THE GERMAN U-BOATS  
1914-1918

Edwyn A. Gray

# The Killing Time The U Boat War 1914 18

**R.H. Gibson, Maurice Prendergast**

## **The Killing Time The U Boat War 1914 18:**

*The Killing Time* Edwyn Gray,1972      *The Killing Time* Edwyn Gray,1975      **The killing Time** Edwyn A. Gray,1972

*The U-Boat War, 1914-1918* Edwyn Gray,1994-04-01 A history of Germany's usage of submarine warfare during World War I by the author of *Operation Pacific* In 1914 U Boats were a new and untried weapon and when such a weapon can bring a mighty empire to the brink of defeat there is a story worth telling Edwyn Gray's *The U Boat War* is the history of the Kaiser's attempt to destroy the British Empire by a ruthless campaign of unrestricted submarine warfare It opens with Germany's first tentative experiments with the submarines and climaxes with the naval mutiny that helped bring down the Kaiser In between is a detailed account of a campaign of terror which by April 1917 had the British Empire on the verge of surrender The cost in lives and equipment was staggering On the German side 4 894 sailors and 515 officers lost their lives in action 178 German Submarines were destroyed by the allies 14 were scuttled and 122 surrendered According to the most reliable sources 5 708 ships were destroyed by the U Boats and 13 333 non combatants perished in British Ships World figures for civilian casualties were never released *The U Boat War* is a savage but thrilling account of men fighting for their lives beneath the sea and of the boats that changed the face of naval warfare      **The Killing Time** Edwyn A. Gray,1972      **The**

**A to Z of World War I** Ian V. Hogg,2009-09-28 One of the most devastating armed conflicts in history World War I completely transformed the social and political landscape of the world in four short years It also marked the appearance of the new modern lifestyle one that always contained the grim prospect of the possible recurrence of war Ian V Hogg's *The A to Z of World War I* provides a dual approach to the study of this historically significant event The dictionary has a broad reach containing brief biographies of commanders and diplomatic leaders as well as casualty statistics and descriptions of geographical locations Each entry gives a basic overview of crucial information It also includes maps and chronologies that provide a visual perspective on the breadth of World War I and how it truly encompassed and transformed the entire world Hogg's approach balances contemporary needs for contextualization with precise historical details that gives readers information to supplement their knowledge of the war Also included is a bibliography which allows the reader to access other sources of information for further details about World War I      **German Submarine Warfare in World War I** Lawrence

Sondhaus,2017-08-11 This compelling book explores Germany's campaign of unrestricted submarine warfare in World War I which marked the onset of total war at sea Noted historian Lawrence Sondhaus shows how the undersea campaign intended as an antidote to Britain's more conventional blockade of German ports ultimately brought the United States into the war Although the German people readily embraced the argument that an undersea blockade of Britain enforced by their navy's Unterseeboote U boats was the moral equivalent of the British navy's blockade of German ports international opinion never accepted its legitimacy Sondhaus explains that in their initial somewhat confused rollout of unrestricted submarine warfare in 1915 German leaders underestimated the extent to which the policy would alienate the most important neutral power the

United States In rationalizing the risk of resuming the unrestricted campaign in 1917 they took for granted that should the United States join the Allies German U boats would be able to stop the transport of an American army to France But by bringing the United States into the war while also failing to stop the deployment of its troops to Europe unrestricted submarine warfare ultimately led to Germany s defeat Because US manpower proved decisive in breaking the stalemate on the Western Front and securing victory for the Allies Sondhaus argues that Germany s decision to stake its fate on the U boat campaign ranks among the greatest blunders of modern history

### **The European Powers in the First World War**

Spencer C. Tucker,2013-12-16 Focuses on a great watershed event The First World War was one of the great watershed events of the 20th century not only costing millions of live but also disrupting existing social order precipitating dramatic changes in the methods of waging warfare and teaching victors new lessons about the treatment of vanquished foes Provides valuable perspective Now a new reference work helps to put this momentous historical milestone in perspective Designed as a companion to Garland s The United States in the First World War this new encyclopedia concentrates on non U S aspects of the conflict Its more than 600 alphabetically arranged detailed entries offer information and insights on such topics as the perceived and underlying causes of war diplomatic efforts to stop the slaughter the shortsighted and ultimately disastrous peace terms and a host of other subjects vital to a full understanding of the events The Encyclopedia covers all major campaigns and battles surveys weapons and devices of war and examines the roles played in the events by statesmen politicians religious and military leaders and prominent citizens Covers key participants and concerns Also included are biographies of individuals profoundly affected by the war who played major roles in history such as De Gaulle Hitler appraisals of military medicine infantry tactics the use of artillery naval blockades and other subjects and surveys of such diverse topics as art literature and music in the war camouflage censorship propaganda the creation of Yugoslavia the Jewish Legion codebreaking women in the war and much more Each entry is followed by a bibliography for pursuing inquires in depth and a subject index provides easy access

