Mark Hazard Osmun

The Honolulu Marathon:

The Honolulu Marathon Mark Hazard Osmun, 2006-05-01 The Honolulu Marathon The third largest marathon in the world Over 30 000 runners in a single year Over 100 000 paid to leading racers But it didn't start out that way In The Honolulu Marathon Mark Hazard Osmun recounts the origins of this amazing event and the motivations of the people who made it happen From recording the promotional showmanship of the zealous Dr Jack Scaff to kidnapping world class runners to running in the race itself Osmun became the principal chronicler of the marathon an event that became the bellwether for the nation's subsequent Running Boom Originally published in 1979 and told in a fast paced engaging and sometimes irreverent style The Honolulu Marathon placed the event on the international stage and now gives us perspective on the colossus it has become Now with new material an author preface and an annually updated Race Statistics section The Honolulu Marathon is a must read for everyone who has or will run the race The People's Race Inc. Michael S. K. N. Tsai, 2016-11-30 The Honolulu Marathon debuted in 1973 as the shared vision of a maverick cardiologist bent on proving the benefit of long distance running for cardiac patients and an impetuous mayor eager to prove Honolulu the equal of the top cities in the country Over a span of forty plus years the race matured into one of the largest marathons in the world a 100 million economic engine for its home state and a launch pad for some of the most dominant long distance runners in modern history From its modest start as a community event for local amateurs the race now regularly attracts 30 000 entrants more than half from Japan and boasts elite fields led by Kenyan and Ethiopian professional runners each hoping to earn a share of a 150 000 prize purse The People's Race Inc captures the personalities politics and power plays behind the burgeoning growth of the Honolulu Marathon and provides a unique lens for understanding the complex history of the sport itself Drawn from revealing interviews with those closest to the event as well as exhaustive research journalist Michael Tsai presents an insider's account of how organizers forged lucrative partnerships with foreign investors helped initiate the age of African dominance of the marathon and weathered some of the most bizarre challenges imaginable The book also exposes the ways in which the marathon's expansive growth mirrored the explosive at times bewildering development of post statehood Hawai'i

Scaff, 1988 , Quest for the Finish Jim Buck, 2020-09-01 *Quest for the Finish* Diary of a Distance Runner is the story of one man's personal experiences in the custom of running It details how he got mixed up in such an endeavor and how it became an integral part of his life how it morphed into a preferred method for keeping fit The author describes how a fitness routine can become a sport how the everyday jogger can become an athlete how the athlete moves from one challenge to the next In relating his running experiences over the years the author provides detailed and inspirational accounts of his own experiences in training and in races at distances from 1 mile to the 26.2 mile marathon These accounts offer valuable insights into training and racing techniques the challenges of reaching the finish line the joy of

competition the anguish when things go wrong The book is also a travel log of sorts since it provides descriptions of running adventures across the USA and in several foreign countries The author takes the reader on an often humorous and sometimes painful journey from the novice runner to the peak of fitness followed by the eventual slow decline in performance that comes with age and life's struggles
