THE DICTATORS

HITLER'S GERMANY STALIN'S RUSSIA

RICHARD OVERY

The Dictators Hitlers Germany Stalins Russia

Henrik Eberle, Matthias Uhl

The Dictators Hitlers Germany Stalins Russia:

The Dictators R. J. Overy, 2004 Overy gives readers an absorbing study of Hitler and Stalin ranging from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons *The Dictators* Richard Overy, 2005-04-28 Half a century after their deaths the dictatorships of Stalin and Hitler still cast a long and terrible shadow over the modern world They were the most destructive and lethal regimes in history murdering millions They fought the largest and costliest war in all history Yet millions of Germans and Russians enthusiastically supported them and the values they stood for In this first major study of the two dictatorships side by side Richard Overy sets out to answer the question How was dictatorship possible How did they function What was the bond that tied dictator and people so powerfully together He paints a remarkable and vivid account of the different ways in which Stalin and Hitler rose to power and abused and dominated their people It is a chilling analysis of powerful ideals corrupted by the vanity of ambitious and unscrupulous men **The Dictators** Richard James Overy, 2010 This work analyses the two dictatorships of Hitler and Stalin It ranges from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons The Nazi extermination camps and the vast Soviet Gulag represent the two dictatorships in their most inhuman form The author describes the human and historical roots of these evils [The Dictators: Hitler's Germany, Stalin's Russia](#) Richard Overy, 2006-01-17 A book of great importance it surpasses all others in breadth and depth Commentary If the past century will be remembered for its tragic pairing of civilized achievement and organized destruction at the heart of darkness may be found Hitler Stalin and the systems of domination they forged Their lethal regimes murdered millions and fought a massive deadly war Yet their dictatorships took shape within formal constitutional structures and drew the support of the German and Russian people In the first major historical work to analyze the two dictatorships together in depth Richard Overy gives us an absorbing study of Hitler and Stalin ranging from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons The Nazi extermination camps and the vast Soviet Gulag represent the two dictatorships in their most inhuman form Overy shows us the human and historical roots of these evils *Terror* Brett Bowden, Michael T. Davis, 2008 With a foreword by Geoffrey Robertson QC The issues of terror and terrorism confront us every day every time we board a flight pick up a newspaper or watch television Concerns about terrorism now dictate domestic and foreign policies around the world In a very real sense one way or another we find ourselves in the grip of terror But what is terror How is it described measured and experienced Is the current terrorist threat unprecedented The answers to many of these questions and the lessons therein are to be found in history and nowhere more so than in Europe In fact Europe has been home to some of the most terrifying and horrific events in recorded human history This collection takes a broad ranging yet detailed look at the landmark events and epochs of

