Philippus Jacobus Hoedemaker,2019-05-01 To this day Abraham Kuyper stands as a shining example of responsible and effective Christian action in all areas of life A leading journalist theologian churchman and politician in the late 19th and early 20th centuries Kuyper effectuated during a career spanning 50 years an astonishing metamorphosis of the Dutch political and ecclesiastical landscape Lifting high the banner of the universal lordship of Christ he managed to revitalize a moribund political party and mobilize the so called kleyne luyden the little guys into a social ecclesiastical educational and political force to be reckoned with And he did all of this while proclaiming There is not a square inch in the whole domain of our human existence over which Christ who is Sovereign over all does not cry Mine What is less well understood is the degree to which Kuyper spoke out of two sides of his mouth In fact Kuyper shortchanged his trumpeted Christocratic agenda in the interest of political expediency From early on he redefined theological categories in order to implement a dualism between church and state that could allow him to harness the church as a political action committee in the secularized democratic environment all the while posturing as a champion of historic Christian theopolitical civilization The epicenter of this revaluation of Christian values was Article 36 of the Belgic Confession which mandated that the civil magistrate remove and prevent all idolatry and false worship that the kingdom of anti christ may be thus destroyed and the kingdom of Christ promoted This in the view of Kuyper and his movement was a denial of true Calvinism which championed freedom of conscience and religion Hoedemaker disputed this arguing that Kuyper had set up a straw man Did Article 36 really entail

violation of conscience and the elimination of religious freedom No this was a smokescreen In fact Kuyper s solution was the problem as it did not take the Bible seriously Hoedemaker returned to the Reformed fathers to recover a sound Reformed political theology capable of being defended and advanced in the modern world Hoedemaker had once stood shoulder to shoulder with Kuyper to advance the very same agenda of Christ s lordship over every area of life But he came to realize that Kuyper s practical agenda deviated fundamentally from this proclaimed agenda starting with the separation from the national church and culminating in Kuyper s mutilation A A van Ruler of Article 36 This book presents Hoedemaker s argument involving a detailed analysis of Kuyper s published statements on the subject mainly his extended discussion included in vol 3 of Common Grace It is the translation of Artikel XXXVI onzer Nederduitsche Geloofsbelijdenis tegenover Dr A Kuyper gehandhaafd beoordelingen van de opstellen in de Heraut over kerk en staat Amsterdam Van Dam 1901 *The Inquisition: Fear, Confession, and the Birth of Thought Policing* Charlie Armstrong Adams,2025-09-12 The Inquisition Fear Confession and the Birth of Thought Policing From the Dominican friars of the thirteenth century to the Spanish Inquisition under Ferdinand and Isabella this book uncovers how the Church built one of the most feared institutions in history and in the process invented the blueprint for modern psychological warfare What began as a tribunal to punish heresy became the world s first system of thought policing Confession was transformed into a surveillance tool neighbors into informants and entire communities into maps of suspicion Ritualized penance humiliation and public executions were carefully staged not only to punish dissent but to terrify the masses into conformity Behind the flames of the auto da f lay a deeper machinery of repression dossiers censorship and the criminalization of private belief This book reveals how the Inquisition pioneered methods later perfected by the Gestapo the Stasi and COINTELPRO shifting from burning bodies to breaking minds By weaponizing fear confession and control of conscience it created the psychological DNA of every secret police state that followed Book Two in the series Zersetzung A History of Breaking Minds this volume shows how the Inquisition was not a medieval relic of superstition but the prototype of modern surveillance and psychological control If you want to understand how fear became an institution how conscience became a crime and how the lessons of the Inquisition still echo in today s systems of control this book will take you to the roots of it all *Peter: Confession and Absolution ... Three Scriptural essays* John MACNAUGHT,1851 **Unmasking Biblical Faiths** Charles W. Hedrick,2019-01-11 Unmasking Biblical Faiths aims to address many of the challenges to traditional Christian faith in the modern world Since the eighteenth century Age of Enlightenment human reason formerly tethered by the constraints of organized religion has been set free to explore the universe relatively unchallenged The influence of the Bible on the other hand weakened due to the successes of modern historical criticism is found to be inadequate for the task of enabling the faith once for all delivered to the saints Jude 3 in that it cannot adequately respond to the many questions about religious faith that human reasoning raises for modern human beings In a series of short but tightly reasoned essays Charles Hedrick explores the confrontation between traditional

Christian faith and aggressive human reason a conflict that is facilitated by Western secular education Deviate Alex Albrinck, 2015-10-06 Five characters seek survival and understanding as the world around them crumbles dissolved to dust by The Ravagers microscopic machines with only one goal Total destruction They ll need their wits courage and strength to survive for the Ravagers aren t the most destructive force they ll face Sometimes greater destruction comes from within from learning more about yourself than you ever feared getting answers to questions best not answered Sometimes answers don t bring enlightenment They bring death *The Deviation and Restoration of the Human Race* Theodore Verheven, 2006 This book was written to inform those who want to know about themselves not only about their physical and psychological aspects but also of the most important spiritual or divine aspect of their being This writing also explains how to develop one s dormant psychic senses and to understand psychic senses and to understand psychic phenomena as written in the Holy Bible It further explains how individuals survive physical death and what kind of life they experience in the hereafter This manuscript goes into much detail about the differences between love and lust and why marriages are breaking up Humans who want to be good are often acting in an evil way not knowing what evil is and how it originated This work explains how God as Parent has been desperately trying to restore the human race so that it will no longer mourn the agony of life This book is trying to assist those to find the spiritual treasures they are looking for and to become of God The Confessional Principle and the Confessions of the Lutheran Church Theodore Emanuel Schmauk, Charles Theodore Benze, 1911

Deviation Luce D'Eramo, 2018-09-18 A devoted fascist changes her mind and her life after witnessing the horrors of the Holocaust First published in Italy in 1979 Luce D'Eramo s *Deviation* is a seminal work in Holocaust literature It is a book that not only confronts evil head on but expands that confrontation into a complex and intricately structured work of fiction which has claims to standing among the greatest Italian novels of the twentieth century Lucia is a young Italian girl from a bourgeois fascist family In the early 1940s when she first hears about the atrocities being perpetrated in the Nazi concentration camps she is doubtful and confused unable to reconcile such stories with the ideology in which she s been raised Wanting to disprove these slanders on Hitler s Reich she decides to see for herself running away from home and heading for Germany where she intends to volunteer as camp labor The journey is a harrowing surreal descent into hell which finds Lucia confronting the stark and brutal realities of life under Nazi rule a life in which continual violence and fear are simply the norm Soon it becomes clear that she must get away but how can she possibly go back to her old life knowing what she now knows Besides getting out may not be as simple as getting in Finally available in English translation *Deviation* is at once a personal testament a work of the imagination an investigation into the limits of memory a warning to future generations and a visceral scream at the horrors of the world *On the Church* Abraham Kuyper, 2016-11-16 This anthology of key essays and speeches presents Kuyper s thoughts on the church Included are selections from Kuyper s doctoral dissertation on the theology of John Calvin and John a Lasco various treatises and sermons such as the Twofold Fatherland

and Address on Missions and selections from Kuyper's larger works on the church such as Kuyper's commentary on the Heidelberg Catechism The centerpiece will be Kuyper's programmatic statement Tract on the Reformation of the Churches which takes a unique approach to ecclesiology
