Reginald Garrigou-Lagrance,2022-05-27 In *On Divine Revelation* one of Garrigou Lagrange s most significant works here available in English for the very first time he offers a classic treatment of this foundational topic It is an organized and thorough defense of both the rationality and supernaturality of divine revelation He presents a careful yet stimulating account of the scientific character of theology the nature of revelation itself mystery dogma the grace of faith the powers of human reason false interpretations thereof rationalism naturalism agnosticism and pantheism the motives of credibility and much more Though written a century ago *On Divine Revelation* will restore confidence in theology as a distinct and unified science and return focus to the fundamental questions of the doctrine of revelation It also serves as a salutary corrective to contemporary theology s anthropocentrism and concern with what is relative in revelation and religious experience by reorienting our theological attention to what is most certain central and sure in our knowledge of divine revelation the Triune God who has revealed his inner life and salvific will Readers will see the

great splendor of the gift of divine revelation radiant with credibility before the gaze of reason and drawing our supernatural assent to the mysteries through the gift of faith As Fr Cajetan Cuddy O P observes On Divine Revelation is a stunning work of inestimable value No other subsequent work on this topic has come close to meeting it much less surpassing it *The Comprehensive Guide to Apologetics* Joseph M. C. Sproul,2025-06-03 Apologetic Primer Explains How Reason Supports Christianity s Claims From the classroom to mainstream media Christians regularly find their fundamental beliefs discounted by opponents who consider faith to be incompatible with reason Faith is viewed as subjective emotional and a crutch for those who find the real world too hard The late R C Sproul however claims faith reveals just how rational Christianity truly is This book surveys the history and fundamentals of apologetics to demonstrate how reason and scientific inquiry actually

support Christianity's claims thus equipping believers to defend the existence of God and the Bible's authority. The defense of the faith is not a luxury or an intellectual vanity. It is a task appointed by God to give reason to your eternal hope as you bear witness before the world. A Logical and Biblical Defense Sets forth the basic truth claims of Christianity to show the rationality of the Christian faith. Comprehensive Deals with arguments from philosophy, science, reason, logic, and history. Ideal for New and Seasoned Believers Alike. Helps Christians know what they believe and why they believe it. **Reasons to Reason** Nancy A. Almodovar, 2021-07-22. Apologetics: What is that? Isn't that for theologians and pastors? These are the rebuttals one might receive when encouraging Christians to learn and engage in apologetics: the defense of the Christian faith. This book isn't about apologetics per se. Instead, it reviews the many benefits for Christians engaging in apologetics and learning about it. Dr. Almodovar reviews what aspects of the field helped strengthen her own faith and brought excitement in bringing the good news of the forgiveness of sins through Jesus Christ as she spoke with those who aren't Christians. Over the past years, Dr. Almodovar has actively engaged in encouraging Christians to actually do apologetics, and many have come back to her saying it not only helped them answer the questions of non-believers but strengthened their own faith, knowing now the great amount of evidence there is for the Christian religion. If you've never engaged in defending the faith, now is the time to learn how it will benefit you in your walk with Christ and perhaps excite

you to dig a little deeper so you too can answer their questions about Jesus his life death and resurrection for the forgiveness of all our sins
