The Completion Of Independence 1790 183:

The Pennsylvania Magazine of History and Biography ,1945 Crusade Against Slavery Kurt E. Leichtle,Bruce G. Carveth,2011-05-18 Edward Coles was a wealthy heir to a central Virginia plantation an ardent emancipator the second governor of Illinois the loyal personal secretary to President James Madison and a close antislavery associate of Thomas Jefferson Yet never before has a full length book detailed his remarkable life story and his role in the struggle to free all slaves In Crusade Against Slavery Kurt E Leichtle and Bruce G Carveth correct this oversight with the first modern and complete biography of a unique but little known and quietly influential figure in American history Rejecting slavery from a young age Coles s early wishes to free his family s slaves initially were stymied by legal practical and family barriers Instead he went to Washington D C where his work in the White House was a life changing blend of social glitter secretarial drudge and distasteful political patronage Returning home he researched places where he could live out his ideals After considerable planning and preparation he left his family s Virginia tobacco plantation in 1819 and started the long trip west to Edwardsville Illinois pausing along the Ohio River on an emotional April morning to free his slaves and offer each family 160 acres of Illinois land of their own Some continued to work for Coles while others were left to find work for themselves This book revisits the lives of the slaves Coles freed including a noted preacher and contributor to the founding of what is now the second oldest black Baptist organization in America Crusade Against Slavery details Coles s struggles with frontier life and his surprise run and election to the office of Illinois governor as well as his continuing antislavery activities At great personal cost he led the effort to block a constitutional convention that would have legalized slavery in the state which resulted in an acrimonious civil suit brought on by his political enemies who claimed he violated the law by not issuing a bond of emancipation for his slaves Although initially convicted by a partisan jury Coles was vindicated when the Illinois Supreme Court overturned the decisions of the lower courts Through the story of Coles s moral and legal battles against slavery Leichtle and Carveth unearth new perspectives on an institution that was on unsure footing yet strongly ingrained in the business interests at the economic base of the fledgling state In 1831 after less than a decade in Illinois and after losing a bid for Congress Coles left for Philadelphia where he remained in correspondence with Madison about the issue of slavery Drawing on previous incomplete treatments of Coles s life including his own short memoir Crusade Against Slavery includes the first published analysis of Madison s failure to free his slaves despite his plans to do so through his will and a fascinating exploration of Coles s struggle to understand Madison s inability to live up to the ideals both men shared *Law and Government in England during the Long Eighteenth Century* D. Lemmings,2011-10-28 Over the long eighteenth century English governance was transformed by large adjustments to the legal instruments and processes of power This book documents and analyzes these shifts and focuses upon the changing relations between legal authority and the English people

 The Southwestern Political and Social Science Quarterly ,1963 **Common Sense** Sophia Rosenfeld,2011-09-02 Common Sense reveals a political ideal so fundamental to American politics that we are unaware of its power and its myriad

uses Sophia Rosenfeld shows how common sense the wisdom of ordinary people self evident truths has been used to justify all political extremes with a history that is anything but commonsensical

The End of Enlightenment Richard Whatmore,2023-12-07 A brilliant work of intellectual interpretation by our foremost historian of Enlightenment ideas Whatmore rescues the Enlightenment from today s circular debates and places it where it belongs in the pulsing chaotic era of its genesis and demise Christopher de Bellaigue The Enlightenment is popularly seen as the Age of Reason a key moment in human history when ideals such as freedom progress natural rights and constitutional government prevailed In this radical re evaluation historian Richard Whatmore shows why for many at its centre the Enlightenment was a profound failure By the early eighteenth century hope was widespread that Enlightenment could be coupled with toleration the progress of commerce and the end of the fanatic wars of religion that were destroying Europe At its heart was the battle to establish and maintain liberty in free states and the hope that absolute monarchies such as France and free states like Britain might even subsist together equally respectful of civil liberties Yet all of this collapsed when states pursued wealth and empire by means of war Xenophobia was rife and liberty itself turned fanatic The End of Enlightenment traces the changing perspectives of economists philosophers politicians and polemicists around the world including figures as diverse as David Hume Adam Smith Edmund Burke and Mary Wollstonecraft They had strived to replace superstition with reason but witnessed instead terror and revolution corruption gross commercial excess and the continued growth of violent colonialism Returning us to these tumultuous events and ideas and digging deep into the thought of the men and women who defined their age Whatmore offers a lucid exploration of disillusion and intellectual transformation a brilliant meditation on our continued assumptions about the past and a glimpse of the different ways our world might be structured especially as the problems addressed at the end of Enlightenment are still with us today
