The Deacon In Search Of Identity:

The Deacon in Search of Identity Richard L. Rashke, 1975 **The Deacon's Ministry** Christine Hall, 1991

Deacon, The O'Donnell, Tim, 2020 Develops a vision of the distinctive ministerial identity of deacons that is theologically rigorous and practically useful combining two complementary images icon of Christ the servant and minister of the threshold

Practical Theology and the Interpretation of Crossing Boundaries Bert Roebben, 2003 In October 2002 the Tilburg Professor of Practical Theology Tjeu van Knippenberg retired In order to honour him as a bright scholar in the field of fundamental practical theology and pastoral care 23 of his colleagues at Tilburg University and elsewhere Nijmegen and Leuven contributed to this festschrift Their attention is focused on the concept of boundaries in practical theology between context and Christian tradition church and society personal identity and Christian narrative individual and community Different research projects out of the Tilburg tradition of practical theology are presented from an empirical hermeneutical perspective **The Diaconate** James Monroe Barnett, 1995-01-01 This book is a highly readable comprehensive study that has established itself as the definitive work on the diaconate Drawing upon original sources the book provides valuable insights into the development of the office of the deacon in the early church and situates it within the context of the church's total ministry Dr Barnett contends that a radical change in the nature and understanding of the church's ministry took place in the fourth century A ministry that had included the whole people of God in a horizontal organic structure gave way to one that was clerical and hierarchical This change among other factors eventually transformed the diaconate into an inconsequential transitional office on the way to the priesthood Responding to the present day revival of the diaconate in the Roman Catholic Episcopal Lutheran and other churches Barnett calls for a restoration of the office to its original place as full and equal order thus re-creating the great symbol of the servant ministry that Christ gave to all the church James Monroe Barnett now living in retirement in Omaha is the former rector of Trinity Episcopal Church Norfolk NE *Sacramental Orders* Susan K. Wood, 2000 Ordained ministry cannot be understood by itself or only in its relationship with Christ It must find its identity in relationship to the Church for it exists to serve and build up the Church In *Sacramental Orders* Susan Wood places the theology of ordained ministry within its ecclesial foundations identifying four concepts that shed light on different aspects of ordained ministry and its relationship to the Church a monarchical and hierarchical concept a eucharistic collegial model of ministry representing the communion of particular Churches the priest prophet and king which structures the concept of the Church as the people of God and a theology of the Church as a sacrament of Christ and ordained ministry as a sacrament of the Church *Sacramental Orders* is a liturgical and theological study of ordained ministry grounded in the liturgy of the 1990 typical edition of the rites It addresses the three Orders within the one Sacrament of Order bishop presbyter and deacon By including each order with this study the interrelationship between the three becomes more apparent and the theology of one is allowed to inform the theology of the others Wood points out that one of the challenges in

