The Daughters Of Karl Marx Family Correspondence 1866 1898:

The Daughters of Karl Marx Jenny Marx Longuet, Laura Marx Lafargue, Eleanor Marx Aveling, 1982 **The Daughters of Karl Marx**, 1982 [The Daughters of Karl Marx](#) Jenny Marx Longuet, 1982 **The Last Years of Karl Marx** Marcello Musto, 2023-05-25 Brilliantly demonstrates that Marx spent these years opening new and important theoretical horizons. Tienne Balibar author of *The Philosophy of Marx*. In the last years of his life Karl Marx expanded his research in new directions studying recent anthropological discoveries analyzing communal forms of ownership in precapitalist societies supporting the populist movement in Russia and expressing critiques of colonial oppression in India Ireland Algeria and Egypt. Between 1881 and 1883 he also traveled beyond Europe for the first and only time. Focusing on these last years of Marx's life this book dispels two key misrepresentations of his work that Marx ceased to write late in life and that he was a Eurocentric and economic thinker fixated on class conflict alone. With *The Last Years of Karl Marx* Marcello Musto claims a renewed relevance for the late work of Marx highlighting unpublished or previously neglected writings many of which remain unavailable in English. Readers are invited to reconsider Marx's critique of European colonialism his ideas on non-Western societies and his theories on the possibility of revolution in noncapitalist countries. From Marx's late manuscripts notebooks and letters emerge an author markedly different from the one represented by many of his contemporary critics and followers alike. Musto takes us by the hand and invites us to discover a new Marx. Antonio Negri author of *Marx beyond Marx*. Highly recommended. M J Wert. Choice. Fills a huge gap in our understanding of Marx. Kevin B Anderson. *New Politics Journal of Socialist Thought*. A bold socio-political reading of Marx. Arkayan Ganguly. *Critique Journal of Socialist Theory*. **Marx's General** Tristram Hunt, 2010-08-03 Written with brio warmth and historical understanding this is the best biography of one of the most attractive inhabitants of Victorian England. Marx's friend partner and political heir Eric Hobsbawm. Friedrich Engels is one of the most intriguing and contradictory figures of the nineteenth century. Born to a prosperous mercantile family he spent his life enjoying the comfortable existence of a Victorian gentleman yet he was at the same time the co-author of *The Communist Manifesto* a ruthless political tactician and the man who sacrificed his best years so that Karl Marx could have the freedom to write. Although his contributions are frequently overlooked Engels's grasp of global capital provided an indispensable foundation for communist doctrine and his account of the Industrial Revolution *The Condition of the Working Class in England* remains one of the most haunting and brutal indictments of capitalism's human cost. Drawing on a wealth of letters and archives acclaimed historian Tristram Hunt plumbs Engels's intellectual legacy and shows us how one of the great *bon viveurs* of Victorian Britain reconciled his exuberant personal life with his radical political philosophy. This epic story of devoted friendship class compromise ideological struggle and family betrayal at last brings Engels out from the shadow of his famous friend and collaborator. **Publishing Karl Marx's *Le Capital* (1871-1875)** Kenneth Hemmereichs, Nohemi Jocabeth Echeverría Vicente, 2024-07-29 This book presents an examination of

the publishing process of Karl Marx's *Le Capital*. The book touches on several understudied aspects that are crucial to contextualize the publication of *Le Capital* from its inception until its completion, revealing its previously understated connections with other intellectual output from Marx as well as its enduring significance for future editions of *Capital* volume I.

Marx on Gender and the Family Heather Brown, 2012-07-25 This is the first book-length study devoted exclusively to Marx's perspectives on gender and the family, offering a fresh look at this topic in light of twenty-first-century concerns. **The**

Frock-Coated Communist Tristram Hunt, 2009-04-30 Friedrich Engels is one of the most attractive and contradictory figures of the nineteenth century. Born to a prosperous mercantile family in west Germany, he spent his career working in the Manchester cotton industry, riding to the Cheshire hounds and enjoying the comfortable middle-class life of a Victorian gentleman. Yet Engels was also the co-founder of international communism, the philosophy which in the 20th century came to control one-third of the human race. He was the co-author of *The Communist Manifesto*, a ruthless party tactician and the man who sacrificed his best years so Karl Marx could write *Das Kapital*. Tristram Hunt relishes the diversity and exuberance of Engels's era, how one of the great bon viveurs of Victorian Britain reconciled his raucous personal life with this uncompromising political philosophy. Set against the backdrop of revolutionary Europe and industrializing England, of Manchester mills, Paris barricades and East End strikes, it is a story of devoted friendship, class compromise, ideological struggle and family betrayal.

