Reclaiming 42 David Naze, 2019-06-01 Reclaiming 42 centers on one of America's most respected cultural icons Jackie Robinson and the forgotten aspects of his cultural legacy Since his retirement in 1956 and more strongly in the last twenty years America has primarily remembered Robinson's legacy in an oversimplified way as the pioneering first black baseball player to integrate the Major Leagues The mainstream commemorative discourse regarding Robinson's career has been created and directed largely by Major League Baseball MLB which sanitized and oversimplified his legacy into narratives of racial reconciliation that celebrate his integrity character and courage while excluding other aspects of his life such as his controversial political activity his public clashes with other prominent members of the black community and his criticism of MLB MLB's commemoration of Robinson reflects a professional sport that is inclusive racially and culturally tolerant and largely postracial Yet Robinson's identity and therefore his memory has been relegated to the boundaries of a baseball diamond and to the context of a sport and it is within this oversimplified legacy that history has failed him The dominant version of Robinson's legacy ignores his political voice during and after his baseball career and pays little attention to the

repercussions that his integration had on many factions within the black community Reclaiming 42 illuminates how public memory of Robinson has undergone changes over the last sixty plus years and moves his story beyond Robinson the baseball player opening a new broader interpretation of an otherwise seemingly convenient narrative to show how Robinson's legacy ultimately should both challenge and inspire public memory

We Want Bama Joseph Goodman, 2021-11-09 A lively chronicle of how the 2020 Crimson Tide became Nick Saban's ultimate team Was Alabama's Crimson Tide in 2020 the greatest team of all time The squad went 13-0 in a pandemic year scored a combined 107 points against SEC powerhouses LSU and Florida crushed Ohio State in a National Championship Game 52-24 in a contest that wasn't even that close and followed it up with another top rated signing class Nick Saban called his boys the ultimate team but it wasn't just because they kicked the ever living hell out of everyone on the football field It was because the team leveraged a power and influence born of Southern pride to push back against a hateful legacy of racism that a populist president was exploiting to divide the nation At a time when Americans needed real leaders in the face of so much hate the sports world answered the call and fought back for the soul of the country In the summer of 2020 the Tide players left their training facility and led by their celebrated coach marched to a campus doorway made infamous sixty years earlier by another political demagogue and showed what people can accomplish when they fight together for a just cause in the name of unity The most powerful force in a state crazy for college football had chosen to make a stand and replace George Wallace's Segregation forever with a different message written by one of the players All lives can't matter until Black lives matter There have been some great football teams through the years and they all deserve respect But here's what we know for sure They all would have been appreciative of what this Alabama team represented and proud of what it accomplished The Crimson Tide in 2020 captured something special that moved it beyond the conversation of best ever and into the place reserved for most important of all time