terror across Europe from the Gunpowder Plot of 1605 to the terrorist bombings on the London Underground in July 2005 Drawing on leading authorities from across the globe this volume explores the historical mutation of political violence and concepts of terror Terror will be of interest to scholars of history international relations and political science to policy makers and to the educated layperson Hitler, the Germans, and the Final Solution Ian Kershaw, 2008-05-28 This volume presents a comprehensive multifaceted picture both of the destructive dynamic of the Nazi leadership and of the attitudes and behavior of ordinary Germans as the persecution of the Jews spiraled into total genocide Perspectives on the Entangled History of Communism and Nazism Klas-Göran Karlsson, Johan Stenfeldt, Ulf Zander, 2015-07-15 The collective work deals with the problems of if how and why the histories of German Nazism and Soviet Communism should and could be situated within one coherent narrative As historical phenomena can Communism and Nazism fruitfully be compared to each other Do they belong to the same historical contexts Have they influenced reacted to or learned from each other Are they interpreted represented and used together by posterity The background of the book is twofold One is external There is an ongoing debate about the historical entanglements of Communism and Nazism especially about Auschwitz and Gulag respectively Our present fascination with the evil history of genocide has situated the Holocaust as the borderline event in Western historical thinking The crimes against humanity perpetrated by the Soviet Communist regime do not have the same position but are considered more urgent in the East and Central European states that were subdued by both Nazi and Communist regimes The other internal background is to develop an analytical perspective in which the comnaz nexus can be understood Using a complex approach the authors investigate Communist and Nazi histories as entangled phenomena guided by three basic perspectives Focusing on roots and developments a genetic perspective highlights historical process oriented connections A structural perspective indicates an attempt to narrow down operational parallels of the two political systems in the way they handled ideology to construct social utopia used techniques of terror etc A third perspective is genealogical emphasizing the processing and use of Communist and Nazi history by posterity in terms of meaning and memory What past is worth remembering celebrating debating but also distorting and forgetting The chapters of the book address phenomena such as ideology terror secular religion museum exhibits and denial **Hitler, Stalin, and Mussolini** Bruce F. Pauley, 2014-09-15 The fourth edition of Hitler Stalin and Mussolini Totalitarianism in the Twentieth Century presents an innovative comparison of the origins development and demise of the three forms of totalitarianism that emerged in twentieth century Europe Represents the only book that systematically compares all three infamous dictators of the twentieth century Provides the latest scholarship on the wartime goals of Hitler and Stalin as well as new information on the disintegration of the Soviet empire Compares the early lives of Hitler Stalin and Mussolini their ideologies rise to and consolidation of power and the organization and workings of their dictatorships Features topics organized by themes rather than strictly chronologically Includes a wealth of visual material to support the text as well as a thorough Bibliographical Essay compiled by the author

The New Makers of Modern Strategy Hal Brands, 2023-05-02 First published by Princeton in 1943 the collection of essays that constituted *Makers of Modern Strategy* has largely held the field as the key book that studied the means and ends of military power and thought and the historical figures that shaped that history The books in two editions have long been a staple of Princeton's backlist in international politics and strategic studies The first edition edited by Edward Mead Earle and subtitled *Military Thought from Machiavelli to Hitler* emerged out of a seminar of foreign policy and security experts organized between Princeton and the Institute of Advanced Study in reaction to World War II as a global conflict The subsequent edition edited by Peter Paret then at Stanford University was prepared in the early 1980s and subtitled *From Machiavelli to the Nuclear Age* In that edition three essays were reprinted from the earlier book four others were revised and the remainder twenty two essays were wholly new to reflect the updates in the field and also how the global political context had changed The two books together are regarded as the founding and leading text in military and strategic studies containing influential essays by many of the best known scholars of the subject The ambition of the new volume is to commission an entirely new edition of this classic reference work with 37 chapters organized into 5 sections covering key military leaders and the most important elements of strategic thinking since Thucydides and Sun Tzu The field of strategic and military history has witnessed an intellectual renaissance in recent decades as the number of strategic challenges faced by the world has grown enormously International politics has also changed The Cold War ended and the Soviet Union disappeared The United States entered a period of unipolarity only to see it challenged by the rise of new powers China in particular Terrorism civil wars so called rogue states insurgency and counter insurgency and cybersecurity all joined a growing list of strategic concerns New technologies promise to upend our understanding of conflict Furthermore scholars have learned more about earlier periods from the classic thinkers of strategy to the struggles of great power war to the dynamics of world politics during the Cold War Finally scholarship on international politics war and peace in the 20th century and after has become increasingly internationalized with the opening of new archives and the incorporation of new perspectives The aim of this volume is to serve as an overview and stimulant to research in this field one that encompasses the broader definitions of strategy in current research reflects the current state of world politics and also takes a more global and less Western perspective Publisher's description