Three American Radicals Sender Garlin, 2019-08-22 Sender Garlin is a veteran journalist and pamphleteer who has interviewed such figures as Theodore Dreiser, Clarence Darrow and Emma Goldman, and was present at all the Moscow purge trials of the 1930s. Here he writes on three Americans involved in forging a new political force before and just after the turn of the century. **Women in Movement (Routledge Revivals)** Sheila

Rowbotham, 2013-10-14 First published in 1992, this book is an historical introduction to a wide range of women's movements from the late eighteenth century to the date of its publication. It describes economic, social and political ideas which have inspired women to organize not only in Europe and North America but also in the Third World. Sheila Rowbotham outlines a long history of women's challenges to the gender bias in political and economical concepts. She shows women laying claim to rights and citizenship while contesting male definitions of their scope and seeking to enlarge the meaning of economy through action around consumption and production, environmental protests and welfare projects. **Revolutionary**

Democracy Soma Marik, 2018-03-09 In this wide-ranging and insightful work, Soma Marik defends the legacy of the Bolshevik Revolution, arguing against many of its detractors that the early communist regime was centrally concerned with both the liberation of women and the expansion of democracy. Soma Marik teaches Women's Studies and History at Jadavpur University. **The Duel in European History** Victor Kiernan, 2016-07-15 For centuries, duelling played an integral role in the preservation of the aristocratic order in Europe, defying attempts by both church and state to ban the practice. Moreover, the romance and drama of the duel has made it an enduring fixture in films, literature and the theatre. In *The Duel*, in

European History renowned historian Victor Kiernan writes with his characteristic wit and insight of duelling s evolution from its medieval origins when it was regarded as a badge of rank to the early twentieth century by which time it was seen as an irrational anachronism In doing so he shows how the duelling tradition was something unique to Europe and its colonies and in its contribution to the development of the officer corps played a key part in shaping European military power Drawing on a vast range of historical and cultural sources this is the definitive account of a violent ritual that continues to fascinate even today

The Literary 1880s Penny Fielding,Andrew Taylor,2019-10-17 Explores the diverse forces that shaped developments in literature in the 1880s an often overlooked literary decade

Roomscape Susan David Bernstein,2013-03-14 Examines the Reading Room of the British Museum using documentary theoretical historical and literary sources *Roomscape* explores a specific site the Reading Room of the British Museum as a space of imaginative potential in relation to the emergence of modern women writers in Victorian and early twentieth century London Drawing on archival materials *Roomscape* is the first study to integrate documentary historical and literary sources to examine the significance of this space and its resources for women who wrote translations poetry and fiction This book challenges an assessment of the Reading Room of the British Museum as a bastion of class and gender privilege an image established by Virginia Woolf s *A Room of One s Own* *Roomscape* also questions the value of privacy and autonomy in constructions of female authorship Rather than viewing reading and writing as solitary *Roomscape* investigates the public social and spatial dimensions of literary production The implications of this study reach into the current digital era and its transformations of practices of reading writing and archiving Along with an appendix of notable readers at the British Museum from the last two centuries the book contributes to scholarship on George Eliot Amy Levy Eleanor Marx Clementina Black Constance Black Garnett Christina Rossetti Mathilde Blind and Virginia Woolf

Raising the Red Flag Tony Collins,2023-06-26 Raising the Red Flag explores the origins of the British Marxist movement from the creation of the Social Democratic Federation to the foundation of the Communist Party It tells a story of rising class struggle the founding of the Labour Party the fight against World War One the Russian Revolution and the explosive year of 1919 The book also uses new archival sources to re examine Marxist organisations such as the British Socialist Party the Socialist Labour Party and Sylvia Parkhurst s Workers Socialist Federation Above all this is the story of men and women who fought to liberate the working class from capitalism through socialist revolution

