## **The Death Of Children:**

Explaining Death to Children Earl A. Grollman, 1998-07 Rabbi Earl A Grollman's best selling book on how we speak of the mystery of death to our children is now issued in a smaller format Also helpful for adults contemplating their own theology of death

Thoughts on the Death of Little Children Samuel Irenæus Prime, 1854

**After the Death of a Child** Ann K. Finkbeiner, 2012-12-11 For a parent losing a child is the most devastating event that can occur Most books on the subject focus on grieving and recovery but as most parents agree there is no recovery from such a loss This book examines the continued love parents feel for their child and the many poignant and ingenious ways they devise to preserve the bond Through detailed profiles of parents Ann Finkbeiner shows how new activities and changed relationships with their spouse friends and other children can all help parents preserve a bond with the lost child Based on extensive interviews and grief research Finkbeiner explains how parents have changed five to twenty five years after the deaths of their children The first half of the book discusses the short and long term effects of the child's death on the parent's relationships with the outside world that is with their spouses other children friends and relatives The second half of the book details the effect on the parents internal world their continuing sense of guilt their need to place the death in some larger context and their inability sometimes to consistently do so their new set of priorities the nature of their bond with the lost child and the subtle and creative ways they have of continuing that bond Finkbeiner's central point is not so much how parents grieve for their children but how they love them Refusing to fall back on pop jargon about recovery or to offer easy solutions or standardized timelines Finkbeiner's is a genuine and moving search to come to terms with loss Her complex profiles of parents resonate with the honesty and authenticity of uncomfortable emotions expressed and most importantly shared with others experiencing a similar loss Finally each profile exemplifies the many heroic ways parents learn to live with their pain and by so doing honor the lives their children should have lived

Never Too Young to Know Phyllis Rolfe Silverman, 1999-08-26 In spite of society's wish to protect and insulate children from death the experience of loss is unavoidable and there is surprisingly little guidance on how to help children cope with grief and bereavement *Never Too Young to Know* *Death in Children's Lives* is the first book to bring together diverse fields of study and offer a practical as well as multifaceted theoretical approach to how children cope with death Using stories of children's own experiences supported by data from a large research study Silverman explains the wide range of effects of loss upon children the challenges they face as they grieve and ways of supporting them as they change and grow in the bereavement process The book is divided into three parts an overview and theoretical framework a detailed analysis of how children experience mourning different types of death including the death of siblings parents and friends and death due to illness suicide accidents and violence and an accessible guide to helping children cope with grief *Never Too Young To Know* *Death in Children's Lives* is not only ideal for advanced undergraduate and graduate students learning about children but it is also useful for courses on death and dying and the

family It is also an invaluable book for general readers interested in learning how to deal with death in children's lives      *On the Death of a Child* Christine Hindmarch, 2016-07-06 The death of a child whether during or following birth through illness through accident or through suicide is one of the greatest challenges families carers friends and the health and social care professionals who support them can face This book provides professionals with practical advice resources for further support and reading and much needed reassurance that whatever contact they have with the bereaved and however inadequate they may feel to the task they can make a difference With revised material and an entirely new chapter reflecting recent developments in bereavement theory the third edition of this classic text offers unique insights for professionals with varying levels of experience From theory and narrative come practical ideas on what to say what to do how to behave how to stay humble in situations where the only real experts are the bereaved themselves and how professionals can look after themselves in what can be particularly traumatic and upsetting circumstances      *On the Death of a Child* Celia Hindmarch, 2009 With revised material and entirely new chapters the third edition of this classic text offers unique guidelines for professionals of varying levels of experience This book provides professionals with both practical advice and much needed reassurance that they can make a difference      **Global Perspectives on Death in Children's Literature** Lesley D. Clement, Leyli Jamali, 2015-07-30 This volume visits death in children's literature from around the world making a substantial contribution to the dialogue between the expanding fields of Childhood Studies Children's Literature and Death Studies Considering both textual and pictorial representations of death contributors focus on the topic of death in children's literature as a physical reality a philosophical concept a psychologically challenging adjustment and or a social construct Essays covering literature from the US Mexico El Salvador Guatemala Canada the UK Sweden Germany Poland Bulgaria Brazil Czechoslovakia the Soviet Union India and Iran display a diverse range of theoretical and cultural perspectives Carefully organized sections interrogate how classic texts have been adapted for the twenty first century how death has been politicized ritualized or metaphorized and visual strategies for representing death and how death has been represented within the context of play Asking how different cultures present the concept of death to children this volume is the first to bring together a global range of perspective on death in children's literature and will be a valuable contribution to an array of disciplines      **Children's Disturbed Reactions to the Death of a Sibling** ,      *Coping with the Death of a Child* Darin D. Schiffman, 2019-06-19 *Coping with the Death of a Child* shows clinicians how to integrate various therapeutic modalities and clinical approaches to grief therapy into one comprehensive model linked to positive change This integrated model shows mental health professionals how to offer practical and emotional support to the bereaved using descriptions of treatments care protocols and guidelines Through this approach practitioners can foster interpersonal support and growth among families even when grieving styles and timing differ between individuals Clinicians and the families they treat will come away from the book with tools for recognizing distorted and pathogenic exchanges between family members for valuing the