Naval History of World War I Paul G Halpern,2012-04-15 There have been a number of studies published on the activities of British and German navies during World War I but little on naval action in other arenas This book offers for the first time a balanced history of the naval war as a whole viewed from the perspective of all participants in all major theaters The author s earlier examination The Naval War in the Mediterranean 1914 1918 centered on submarine activities and allied efforts to counteract this new menace With this welcome sequel he again takes the reader beyond those World War I operations staged on the North Sea Halpern s clear and authoritative voice lends a cohesiveness to this encompassing view of the Italians and Austrians in the Adriatic the Russians Germans and Turks in the Baltic and Black Seas and French and British in the Mediterranean Important riverine engagements notably on the Danube also are included along with major colonial campaigns such as Mesopotamia and the Dardanelles The role of neutral sea powers such as the Swedes in the Baltic and the Dutch in the East Indies is examined from the perspective of how their

neutrality affected naval activity Also discussed is the part played by the U S Navy and the often overlooked but far from negligible role of the Japanese navy The latter is viewed in the context of the opening months of the war and in the Mediterranean during the height of the submarine crisis of 1917 *The Killing Time* Edwyn Gray,1972 This is the German side of submarines during WW1 What were the moral issues on both sides

**Anti-Submarine Warfare in World War I** John Abbatiello,2006-05-02 Investigating the employment of British aircraft against German submarines during the final years of the First World War this new book places anti submarine campaigns from the air in the wider history of the First World War The Royal Naval Air Service invested heavily in aircraft of all types aeroplanes seaplanes airships and kite balloons in order to counter the German U boats Under the Royal Air Force the air campaign against U boats continued uninterrupted Aircraft bombed German U boat bases in Flanders conducted area and hunting patrols around the coasts of Britain and escorted merchant convoys to safety Despite the fact that aircraft acting alone destroyed only one U boat during the war the overall contribution of naval aviation to foiling U boat attacks was significant Only five merchant vessels succumbed to submarine attack when convoyed by a combined air and surface escort during World War I This book examines aircraft and weapons technology aircrew training and the aircraft production issues that shaped this campaign Then a close examination of anti submarine operations bombing patrols and escort yields a significantly different judgment from existing interpretations of these operations This study is the first to take an objective look at the writing and publication of the naval and air official histories as they told the story of naval aviation during the Great War The author also examines the German view of aircraft effectiveness through German actions prisoner interrogations official histories and memoirs to provide a comparative judgment The conclusion closes with a brief narrative of post war air anti submarine developments and a summary of findings Overall the author concludes that despite the challenges of organization training and production the employment of aircraft against U boats was largely successful during the Great War This book will be of interest to historians of naval and air power history as well as students of World War I and military history in general

**Historical Dictionary of World War I** Ian V. Hogg,1998 Contains brief biographies of commanders and diplomatic leaders as well as casualty statistics and descriptions of geographical locations Each entry gives a basic overview of crucial information It also includes maps and chronologies that provide a visual perspective on the breadth of World War I and how it truly encompassed and transformed the entire world

**The Way We Were in San Diego** Richard W. Crawford,2011-10-25 San Diego known for its perfect weather naval ties and landmarks like the San Diego Zoo and Balboa Park has a history as incredible as its stunning shoreline In this collection of articles from his San Diego Union Tribune column The Way We Were Richard W Crawford recounts stories from the city s early history that once splashed across the headlines Read about Ruth Alexander s aviation feats the water pipeline carved from Humboldt County redwoods the jailbreak of a man facing ten years in San Quentin for cow theft a visit from escape artist Harry Houdini and the Purity League s closure of the Stingaree red light

