The Houses of Roman Italy, 100 B.C.-A.D. 250 John R. Clarke, 1991 Extensively documented with well chosen good quality photographs Clarke's book effectively surveys these representative examples from the Late Republic to the Late Empire illustrating the shift in the agendas of decoration as well as in the patterns of the lives played out behind closed doors within these highly charged domestic interiors Richard Brilliant author of *Visual Narratives Storytelling in Etruscan Roman Art* An enlightening and engaging walk through Roman cultural history This book will be essential to anyone interested in the classical past in artistic ensembles or in the experience of architecture Diane Favro University of California Los Angeles Real experts in Roman painting are few This book should be very welcome to Roman art historians and social historians wanting to present this material to their students Eleanor Winsor Leach author of *The Rhetoric of Space* *The Houses of Roman Italy, 100 B.c.-a.d. 250* John R. Clarke, 1991 *The House of Roman Italy 100 B.C. - A.D. 250* John R. Clarke, 1991 *The Roman Villa* Alfred Frazer, 1998-01-29 This edited volume based on the first Williams Symposium on Classical Architecture held at the University of Pennsylvania in April 1990 focuses on the theme of the well appointed Roman country house Using archaeological and textual evidence the chapters address issues of villa composition economy and society The volume also explores the possible reasons that Greeks did not embrace the villa lifestyle as the Romans so eagerly did Finally this book provides a promising foundation for future studies of the nature of the villa phenomenon Contributors Lisa Fentress Chrystina H uber Adolf Hoffmann Ann Kuttner Hans Lauter Guy Metraux Richard Neudecker Andrew Wallace Hadrill Symposium Series 9 University Museum Monograph 101 *Augustus and the Family at the Birth of the Roman Empire* Beth Severy, 2004-02-24 In this lively and detailed study Beth Severy examines the relationship between the emergence of the Roman Empire and the status and role of this family in Roman society The family is placed within the social and historical context of the transition from republic to empire from Augustus rise to sole power into the early reign of his successor Tiberius *Augustus and the Family at the Birth of the Roman Empire* is an outstanding example of how if we examine private issues such as those of family and gender we gain a greater understanding of public concerns such as politics religion and history Discussing evidence from sculpture to cults and from monuments to military history the book pursues the changing lines between public and private family and state that gave shape to the Roman imperial system *Mosaics of the Greek and Roman World* Katherine M. D. Dunbabin, 1999 This book provides a comprehensive account of mosaics in the ancient world from the early pebble mosaics of Greece to the pavements of Christian churches in the East Separate chapters in Part I cover the principal regions of the Roman Empire in turn in order to bring out the distinctive characteristics of their mosaic workshops Questions of technique and production of the role of mosaics in architecture and of their social functions and implications are treated in Part II The book discusses both well known works and recent finds and balances consideration of exceptional masterpieces against standard workshop production Two main lines of approach are followed throughout first

the role of mosaics as a significant art form which over an unbroken span illuminates the evolution of pictorial style better than any comparable surviving medium and secondly their character as works of artisan production closely linked to their architectural context
