The Decadence of Judaism in Our Time Moshe Menuhin, 1965      The Decadence of Judaism in Our Time Moshe Menuhin, 1969      *The Decadence of Judaism Our Time* Moshe Menuhin, 1969      **The Decadence of Judaism in Our Time** Moshe Menuhin, 1965      **The Decadence of Judaism in Our Time** Moshe Menuhin, 1965      **The Decadence of Judaism in Our Time** Moshe Menuhin, 1965      *"The" Decadence of Judaism in Our Time* Moshe Menuhin, 1965      **The Decadence of Judaism in Our Time** Mōšēh Menuhin, 1969      *Decadence of Judaism in Our Time* Moshe Menuhin, 1984-01      *Traces of History* Patrick Wolfe, 2016-01-12

Traces of History presents a new approach to race and to comparative colonial studies Bringing a historical perspective to bear on the regimes of race that colonizers have sought to impose on Aboriginal people in Australia on Blacks and Native Americans in the United States on Ashkenazi Jews in Western Europe on Arab Jews in Israel Palestine and on people of African descent in Brazil this book shows how race marks and reproduces the different relationships of inequality into which Europeans have coopted subaltern populations territorial dispossession enslavement confinement assimilation and removal Charting the different modes of domination that engender specific regimes of race and the strategies of anti colonial resistance they entail the book powerfully argues for cross racial solidarities that respect these historical differences      The Left, the Right and the Jews W.D. Rubinstein, 2015-10-16

First published in 1982 this book examines anti semitism in the Western world The author concludes that fringe neo Nazi groups notwithstanding significant anti semitism is largely a left wing rather than a right wing phenomenon He finds that Jews have reacted to this change in their situation and in attitudes towards them by making a shift to the right in most Western countries with the major exception of the United States Considering the contribution of Jews to socialist thought from Marx onwards and the equally lengthy history of right wing anti semitism this shift is one of the most significant in Jewish history This movement to the right is discussed in separate chapters as is Soviet anti semitism and the status of the State of Israel Examined in depth are the implications of this shift in attitude for Jewish philosophy and self identity      **Faith in the Millennium** Stanley E. Porter, Michael A. Hayes, David Tombs, 2001-02-01

At the close of one millennium and the beginning of a new one this conference volume reflects on the past and looks forward to a new era in terms of the development of faith Although most of the papers in the volume address issues concerning Christian faith the volume is not confined to such a perspective since the concept of faith is treated here in an encompassing and broad manner The historical perspective reaches back several millennia addresses contemporary issues of economics and justice as they have a bearing on faith and looks to the future as a new millennium presents its own problems and potential opportunities

Quigley, 1990 The dispute over Palestine between the Palestinian Arabs and the Israelis is one of the most volatile and intractable conflicts in the world today Palestine and Israel examines the history of this battle from the perspective of international law and it argues that a long term solution to the conflict must protect legitimate interests to remain viable an element the author believes has so far been seriously neglected This extensively documented work details the complex politics and agonizing struggles that have characterized the clash between Jews and Arabs examining in depth the competing claims to Palestine and the extent to which legitimate interests remain to be fulfilled Beginning with the early Zionist settlement in Palestine that rose from the effort by Jews to escape long standing discrimination in Europe Qigley investigates the origins of the dispute including the British occupation of Palestine the British Mandate and the involvement of the United Nations He examines the 1948 War the establishment of Israel and explores the legal and political status of Jews there After a detailed analysis of the 1967 War and Israel s occupation of the West Bank and Gaza Strip he concludes with recommendations for resolving the conflict including discussions of the responsibility of other states for the persisting injustice the role of other states in settling the dispute and steps to a possible solution

**The Bible and Colonialism**

Michael Prior, 1997-05-01 The biblical claim of the divine promise of land is integrally linked with a divine mandate to exterminate the indigenous people The narrative has supported virtually all Western colonizing enterprises e g in Latin America South Africa Palestine resulting in the suffering of millions of people and loss of respect for the Bible According to modern secular standards of human and political rights what the biblical narrative calls for are war crimes and crimes against humanity In this provocative and compelling study Prior protests at the neglect of the moral question in conventional biblical studies and attempts to rescue the Bible from being a blunt instrument in the oppression of people
