Towards an Islamic Lunisolar Calendar Hisham Abad, 2021-04-10 The Calendar was invented in ancient times to allow nations to pace their economic and social activities with climatic seasons Throughout the history of civilizations much

depended on organizing and administering an accurate calendar Hunter gatherers needed the calendar to predict the migrations of herds of wild animals As humanity advanced farming communities required calendars to predict the coming of rain or the time of the flooding of rivers Traders and seafaring communities needed to map the best time of the year to tackle the dangers of seas when sailing far from home In contemporary times of globalization calendars have become even more critical in optimizing the complex supply chains of local and global production cycles Oral traditions ascertain that the Arabs of the Arabian Peninsula used a rudimentary lunisolar calendar called in the literature the Arabian Calendar Like with all nations the lunisolar Arabian Calendar helped the Arabs organize their meager resources in the best ways possible For example research showed that the ajj season and its pan Arabian markets were scheduled to coincide with the date harvesting season peaking from July to September The abundance of the date harvest available in this period along with assigning the concept of inviolability to the Arabian months spanning this season allowed them to travel across Arabia to Mecca to trade in the pan Arabian markets and to participate in the religious rituals of their pilgrimage the ajj It is asserted in this book that Prophet Mu ammad followed the lunisolar Arabian Calendar all his life At the end of the tenth year after he migrated from Mecca to Med na and during his Farewell Pilgrimage the Qur n sternly abolished the process of intercalation i e the Nas the very process which allowed the Arabs to organize their various economic and religious activities When Caliph Umar ibn al Kha b initiated the Hijri Calendar seven years after Prophet Mu ammad death i e in 17 AH he founded it as purely lunar which meant its months were allowed to float within the solar year Caliph Umar is famous for his zeal in protecting the fundamental Islamic principle of monotheism This I show was the reason for introducing the Hijri Calendar as purely lunar because Nas i e Quraysh s method of intercalation was hopelessly entangled with the polytheistic religion of Quraysh the Prophet s tribe and the guardian of the holy places in Mecca and its environs The harmful effects of following the purely lunar Hijri Calendar were realized from early on But the prohibition of Nas inhibited the early Islamic caliphs from reforming the Hijri Calendar This book explores the history of the Arabian Calendar and its intimate connection with the Hijri Calendar The main findings of this book are as follows 1 The main ajj shrines in Macca are aligned in the direction of sunrises and sunsets of the Summer Solstice day 2 Quraysh intercalated its Arabian Calendar by forcing the Summer Solstice SS Day to occur within the 11th month of the Arabian Calendar Shaww l The Nas month was added when the onset of the SS was about to transfer to into the 11th month Dh l Qa da 3 The onset of the SS day was determined through the sunset alignment along the line joining the posts of al Wos and al Aqaba Jamar t and also by observing the sun rising from behind the peak of mount Thab r from the location of the sacrificial altar of pre Islamic Mina 4 The Prophet arrived in his migration from Mecca to Med na on the Days of sh r which corresponded to the dates of 8th of Rab I the 10th of the Hebrew month Tishri and to the 23rd of September 632 5 The epoch of the Hijri Calendar must be adjusted back by two days from the epoch used so far 6 The Farewell Pilgrimage occurred in autumn on September 4 632 CE not in spring on March 11 632 CE

Muslim Writers

on Judaism and the Hebrew Bible Camilla Adang, 2021-09-20 Muslim Writers on Judaism and the Hebrew Bible deals with the way in which Judaism and its holy scriptures were viewed by nine medieval Muslim writers representing different genres of Arabic literature Ibn Rabban al abar Ibn Qutayba al Ya q b Ab Ja far al abar al Mas d al Maqdis al B qill n al B r n and Ibn azm After an introductory chapter on the reception of Biblical materials in early Islam and a presentation of the authors under review the book focuses on their knowledge of Judaism and the text of the Hebrew Bible and subsequently discusses issues frequently debated between Muslims and Jews namely the claim that the Torah contains references to Mu ammad and the assertion that the Torah has been both abrogated and falsified In the appendix texts by Ibn Qutayba and al Maqdis are offered for the first time in an English translation *Early Islam* Guillaume Dye, 2023-03-20 In recent decades new paradigms have radically altered the historical understanding of the Qur n and Early Islam causing much debate and controversy This volume gathers select proceedings from the first conference of the Early Islamic Studies Seminar These studies explore the history of the Qur n and of formative Islam with the methodological tools set forth in Biblical New Testament and Apocryphal studies as well as the approaches used in the study of Second Temple Judaism Christian and Rabbinic origins It thereby contributes to the interdisciplinary study of formative Islam as part and parcel of the religious landscape of Late Antiquity The Wiles of Women/The Wiles of Men Shalom Goldman, 2016-03-22 One of the world s oldest recorded folktales tells the story of a handsome young man and the older woman in whose house he resides Overcome by her feelings for him the woman attempts to seduce him When he turns her down she is enraged and to her husband she accuses the young man of attacking her The husband seemingly convinced of his wife s innocence has the young man punished But it is precisely that punishment that leads to the hero s vindication and eventual rise to power and prominence In the West we know this tale classified in folklore as the Potiphar s Wife motif from its vivid narration in the Hebrew Bible But as Shalom Goldman demonstrates in this book the Bible s is only one telling of a story that appears in the scriptures and folklore of many peoples and cultures in many different eras including ancient Egypt classical Greece and ancient Mesopotamia as well as post Biblical Jewish literature the Qur an and Inuit culture Goldman compares and contrasts the treatment of this motif especially in the literature and lore of the ancient Near East Biblical Israel and early Islam at the same time touching on gender issues the status of women in Middle Eastern societies and the varying constructions of male female relationships and the vexed question of originality in the narratives of the monotheistic traditions The Book of Genesis Craig A.