district These stories highlight San Diego's progress from a humble frontier port to the stylish city it is today      **The German Submarine War 1914-1918** R.H. Gibson, Maurice Prendergast, 2002-11 This account of the U boat campaign in the World War I represents the official British history of the war against the German submarine attack on shipping From a few fragile craft the U boats grew to become the greatest menace to Britain's survival      *Modernism, History and the First World War* Trudi Tate, 2013-01-01 Drawing upon medical journals newspapers propaganda military histories and other writings of the day Modernism History and the First World War reads such writers as Woolf HD Ford Faulkner Kipling and Lawrence alongside fiction and memoirs of soldiers and nurses who served in the war This ground breaking blend of cultural history and close readings shows how modernism after 1914 emerges as a strange but important form of war writing and was profoundly engaged with its own troubled history      **Lost at Sea** Michael Goss, 2010-01-28 A mother pleads with her son not to sail on a certain steamer because she has dreamt three times in a row that the vessel will never reach its destination Modern day observers watch in awe as a ghost ship blazing from bow to stern dutifully reenacts a two hundred year old tragedy that the observers fathers and grandfathers also watched reenacted with the same sense of awe A crewman walks past a solitary figure seated in the ship's restaurant only to turn a moment later and find the restaurant empty A red glow appears in the darkness ahead of a modern warship and the faint outline of an old galleon her sails in tatters is seen approaching against the wind only to vanish a moment later before the startled eyes of observers Such strange events have been seen for centuries and continue to be reported even today by witnesses who are for the most part sober and responsible human beings In Lost at Sea folklore specialist Michael Goss and George Behe an expert on maritime disasters explore what lies behind these amazing narratives and enduring legends      **World War I** Spencer C. Tucker, 2014-10-28 Offering exhaustive coverage detailed analyses and the latest historical interpretations of events this expansive five volume encyclopedia is the most comprehensive and detailed reference source on the First World War available today One hundred years after the beginning of World War I in 1914 this conflict still stands as perhaps the most important event of the 20th century World War I toppled all of the existing empires at the time transformed the Middle East and vaulted the United States to becoming the world's leading economic power Its effects were profound and lasting and included outcomes that led to World War II This multivolume encyclopedia provides a wide ranging examination of World War I that covers all of the important battles key individuals both civilian and military weapons and technologies and diplomatic social political cultural military and economic developments Suitable as a reference tool for high school and undergraduate students as well as faculty members and graduate level researchers World War I The Definitive Encyclopedia and Document Collection offers accessible in depth information and up to date analyses in a format that lends itself to quick and easy use The set comprises alphabetically arranged cross referenced entries accompanied by further reading selections as well as a comprehensive bibliography A fifth volume provides chronologically arranged documents and an A Z index      [Term Paper Resource Guide](#)

to Twentieth-Century United States History Ron Blazek, Teri Maggio, Robert Muccigrosso, 1999-05-30 Students will write more effective term papers with this guide to 500 term paper ideas as well as a listing of appropriate print and nonprint sources on twentieth century U S history This guide presents entries on 100 of the most important events and developments in twentieth century U S history organized in chronological order Each entry consists of a short description of the event followed by five specific suggestions for term papers about the event and a wide ranging annotated bibliography of 15 35 books articles videos and a web site appropriate for student research In every case the emphasis is on recent and up to date material as well as landmark works and primary sources Every entry contains a video and concludes with a recommended web site producing a multimedia approach designed to appeal to the current information gathering habits and preferences of young people From the Spanish American War to the creation of NAFTA the 100 events and developments cover political social economic and cultural issues The work has been designed to meet the needs of the U S history curriculum Term paper topic ideas offer students thought provoking suggestions that are challenging and develop critical thinking skills The annotated bibliography is organized into reference sources general sources specialized sources biographical sources periodical articles recommended videos and World Wide Web sites All items are readily available in school public and academic library collections This unique guide is valuable not only to students but to teachers and librarians who guide students in research and is an excellent purchasing guide for librarians who serve student needs *Personal Perspectives*

Timothy C. Dowling, 2005-12-12 This captivating collection of first hand accounts brings to life the War to End All Wars *Personal Perspectives* World War I offers a unique and unprecedented view of the Great War through the experiences of its participants people of all ranks and races Focusing on 12 major groups essays by top international scholars put readers directly into the lives of victims of gas attacks women factory workers African American soldiers pacifists medical personnel and other groups both on the battlefield and home front Of interest to both students and nonexperts the work tells the stories of soldiers who suffered in the trenches U boat and anti U boat personnel German Americans in the United States and women activists like Florence Jaffrey Harriman Through the perspectives of commanders captives civilians and social workers readers will learn why British soldiers in the Netherlands were called maiden robbers how the YMCA set up huts to care for prisoners in POW camps and how efforts to entertain U S troops led to the the largest theatrical enterprise in history

Germany at War David T. Zabecki, 2014-10-28 Written by experts for use by nonexperts this monumental work probes Germany s Genius for War and the unmistakable pattern of tactical and operational innovation and excellence evident throughout the nation s military history Despite having the best military forces in the world some of the most advanced weapons available and unparalleled tactical proficiency Germany still lost both World Wars This landmark four volume encyclopedia explores how and why that happened at the same time examining Germany as a military power from the start of the Thirty Years War in 1618 to the present day Coverage includes the Federal Republic of Germany its predecessor states

and the kingdoms and principalities that combined to form Imperial Germany in 1871 The Seven Years War is discussed as are the Napoleonic Wars the Wars of German Unification including the Franco Prussian War World War I World War II and the Cold War In all more than 1 000 entries illuminate battles organizations leaders armies weapons and other aspects of war and military life The most comprehensive overview of German military history ever to appear in English this work will enable students and others interested in military history to better understand the sociopolitical history of Germany the complex role conflict has played in the nation throughout its history and why Germany continues to be an important player on the European continent
