half starved Take care I traveled so much all my life till late years that I had to hastily feed my corn out weed or flower green or ripe corn from the four quarters of the world as I ran Hence the need of this revision And yet even now after all my cutting and care I am far from satisfied and can commend to my lovers only the few last poems in the book True the earlier ones have color and clime and perfume of wood or waste and I am not ungrateful for the friends they brought me but I fear they fall short of the large eternal lesson which the seer is born to teach the vision of worlds beyond I have tried to mend this fault in my later work to give my new poems not only body but soul About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The Complete Poetical Works of Joaquin Miller - Scholar's Choice Edition Joaquin Miller, 2015-02-18 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **COMPLETE POETICAL WORKS OF JOAQUIN MILLER** JOAQUIN. The Poetical Works of Joaquin Miller. Edited, with an Introduction and Notes, by Stuart P. Sherman. [With Portrait.] Joaquin Miller, Stuart Pratt Sherman, 1923 **The Pacific Northwest** Raymond D. Gastil, Barnett Singer, 2010-04-23 The Pacific Northwest for the purposes of this book mostly Oregon and Washington has sometimes been seen as lacking significant cultural history Home to idyllic environmental wonders the region has been plagued by the notion that the best and brightest often left in search of greater things that the mainstream world was thousands of miles away or at least as far south as California This book describes the Pacific Northwest's search for a regional identity from the first Indian European contacts through the late twentieth century identifying those individuals and groups who at least struggled to give meaning to the Northwest experience It places particular emphasis on writers and other celebrated individuals in the arts

detailing how their lives and works both reflected the region and also enhanced its sense of self **Syntax in English Poetry, 1870-1930** Will Baker, 1967 This inquiry restricts itself to syntax in poetry for two related reasons 1 during the nineteenth century and the first decades of the twentieth literary scholars discussed word order only indirectly in its relation to prosody rhyme scheme and genre 2 Studies of poetic language in the last 25 years have therefore been less concerned with the formal musical properties of verse than with diction Whitman's & Dickinson's Contemporaries Robert A. Bain, 1996 Emily Dickinson and Walt Whitman were not the poetic stars of their day only a few friends knew that Dickinson wrote and Whitman's following was minuscule if influential But the contemporaries who eclipsed these major poets now have largely disappeared from our literary landscape In this distinctive anthology Robert Bain gathers together thirteen other scholars to re-present the poetry of these former luminaries allowing readers to rediscover them reconstruct the poetic contexts of their age and better understand why Whitman and Dickinson now overshadow other poets of their time Arranged chronologically according to the birth dates of the poets this anthology introduces each poet's work providing biographical information and discussing the major forms and themes of the work Each introduction places the poet in a literary and historical context with Whitman and Dickinson and provides a bibliography of secondary sources This remarkable book recovers a part of our literary heritage that has been lost *The Book of Literature* Richard Garnett, Léon Vallée, Alois Brandl, 1923 *Poetry of American Farm Life* George Earle Shankle, 1926 This Singing World Louis Untermeyer, 1923

Modern American Poetry Louis Untermeyer, 1921 **Will Carleton's Magazine Every where**, 1897 *Primer [first-fifth] Reader* Joseph Henry Wade, Emma Sylvester, 1908 **The Language Readers** Joseph Henry Wade, Emma Sylvester, 1908
