John L. Gittleman

The Hour Of The Hyenas:

The Hour of the Hyenas John Sherwood, 1979 **The Hour of Sunlight** Sami al Jundi, Jen Marlowe, 2011-02-01 The inspiring story of a young Palestinian man who rejected his militant past to become the leader of a peace movement

Hyena Nights & Kalahari Days M. G. L. Mills, Margie Mills, 2010 In this fascinating account of scientific study among forbidding wilderness a husband and wife team describe their trek to the Kalahari to study the little known brown hyena The details of the scientific inquiry are provided while the daily challenges of living with children 420 kilometers from the nearest town are described Despite the hardships the couple becomes so enchanted by these intelligent animals that they stay for 12 years documenting many hyena clans and observing behavior only a handful of people have ever seen *Carnivore Behavior, Ecology, and Evolution* John L. Gittleman, 2019-05-15 The mammalian order Carnivora is characterized by an incredible range of morphological ecological and behavioral variation Carnivores can be as small as the 100 gram least weasel or as large as the 800 kilogram polar bear Their reproductive rate can vary from one offspring every five years as with some black bears to three litters a year as with the dwarf mongoose Group sizes can be traced along a wide continuum from the solitary ermine to the monogamous golden jackal to the large extended packs of as many as 80 spotted hyenas Until recently the general habits of most wild carnivore species were inadequately understood In the last decade however improved technologies including the use of radiotelemetry and night vision scopes have led to many important discoveries This book is at once a critical summary and an evaluation of current research on carnivores A worthy successor to R F Ewer's monumental volume *The Carnivores* Cornell University Press it is the work of 30 leading carnivore biologists who here assemble comparative data on the basic anatomical behavioral ecological physiological reproductive and evolutionary characteristics of this group After a general introduction to the Carnivora the volume is divided in three parts each of which begins with a brief introduction outlining its main themes Part I Behavior covers acoustic and olfactory communication behavioral development behavioral ecology of canids and hyaenids modes of solitary living and group living In Part II Ecology topics include feeding ecology of the giant panda and Asiatic black bear adaptations for aquatic living ecological constraints on predation in felids consequences of small size in mustelids rate of basal metabolism and food habits and reproductive output Part III Evolution deals with the morphological approaches to phylogeny and the fossil record An appendix presents a complete classification of the Carnivora including topics of continuing controversy Highlighting recent developments in the study of the Carnivora and areas for further research this broad synthesis will be of great value of students and researchers in animal behavior behavioral ecology wildlife ecology mammalogy paleontology systematics and evolution theory It will also encourage realistic conservation programs to manage rapidly diminishing populations and will elucidate particular features of the carnivores for nonspecialist readers *Weekly World News*, 1985-11-26 Rooted in the creative success of over 30 years of supermarket tabloid publishing the *Weekly World News* has been the world's only reliable news source since 1979

how to ensure the lion's survival into the next century Engagingly written by the world's foremost expert on African lions Integrates a wealth of findings from two of the most comprehensive field studies on any animal Features hundreds of stunning photographs that capture a broad range of lion behaviors ecological interactions and conservation challenges Blends vivid field anecdotes and graphics to give the reader a sense of adventuring into the lion's world Humans and Hyenas Keith Somerville, 2021-03-18 Humans and Hyenas examines the origins and development of the relationship between the two to present an accurate and realistic picture of the hyena and its interactions with people The hyena is one of the most maligned misrepresented and defamed mammals It is still despite decades of research led knowledge seen as a skulking cowardly scavenger rather than a successful hunter with complex family and communal systems Hyenas are portrayed as sex shifting deviants grave robbers and attackers of children in everything from African folk tales through Greek and Roman accounts of animal life to Disney's *The Lion King* depicting hyenas with a lack of respect and disgust despite the reality of their behaviour and social structures Combining the personal in depth mining of scientific papers about the three main species and historical accounts Keith Somerville delves into our relationship with hyenas from the earliest records from millennia ago through the accounts by colonisers to contemporary coexistence where hyenas and humans are forced into ever closer proximity due to shrinking habitats and loss of prey Are hyenas fated to retain their bad image or can their amazing ability to adapt to humans more successfully than lions and other predators lead to a shift in perspective This book will be of great interest to students and scholars in the environmental sciences conservation biology and wildlife and conservation issues

The Hour of the Fox: The Gardens of the West, Part 2 Francis Jarman, 2018-03-07 THE HOUR OF THE FOX HAS COME Mara has escaped death and is on the run with the slave boy Phrygillus Thomasius and Manasa are hunting a killer or is he hunting them Young Aulus is sent on a surprising mission Decimus is given his most dangerous assignment yet to penetrate the intrigue and corruption at the heart of the Imperial court And Florianus the court eunuch surrounded by enemies is struggling to stay alive As Blood Drinkers close in on the crumbling Western Empire eyes turn to the East And a cunning and ruthless player is about to make his own bid for power Part two of *The Gardens of the West*
