The Hite Report On The Family Growing Up Under Patriarchy

Betty Jane Wylie

The Hite Report On The Family Growing Up Under Patriarchy:

The Hite Report on the Family Shere Hite,1996-04-03 In this major study groundbreaking researcher Shere Hite challenges established views on the family arguing that it is not collapsing as advocates of traditional family values would have us believe but instead shifting from a rigid patriarchal formula to increasingly egalitarian custom tailored variations Revealing and moving reflections on family life Publishers Weekly

The Shere Hite Reader Shere Hite,2011-01-04 The Shere Hite Reader presents wide ranging analysis on the individual and society from a renowned thinker on psychosexual development The book includes new science in addition to previously published material reflecting Hite s three decades of work probing the roots of human identity through questionnaires and theory For the first time Hite formalizes her thinking on male adolescence that boys feel tortured by the new social role they are forced to assume at puberty requiring a show of superiority toward females In new detail Hite advances her understanding that sex is political linking the expectation on women to achieve orgasm through coitus with broader patterns of oppression Hite discusses new research on female adolescence challenging the virgin hymen concept and documenting that sexual awakening often precedes puberty Hite also argues that pornography misrepresents male sexuality not to mention female sexuality depicting it as singular and silly instead of full of intriguing nuanced behavior involving the entire body not just the penis The authoritative collection of her work The Shere Hite Reader challenges the reader to a new way of seeing

Living Feminism Chilla Bulbeck,1997-10-27 Examining the impact of feminism on ordinary Australian women the author argues that the impact of feminism on women s lives has been significant even though many of the women whose lives have changed because of its influence shun the term feminist or find feminism irrelevant

Women and the Family Caroline Sweetman,1996 Looking at factors as diverse as the persuasiveness of patriarchy changing family forms female infanticide and land reform policies this collection of articles considers the family from a gender perspective and how the socially prescribed roles of men and women within the family can constrain women s opportunities Contributors include Suad Joseph and Ranjani Krishnamurthy

Family Fictions Sarah Harwood,1997-06-12 Family Fictions explores images and narratives of the family in recent Hollywood cinema This is the first in depth analysis of this important topic which explores how problematic representations of the family were in a period when the family was a pivotal political and social issue Through close textual analysis of the biggest box office hits of recent years this book demonstrates the volatility of family representations and the instability of its narrative and ideological functions Well known films discussed include Kramer versus Kramer E T and Look Who s Talking

Orgasm and the West Robert Muchembled,2008-12-03 Can the orgasm be explained in historical terms Robert Muchembled s book unearths fascinating sources which suggest that we need to look with a fresh eye at the past and realize that the sublimation of the erotic impulse was far more than simple religious ascetism it was the hidden driving force of the West until the 1960s

Family Betty Jane Wylie,1997 It s not what families look like that matters it s what they do that counts But what do

families do How do they function How do they affect society today And what is the future of the family With up to date statistics insightful ideas and stories told from the heart Betty Jane Wylie addresses these and other questions *IT TAKES THE WHOLE DAMN VILLAGE* SANDRA BARNHOUSE,2005-10-14 We must close the classrooms everywhere public private or otherwise Classrooms are unnatural artificial places of child apartheid and hold our society hostage from its potential to make the world better Sandra Barnhouse This book raises our consciousness toward our once and future world as a better place beginning with the freeing of the children so we ll be compelled to re form the village This is the first step toward a new matrifocality Cristina Biaggi Ph D author of *Habitations of the Great Goddess* **Sex, Love and Feminism in the Asia Pacific** Chilla Bulbeck,2008-10-27 This book explores feminism the women s movement and gender relations in the Asia Pacific region Through a comparative analysis of ten countries both Asian and Western it examines important issues such as attitudes towards feminism family relations sex and same sex sexual relations abortion rights nudity and pornography

Recreating Men Bob Pease,2000-02-02 One of the most central issues for women s prospects for equality is whether man can and will change Changing the social relations of gender will involve changing men s subjectives as well as their daily practices This book asks whether this is possible Bob Pease examines how men who are supportive of feminism are responding to the feminist challenge through an exploration of their experiences and dilemmas in trying to live out their feminist commitment and resist hegemonic forms of masculinity The book is driven by practical as well as theoretical concerns and aims to develop strategies that will promote the process of change towards equality in gender relations Drawing on a critical postmodern theoretical framework Pease argues that it is possible for men to reposition themselves in patriarchal discourses and to reformulate their interests in challenging gender domination *Recreating Men* is an invaluable reading for academics and students of gender studies and of interest to students of sociology psychology and political sociology