theologies of ordained ministry today is to distinguish a bishop from a presbyter when both are ordinations to the priesthood and presbyters are assuming a greater ministry of oversight as they pastor more than one parish and to distinguish deacons from presbyters at a time in church history when deacons are assuming more presbyteral functions Sacramental Orders also focuses on the mutual reciprocity in the relationship between liturgical rite and the theology of the sacrament as explained in ecclesial documents The ordination rites reflect the theology expressed by Vatican II and yet also present a theology of the sacrament embedded in the liturgical texts and actions Chapters are The Ecclesiological Foundations of Ministry The Liturgical Rite of the Ordination of a Bishop The Sacramentality of Episcopal Consecration The Liturgical Rite of the Ordination of Presbyters Theology of the Presbyterate The Liturgical Rite of the Ordination of Deacons and Questions Concerning the Diaconate Susan K Wood SCL PhD is Associate Professor of Theology at St John's University Collegeville MN She is the author of articles published in Theological Studies Pro Ecclesia One in Christ Worship Studia liturgica Communio and Studio Canonica She is a member of the U S Lutheran Roman Catholic Dialogue Literary Connections Between South Africa and the Lusophone World Ludmylla Lima, John T. Maddox IV, Anita De Melo, 2022-10-12 Literary Connections between South Africa and the Lusophone World connects literatures and cultures of South Africa and the Portuguese speaking nations of Africa and beyond and is set within literary and cultural studies The chapters gathered in this volume reinforce the critical and ongoing conversations in comparative and world literature from perspectives of the South It outlines some possible theoretical and methodological starting points for a comparative framework that targets transnationally literatures from the South This volume is an additional step to renew the critical potentialities of comparative literary studies Spivak 2009 as well as of humanistic criticism itself Said 2004 as South Africa and the Lusophone world except its former colonizer Portugal are outside the spatial and cultural dimension usually defined as European and or North American In this sense and due to the evident geographical and socio historical links between these regions critical scholarship on their literary connections can contribute to unprecedented perspectives of representational practices within a broader contextual dimension and in so doing provides the emergence of what Boaventura de Sousa Santos called epistemologies of the South Santos 2016 as it considers cultural exchanges in the space of so called overlapping territories and intertwined histories Said 1993 The Emerging Diaconate William T. Ditewig, 2007 Sketches the current state of the permanent diaconate especially in the United States then offers the historical developments which led to the contemporary diaconate and finally suggests a vision of the diaconate for the future always within the matrix of a servant ecclesiology which should characterize the entire Church

Shameful Autobiographies Rosamund Dalziel, 2018-07-04 Writing autobiography is a risky business What is shameful can be inadvertently rather than deliberately revealed Yet reading autobiography can also be risky as it may lead to the confrontation of shame in ourselves Perhaps it is this element of risk together with the magnetism of another person's confession of shameful experience that make us such avid readers of autobiography Rosamund Dalziel proposes that shame is the driving force in many Australian autobiographies Indeed she suggests that the representation of shame is fundamental to the autobiographical process Shame seeks concealment and this she argues explains both why this fascinating link has not before been explored and why when it is pointed out we immediately know it to be authentic Shameful Autobiographies looks at pervasive patterns of shame in the autobiographies of such leading Australian writers as Germaine Greer Sally Morgan Bernard Smith Kathleen Fitzpatrick Morris Lurie Ruby Langford Ginibi and Robert Dessaix In so doing it establishes the centrality of shame to problems of Australian identity and to current political debate for instance it is shame that fuels angry repudiations of the so called black armband view of history The calm clarity of Rosamund Dalziel's writing strengthens her powerful insights and arguments the most potent of which is that autobiographical confrontation with shame can heal deep wounds both for writers and for readers This mature and innovative book will enrich the experience of all readers of autobiography

The Visigothic Kingdom in Iberia Santiago Castellanos, 2020-11-13 The structures of the late ancient Visigothic kingdom of Iberia were rooted in those of Roman Hispania Santiago Castellanos argues but Catholic bishops subsequently produced a narrative of process and power from the episcopal point of view that became the official record and primary documentation for all later historians The delineation of these two discrete projects of construction and invention form the core of The Visigothic Kingdom in Iberia Castellanos reads documents of the period that are little known to many Anglophone scholars including records of church councils sermons and letters and utilizes archaeological findings to determine how the political system of elites related to local communities and how the documentation they created promoted an ideological agenda Looking particularly at the archaeological record he finds that rural communities in the region were complex worlds unto themselves with clear internal social stratification little recognized by the literate elites

The Permanent Diaconate Kenan B. Osborne, 2007 Renowned Franciscan theologian Kenan B Osborne brings all three of the holy orders of the church the diaconate the presbyterate and the episcopate into focus through the lens of post Vatican II sacramental and systematic theology Osborne posits that one cannot study the renewed permanent diaconate in the Roman Catholic Church without understanding the renewal of the order of priests and bishops as well This is a guide to grasping the essence of Vatican II as well as the basis for the restoration of the diaconate in the Latin Church