History of the Social-Democratic Federation Martin Crick,2019-06-01 This book offers the first full analysis of the Social Democratic Federation s SDF s history and is essential reading for historians of the Labour Movement The SDF was the pioneer of the Socialist revival in the 1880s Britain s first avowedly Marxist party and an important component of the Communist Party of Great Britain As such it represents a crucial strand in late nineteenth and twentieth century English political history Although critical Dr Crick dismisses the stereotype of a sectarian and dogmatic organization attempting to force a foreign ideology onto an unreceptive audience Blending the national picture with a detailed study of the

party in Lancashire and Yorkshire he reveals an organization whose members contributed far more to the formation of local politics than is generally realized They produced a generation of working class militants pioneered forms of social protest and made available for the first time in English a number of Marxist classics A People's History of London Lindsey German, John Rees, 2012-06-19 In the eyes of Britain's heritage industry London is the traditional home of empire monarchy and power an urban wonderland for the privileged where the vast majority of Londoners feature only to applaud in the background Yet for nearly 2000 years the city has been a breeding ground for radical ideas home to thinkers heretics and rebels from John Wycliffe to Karl Marx It has been the site of sometimes violent clashes that changed the course of history the Levellers doomed struggle for liberty in the aftermath of the Civil War the silk weavers match girls and dockers who crusaded for workers rights and the Battle of Cable Street where East Enders took on Oswald Mosley's Black Shirts A People's History of London journeys to a city of pamphleteers agitators exiles and revolutionaries where millions of people have struggled in obscurity to secure a better future **Drinking Arak Off an Ayatollah's Beard** Nicholas Jubber, 2010-05-04 Documents the author's investigation of daily life in Iran and Afghanistan from religious shrines to illegal dance parties and his use of Ferdowsi's epic poem Shahnameh as a key to past and present conflict in the region *Underground Writing* David Welsh, 2010-05-04 The purpose of this book is to explore the ways in which the London Underground Tube was mapped by a number of writers from George Gissing to Virginia Woolf From late Victorian London to the end of the World War II underground writing created an imaginative world beneath the streets of London The real subterranean railway was therefore re-enacted in number of ways in writing including as Dantean Underworld or hell as gateway to a utopian future as psychological looking glass or as place of safety and security The book is a chronological study from the opening of the first underground in the 1860s to its role in WW2 Each chapter explores perspectives on the underground in a number of writers starting with George Gissing in the 1880s moving through the work of H G Wells and into the writing of the 1920s 1930s including Virginia Woolf and George Orwell It concludes with its portrayal in the fiction poetry and art including Henry Moore of WW2 The approach takes a broadly cultural studies perspective crossing the boundaries of transport history literature and London urban studies It draws mainly on fiction but also uses poetry art journals postcards and posters to illustrate It links the actual underground trains tracks and stations to the metaphorical world of underground writing and places the writing in a social political context *The Emergence of Social Space* Kristin Ross, 2020-05-05 The 1870s in France Rimbaud's moment and the subject of this book is a decade virtually ignored in most standard histories in France Yet it was the moment of two significant spatial events France's expansion on a global scale and in the spring of 1871 the brief existence of the Paris Commune the construction of the revolutionary urban space Arguing that space as a social fact is always political and strategic Kristin Ross has written a book that is at once a history and geography of the Commune's anarchist culture its political language and social relations its values strategies and stances Central to her analysis of the

Commune as a social space and oppositional culture is a close textual reading of Arthur Rimbaud's poetry. His poems, a common thread running through the book, are one set of documents among many in Ross's recreation of the Commune experience. Rimbaud, Paul Lafargue, and the social geographer Élisée Reclus serve as emblematic figures moving within and on the periphery of the Commune in their resistance to the logic and economy of the capitalist conception of work in their challenge to work itself as a term of identity. All three posed a threat to the existing order. Ross looks at these and other emancipatory notions as aspects of Commune life, each with an analogous strategy in Rimbaud's poetry. Applying contemporary theory to a wealth of little-known archival material, she has written a fresh, persuasive, and original book.