World War II Priscilla Roberts, 2012-08-16 In this book an internationally renowned team of historians provides comprehensive coverage of all major campaigns and theaters of World War II synthesizing the tremendous breadth and depth of source materials on this global conflict It includes primary source documents created by both famous leaders and average citizens World War II The Essential Reference Guide provides a comprehensive overview of the major events campaigns battles personalities and issues of World War II supplemented by a selection of primary source documents Comprising essays written by leading international scholars that introduce non specialist readers to all the major theaters of the war this volume covers the entire span both geographically and

chronologically of this far reaching conflict A selection of official and personal documents conveys the emotionally charged tenor of the period and the tremendous psychological impact of the war on those involved in it both directly and indirectly The book includes scholarly essays on enduring dilemmas of World War II such as whether the United States justified in dropping the atomic bomb on Japan as well as comprehensive essays on the causes course and consequences of the war

European Dictatorships 1918-1945 Stephen J. Lee, 2016-02-12 *European Dictatorships 1918 1945* surveys the extraordinary circumstances leading to and arising from the transformation of over half of Europe's states to dictatorships between the first and the second world wars From the notorious dictatorships of Mussolini Hitler and Stalin to less well known states and leaders Stephen J Lee scrutinizes the experiences of Russia Germany Italy Spain Portugal and Central and Eastern European states This fourth edition has been fully revised and updated throughout New material for this edition includes the most recent research on individual dictatorships a new chapter on the experiences of Europe's democracies at the hands of Germany Italy and Russia an expanded chapter on Spain a new section on dictatorships beyond Europe exploring the European and indigenous roots of dictatorships in Latin America Asia and Africa Extensively illustrated with images maps tables and a comparative timeline and supported by a companion website providing further resources for study www.routledge.com/cw/lee/European-Dictatorships-1918-1945 is a clear detailed and highly accessible analysis of the tumultuous events of early twentieth century Europe

The Global Revolution Silvio Pons, 2014-08-28 *The Global Revolution A History of International Communism 1917 1991* establishes a relationship between the history of communism and the main processes of globalization in the past century Drawing on a wealth of archival sources Silvio Pons analyses the multifaceted and contradictory relationship between the Soviet Union and the international communist movement to show how communism played a major part in the formation of our modern world The volume presents the argument that during the age of wars from 1914 to 1945 the establishment of the Soviet state in Russia and the birth of the communist movement had an enormous impact because of their promise of world revolution and international civil war Such perspective appeared even more plausible in the aftermath of the Second World War and of revolution in China which paved the way for the expansion of communism in the post colonial world Communism challenged the West in the Cold War by means of anti capitalist modernization and anti imperialist mobilization showing itself to be a powerful factor in the politicization of global trends However the international legitimacy of communism declined rapidly in the post war era Soviet power exposed its inability to exercise hegemony as distinct from domination The consequences of Sovietization in Europe and the break between the Soviet Union and China were the primary reasons for the decline of communist influence and appeal Since communism lost its political credibility and cultural cohesion its global project had failed The ground was prepared for the devastating impact of Western globalization on communist regimes in Europe and the Soviet Union

Wounds of the Heart Joseph Keely, 2021-02-22 This is for my children and my children's children so that they may know that their father

grandfather served his country along with 2 909 918 other men and women in uniform in Vietnam Most of these men and woman remained loyal to their oath as military personnel and served with honor and distinction I want them to know that our efforts and sacrifices were undermined at every turn of the event by the American people the American press and self centered politicians through lies propaganda and treason on a scale so large it was unstoppable And finally forced the government to abandon its troops on the field of battle to fend for ourselves That they may also see the real truth surrounding the Vietnam War and the war that has raged within me these past fifty plus years These words were engendered by a comment I heard on television It angered me enough to conduct a personal investigation to see if the nine lines written above were just a figment of my imagination or what I felt to be true in my heart This investigation has culminated with mixed feelings It saddens me that what I felt in my heart is true however I am elated that my investigation serves as a vindication of all the Vietnam veterans both men and women who remained loyal to their oath as soldiers sailors airmen and marines I am elated that there is finally a book that countermands the lies and propaganda that have carried on from the 60s to this very day and that it shows the Vietnam veterans as the loyal and honorable men and women they have proven themselves to be

