yet prompt and decisive in action of iron constitution and an excellent rider he was in all respects a worthy follower of the great leader under whom he served He retired on half pay in 1821 and settling at Willington in his native county engaged actively in the duties and pursuits of a country gentleman as a magistrate landlord and sportsman In the hunting field he became as distinguished as in the field of battle and with his two brothers formed one of the trio sung by the Cheshire poet as The brothers three from Dorfold sprung whom none of us could beat He married in 1836 Susan daughter of Thomas Tarleton Esq of Bolesworth Castle Cheshire by Frances daughter of Philip Egerton Esq of Oulton Park and sister of the late Admiral Sir Walter Tarleton K C B and died in 1872 in his 83rd year leaving surviving issue four sons and two daughters One of the former is Lieutenant Colonel Henry Tomkinson now in command of the 1st Royal Dragoons and upon me as his heir and successor devolves the duty of editing his diary About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Daly,2013-07-23 Combining military and cultural history the book explores British soldiers travels and cross cultural encounters in Spain and Portugal 1808 1814 It is the story of how soldiers interacted with the local environment and culture of their attitudes and behaviour towards the inhabitants and how they wrote about all this in letters and memoirs **Burgos in the Peninsular War, 1808-1814** C. Esdaile,P. Freeman,2014-12-15 For a full month in the autumn of 1812 the 2 000 strong garrison of the fortress the French had constructed to overawe the city of Burgos defied the Duke of Wellington In this work a leading historian of the Peninsular teams up with a leading conflict archaeologist to examine the reasons for Wellington s failure **Waterloo 1815: The British Army's Day of Destiny** Gregory Fremont-Barnes,2014-11-03 Writing to his mother the day after the fighting Captain Thomas Wildman of the 7th Hussars described a victory so splendid important that you may search the annals of history in vain for its parallel Little wonder for Waterloo was widely recognised even in its immediate wake as one of the most decisive battles in history after more than twenty years of uninterrupted conflict this single day s encounter finally put paid to French aspirations for European hegemony The culminating point of the French Revolutionary and Napoleonic Wars Waterloo also witnessed levels of determination and bravery by both sides which far exceeded anything experienced by the veterans of Wellington s recent campaigns in Spain and Portugal Indeed it was that unconquerable spirit which left over 50 000 men dead on the field of battle and tens of thousands of others wounded This thoroughly researched and highly detailed account of one of history s greatest human dramas looks first at the wider strategic picture before

focusing on the tactical roles played by individual British units all meticulously examined with the benefit of an extensive array of hitherto unexploited primary sources which reveal the battlefield experience of officers and soldiers as never before Refusing simply to repeat the same unchallenged accounts and to commit the same errors of previous historians this work relies exclusively on hundreds of first hand accounts by men of all ranks and from practically every British regiment and corps present on that fateful day to provide a fresh and revised perspective on one of the most pivotal events of modern times

Nursing the English from plague to Peterloo, 1660-1820 Alannah Tomkins, 2025-01-21 This book studies the negative stereotypes around the women who worked as sick nurses in this period and contrasts them with the lived experience of both domestic and institutional nursing staff Furthermore it integrates nursing by men into the broader history of care as a constant if little recognised presence It finds that women and men undertook caring work to the best of their ability and often performed well despite multiple threats to nurse reputations on the grounds of gender norms and social status Chapters consider nursing in the home in general hospitals in specialist institutions like the Royal Chelsea Hospital and asylums plus during wartime illuminated by multiple accounts of individual nurses In these settings it employs the sociological concept of dirty work to contextualise the challenges to nurses and nursing identities Journal of the Waterloo Campaign Cavalie Mercer, 2012-10-24 Mercers journal is the most outstanding eyewitness account of the Waterloo campaign ever published It is a classic of military history This new fully illustrated edition featuring an extensive introduction and notes by Andrew Uffindell one of the leading authorities on the Napoleonic Wars contains a mass of additional material not included in the original As the bicentenary of Waterloo approaches this beautifully prepared scholarly edition of Mercers work will be essential reading for anyone who wishes to know what it was really like to fight in the final great battle against Napoleon
