real find was in London in 1978 when he spotted a rare copy of a Graham Greene children's book while browsing on a stall in Swiss Cottage. It was going for 5 pence. This would also fortuitously be the day when he first encountered one of the legends of the book selling world, Martin Stone. At various times pothead, international fugitive from justice and professional rock musician, he would become John's mentor and friend. In this brilliantly readable and funny book, John Baxter brings us into contact with such literary greats as Graham Greene, Kingsley Amis, J.G. Ballard and Ray Bradbury. But he also shows us how he penetrated the secret fraternity of runners or book scouts, sleuths who use bluff and guile to hunt down their quarry and joined them in scouring junk shops, markets, auction rooms and private homes for rarities. In the comic tradition of Clive James's *Unreliable Memoirs*, *A Pound of Paper* describes how a boy from the bush came to be living in a Paris penthouse with a library worth millions. It also explores the exploding market in first editions. What treasures are lying unnoticed in your garage.

The Witch of the Low Tide John Dickson Carr, 2013-12-19. Lady Betty Calder is a prostitute and a blackmailer or is it her sister Glynis using her name? Dr David Garth, her fiancé, knows he must find out the truth, especially when he blunders across Glynis's strangled body on Betty's property. The police know she did it, but David knows she didn't and he must outwit a cunning murderer and a hostile detective inspector to prove it. What he discovers about his best friend's wife, his medical assistant and even his fiancée make him wish the blackmailing Glynis had never lived. John Dickson Carr's flair for the impossible crime shows through at its very best in this historical puzzler. *The Times*

When Books Went to War Molly Guptill Manning, 2014-12-02. This New York Times bestselling account of books parachuted to soldiers during WWII is a cultural history that does much to explain modern America. USA Today: When America entered World War II in 1941, we faced an enemy that had banned and burned 100 million books. Outraged librarians launched a campaign to send free books to American troops, gathering 20 million hardcover donations. Two years later, the War Department and the publishing industry stepped in with an extraordinary program: 120 million specially printed paperbacks designed for troops to carry in their pockets and rucksacks in every theater of war. These small, lightweight Armed Services Editions were beloved by the troops and are still fondly remembered today. Soldiers read them while waiting to land at Normandy in hellish trenches in the midst of battles in the Pacific, in field hospitals and on long bombing flights. This pioneering project not only lifted soldiers' spirits but also helped rescue *The Great Gatsby* from obscurity and made Betty Smith, author of *A Tree Grows in Brooklyn*, into a national icon. A thoroughly engaging, enlightening and often uplifting account. I was enthralled and moved. Tim O'Brien, author of *The Things They Carried*. Whether or not you're a book lover, you'll be moved. *Entertainment Weekly*

Most Secret John Dickson Carr, 2013-12-19. Young Roderick Kinsmere was a country bumpkin when he strolled into the Great Court of Charles II's Whitehall Palace. Three days later, he had lost his fortune, gained a wife, fought for and been outwitted by his king, and no one would ever call Rowdy Kinsmere a bumpkin again. It was 1670 and London was a teeming, filthy, dangerous and splendiferous place. The king was in trouble and Roderick was surrounded by plots and counterplots. And somehow everything