On Absolute War Eric Fleury, 2019-01-15 Nearly two decades after the declaration of a War on Terror the precise relationship between warfare and terrorism remains unclear The United States and its allies have long sought to inflict a decisive defeat upon groups such as Al Qaeda and ISIS while regarding their individual members as malevolent criminals undeserving of combatant status A clearer understanding of how terrorists define victory and how their method of fighting relates to conventional military forces is necessary in order to devise more realistic and effective strategies of counterterrorism *On Absolute War* constructs a theoretical framework for the study of terrorism based on Carl von Clausewitz's *On War* widely regarded as the greatest analysis of war ever written Through a review of Clausewitz's work and a set of historical case studies ranging from the Fenian Dynamite Campaign of the 1880s to the wars in Iraq and Afghanistan Prof Fleury reveals just how closely terrorism mimics the logic of war Terrorism attempts to restore war to its theoretical baseline a condition that Clausewitz called absolute war featuring relentless escalation toward a climactic result While never achieving this ideal in practice terrorists succeed to the extent that they compel their enemies and their prospective followers to engage mutual escalation which will ultimately favor whichever side is better able to jettison logistical and normative limits Consequently states must engage terrorists on the basis of Clausewitz's two most important injunctions namely that war is temporary and subordinate to political controls Given the very real prospect of a war without any temporal and spatial limits *On Absolute War* provides the theoretical basis for a strategy of limiting the effects of terrorism rather than repeatedly trying and failing to destroy it

History for the IB Diploma: Origins and Development of Authoritarian and Single Party States Allan Todd, Sally Waller, 2011-05-19 An exciting new series that covers the five Paper 2 topics of the IB 20th Century World History syllabus This coursebook covers Paper 2 Topic 3 Origins and

development of authoritarian and single party states in the 20th Century World History syllabus for the IB History programme It is divided into thematic sections following the IB syllabus structure and is written in clear accessible English It covers the following areas for detailed study Americas Cuba Castro Asia and Oceania China Mao and Europe and Middle East Germany Hitler USSR Stalin Tailored to the requirements and assessment objectives of the syllabus this new coursebook provides opportunities for students to make comparisons between different regions and time periods Stalin Kevin McDermott,2006-01-23 Stalin s massive impact on Soviet history is often explained in terms of his inherent evil personality defects and power lust While not rejecting these notions Kevin McDermott argues that Stalin s thoughts and actions are best contextualised in the inter relationship between war and revolution in the first half of the twentieth century The author presents the case for taking the Soviet dictator seriously as a Marxist revolutionary whose fundamental beliefs and modus operandi were forged in the cauldron of civil and international wars ideologically driven class wars and revolutionary upheavals associated with the age of catastrophe 1914 45 Only by so doing can the complex motivations for such cataclysmic events as the Great Terror be adequately addressed Incorporating recently declassified materials from the former Soviet Party archives this new appraisal of Stalin also provides a critical review of the latest western and Russian historiography It is essential reading for anyone studying the debates on one of the leading figures of Soviet history **Parameters** ,2007

The Routledge History of the Second World War Paul R. Bartrop,2021-11-08 The Routledge History of the Second World War sums up the latest trends in the scholarship of that conflict covering a range of major themes and issues The book delivers a thematic analysis of the many ways in which study of the Second World War can take place considering international transnational and global approaches and serves as a major jumping off point for further research into the specific fields covered by each of the expert authors It demonstrates the global and total nature of the Second World War giving due coverage to the conflict in all major theatres and through the lens of the key combatants and neutrals examines issues of race gender ideology and society during the war and functions as a textbook to educate students as to the trends that have taken place in how the conflict has been and can be interpreted in the modern world Divided into twelve parts that cover central themes of the conflict including theatres of war leadership societies occupation secrecy and legacies it enables those with no memory of war to approach it with a view to comprehending what it was all about and places the history of this conflict into a context that is international transnational and institutional This is a comprehensive and accessible reference volume for anyone interested in the most up to date scholarship on this major conflict Chapter 18 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com> Totalitarian Dictatorship Daniela Baratieri,Mark Edele,Giuseppe Finaldi,2013-10-08 This volume takes a comparative approach locating totalitarianism in the vastly complex web of fragmented pasts diverse presents and differently envisaged futures to enhance our understanding of this fraught era in