emotional elements of their individual experiences and for shifting toward solution focused activities      After the Death of a Child Ann K. Finkbeiner,1998      *Thoughts on the Death of Little Children* Samuel Irenæus Prime,1859      **Children Die, Too** Joy Johnson,S. Marvin Johnson,1984      **What Forever Means After the Death of a Child** Kay Talbot,2002 List of Tables List of Figures Series Editor s Foreword Preface Prologue Acknowledgements What It Means to Be a Parent After a Child Had Died The Mothers Now Childless Study Research Design and Findings When a Child Dies Does Grieving Ever End One Death A Thousand Strands of Pain Finding the Meaning of Suffering Bereaved Parents Search for Understanding The Paradox of Healing Confronting a Spiritual Crisis Where is God When Bad Things Happen Confronting an Existential Crisis Can Life Have Purpose Again Deciding to Survive Reaching Bottom Climbing Up Remembering With Love Bereaved Parents as Biographer Reaching Out to Help Others Wounded Healers Reinventing the Self Parents Ask Who Are We Now The Legacy of Loss References Resources Appendices Index      The Death of a Child Elaine Stillwell,2004 There is perhaps no more excruciating pain than the loss of a child It is a life changing event that will forever scar a parent When a child dies bereaved parents face the challenge of rebuilding their lives a daunting task that may often seem overwhelming The Death of a Child is filled with stories of people who have lost a child and how they dealt with the reality of that event This collection of life giving lessons touches on a wide range of emotions and situations that parents may encounter after the death of their child Chapter titles include Creating a New Normal Riding the Roller Coaster of Grief Cherishing the Seasons Singing Their Song

*Children and Death* Costa Papadatos,Danai Papadatou,2013-02-01 Selected papers from the 1st International Conference on Children and Death held in October November 1989 in Athens It was attended by over 500 participants from all over the world      *Library of Congress Subject Headings* Library of Congress,2003      **Perspectives on the Experience of Sudden, Unexpected Child Death** Denise Turner,2017-10-27 This book combines autobiography and innovative narrative research to create an original psychosocial perspective on the often taboo subject of sudden unexpected child death Beginning with the author s own experience the book investigates manifold aspects of sudden unexpected child death including the professional rapid response contemporary cultural reactions to death theories of grieving child death inquiries and popular media reporting At the heart of the book are intimate personal stories drawn from unprecedented psychosocial research on this topic which combine to create a unique record of parent s experiences following the sudden and unexpected death of a child Additionally the book offers original guidance on the Biographic Narrative Interpretive methodology which extends knowledge of group data analysis The book will be of great methodological interest to the psychosocial community as well as to health and social care professionals and lay readers interested in both sudden unexpected child death and the wider field

*The Grieving Garden* Suzanne Redfern,Susan K. Gilbert,2025-09-12 A Portable Support Group for Parents Who Have Lost a Child A variety of backgrounds and circumstances along with a shared dedication to speak out on a notoriously unspeakable loss make this brave volume cathartic and comforting grieving parents may well find it invaluable Publisher s

Weekly Starred Review Every year some two million parents in the US suffer the death of a son or daughter The unnatural sequence of the child s preceding the parent in death creates a wrenching loss and overwhelming emotional and spiritual disorientation Most of these bereaved parents find relief from their isolation only in the company of others like themselves The Grieving Garden offers support understanding and ultimately comfort and hope from those who have sowed the same tears over the death of a child The Grieving Garden is a ground breaking book that invites bereaved parents into personal conversations with a diverse group of fathers and mothers who share the same loss The text is free of distracting and heavy handed editorializing expert opinion or unwanted advice Instead readers are welcomed into a community of common understanding one they may enter at will at their own pace for reassurance and hope Our Baby Died Katrina

Villegas,2020-07-04 A book for children of all ages experiencing the loss of a sibling specifically for families going through termination for medical reasons When Caroline was 2 5 years old she learned that her baby sister wasn t going to live Her parents Joe and Katrina Villegas author had to find a way to tell her that the baby was going to die and wouldn t be coming home They made the agonizing choice to induce the pregnancy early terminate for medical reasons when they found out that their unborn baby had a fatal condition They learned quickly how to talk to their daughter Caroline about death and what was happening but it was uncharted territory for them and was a learning curve They talked with child life specialists and read books They learned the correct language to use around children when talking about death This children s book series Loss of a Sibling Due to Termination For Medical Reasons is written specifically for families going through a loss due to termination for medical reasons Katrina felt that the termination community deserved a set of books written just for them as it is a unique grief journey for adults and children This series uses the correct language and walks children through what to expect during specific moments in their journey Books in this series Our Baby is Going to Die This book walks you through how to tell your child in an effective way of the impending loss of their baby sibling It discusses many of the questions that might be running through your child s mind This book surgical termination Our Baby Died There are 2 versions of this book One is written for the parents that underwent a surgical termination and the other is for parents going through termination via labor and delivery The books walk your child through what to expect in their grief during these specific moments Remembering Our Baby This book is for after your baby has died It walks you and your child through dealing with your grief after the fact and ways to remember and honor your baby The Baby Before You Died This book is for your rainbow baby the baby born after a loss It explains to your child that there was a baby before them that died and helps them to better understand what happened while also honoring their potential grief as well Religion This book is kept neutral with regards to any religious beliefs so that you can decide how to address your specific beliefs as you are compelled to do so Why this children s series is special Written by a mom herself that has been through a termination for medical reasons this book series is exactly what any family going through this journey needs to read and have on hand The books answer many of the

questions that might be going through your child's mind in effective ways Highly recommended by a child life specialist you can rest assured that this book series uses the correct language to help your child in their grief and to better understand what is going on Together the books in this series are a complete look at what to expect before during and after the death of a sibling Grab a copy of the books in this series at this special pricing and Get one to donate to your hospital genetic counselor etc They can pay it forward to another family in need of these books Connect with the author Katrina at [TerminationsRemembered.com](http://TerminationsRemembered.com)      *Talking to Children about Death* National Institute of Mental Health (U.S.),1979
