Jewish Women Pioneering the Frontier Trail Jeanne E Abrams,2006-09-29 Jeanne E Abrams has written a sweeping challenging and provocative history of Jewish women in the American West a pathbreaking work The image of the West looms large in the American imagination Yet the history of American Jewry and particularly of American Jewish women has been heavily weighted toward the East *Jewish Women Pioneering the Frontier Trail* rectifies this omission as the first full book to trace the history and contributions of Jewish

women in the American West In many ways the Jewish experience in the West was distinct Given the still forming social landscape beginning with the 1848 Gold Rush Jews were able to integrate more fully into local communities than they had in the East Jewish women in the West took advantage of the unsettled nature of the region to open new doors for themselves in the public sphere in ways often not yet possible elsewhere in the country Women were crucial to the survival of early communities making distinct contributions not only in shaping Jewish communal life but outside the Jewish community as well Western Jewish women s level of involvement at the vanguard of social welfare and progressive reform commerce politics and higher education and the professions is striking given their relatively small numbers This engaging work full of stories from the memoirs and records of Jewish pioneer women illuminates the pivotal role they played in settling America s Western frontier Fast and engrossing As a piece of scholarly writing it should be required reading in any course on the American West that seeks to broaden the definition of what it means to be a Westerner Colorado Book Review Center

Statesmen and Mischief Makers: Scott Crass, 2015-08-31 Historically when sweeping policy changes or legislation of indelible consequence are signed into law Presidents receive the credit There is a good reason for that Without the Chief Executive putting his pen to paper these advancements would have nary a chance of becoming reality In most cases though a President's signature is simply the culmination of a long fight to make an idea or actual proposal a reality In fact quite often it is members of Congress who nurture proposals from inception to the President's desk Like a train leaving its first station the legislative process often starts with a handful of people on board until slowly a few more passengers hop on at each stop and before long there is a full car with people standing in the aisles Often times a bill becoming a law is no different