European history It shows that no matter how often totalitarian societies spoke of and imagined their subjects as so many slates to be wiped clean and re written on older identities familial loyalties and the enormous resilience of the individual or groups of individuals meant that the almost impossible demands of their regimes needed to be constantly transformed limited and recast

The Hitler Book Henrik Eberle, Matthias Uhl, 2009-03-25 Stalin had never been able to shake off the nightmare of Adolf Hitler Just as in 1941 he refused to understand that Hitler had broken their non aggression pact he was in 1945 unwilling to believe that the dictator had committed suicide in the debris of the Berlin bunker In his paranoia Stalin ordered his secret police the NKVD precursor to the KGB to explore in detail every last vestige of the private life of the only man he considered a worthy opponent and to clarify beyond doubt the circumstances of his death For months two captives of the Soviet Army Otto Guensche Hitler s adjutant and Heinz Linge his personal valet were interrogated daily their stories crosschecked until the NKVD were convinced that they had the fullest possible account of the life of the F In 1949 they presented their work in a single copy to Stalin It is as remarkable for the depth of its insight into Adolf Hitler from his specific directions to Linge as to how his body was to be burned to his sense of humor as for what it does not say reflecting the prejudices of the intended reader Joseph Stalin Nowhere for instance does the dossier criticize Hitler s treatment of the Jews Today the 413 page original of Stalin s personal biography of Hitler is a Kremlin treasure and it is said to be held in President Putin s safe The only other copy made by order of Stalin s successor Nikita Khrushchev in 1959 was deposited in Moscow Party archives under the code number 462A It was there that Henrik Eberle and Matthias Uhl two German historians found it Available to the public in full for the first time The Hitler Book presents a captivating astonishing and deeply revealing portrait of Hitler Stalin and the mutual antagonism of these two dictators who between them wrought devastation on the European continent

Unveiling the Magic of Words: A Overview of "**The Dictators Hitlers Germany Stalins Russia**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**The Dictators Hitlers Germany Stalins Russia**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book is central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.

The Dictators Hitlers Germany Stalins Russia Introduction

The Dictators Hitlers Germany Stalins Russia Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. The Dictators Hitlers Germany Stalins Russia Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. The Dictators Hitlers Germany Stalins Russia : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for The Dictators Hitlers Germany Stalins Russia : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks The Dictators Hitlers Germany Stalins Russia Offers a diverse range of free eBooks across various genres. The Dictators Hitlers Germany Stalins Russia Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. The Dictators Hitlers Germany Stalins Russia Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific The Dictators Hitlers Germany Stalins Russia, especially related to The Dictators Hitlers Germany Stalins Russia, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to The Dictators Hitlers Germany Stalins Russia, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some The Dictators Hitlers Germany Stalins Russia books or magazines might include. Look for these in online stores or libraries. Remember that while The Dictators Hitlers Germany Stalins Russia, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow The Dictators Hitlers Germany Stalins Russia eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free

on their websites. While this might not be the The Dictators Hitlers Germany Stalins Russia full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Dictators Hitlers Germany Stalins Russia eBooks, including some popular titles.

FAQs About The Dictators Hitlers Germany Stalins Russia Books

What is a The Dictators Hitlers Germany Stalins Russia PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Dictators Hitlers Germany Stalins Russia PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Dictators Hitlers Germany Stalins Russia PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Dictators Hitlers Germany Stalins Russia PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Dictators Hitlers Germany Stalins Russia PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
